EDITORIAL CORRESPONDENCE.

New York, Sept. 20, 1888.

This city is undoubtedly the great political as well as commercial centre of the North. The Democrats, as they call themselves, claim in the city a majority of fifty thousand. This vast majority is made up almost wholly of a floating population, coming from every part of the globe.

Another trouble the world has on hand, is the revolutionary doctrines of Frank Blair, in his letter which secured his nomination. The world attempts to explain matters and absolve the Democratic party from the views as expressed by Blair.

THE CHESTER COUNTY JOURNAL, published at Downingtown, heretofore a neutral paper, has hoisted the Grant and Colfax, Hartranft and Campbell flag, and is doing good service in the Republican cause.

THE IRISH PEOPLE newspaper, published in New York, has come out for Grant and Colfax. It is the Fenian organ. A Grant and Colfax club of Irishmen has been established in New York, and is said to be doing good work.

THE OPPOSITION papers, knowing General Campbell's strength and that he has been the most efficient Surveyor General the State has had for years, have undertaken to break him down in the confidence of the people.

Young Robert M. Douglas, son of the late "Little Giant," is making stirring speeches in North Carolina for the Republican cause and anti-slavery.

THE PEOPLE should not lose sight of the importance of keeping an experienced officer at the head of the Land Department.

IT IS STATED by a correspondent of the Cincinnati Gazette that a fund of \$30,000 has been raised in Louisville to import Democratic voters from Kentucky into Indiana.

IT HAS BEEN RESOLVED for the Republican party to pay the debts either contracted or caused by the Democratic leaders.

THE DEMOCRATS have been caught at their infamous naturalization frauds in Philadelphia, which were being consummated preparatory to the October election.

FAIR MEN of the Democratic party have borne testimony that connected drafts, copies of surveys, and all other official documents, obtained from the Surveyor General's Office, during the administration of Gen. Campbell, were made out with more exactness, care and promptness than heretofore.

LAND-HOLDERS and farmers, if you want patents for your lands made out with neatness and correctness, vote for Gen. Jacob M. Campbell, the present experienced and faithful Surveyor General.

MAKE A NOTE of it and vote accordingly, that the administration of Gen. Campbell has brought up the unfinished business of all his predecessors in the Land Office.

THE IRISH PEOPLE newspaper, published in New York, has come out for Grant and Colfax. It is the Fenian organ.

VOTERS, remember that the administration of the Land Office by Gen. Campbell has been a live one, characterized by a determination to serve the people.

OUR CONGRESSIONAL CANDIDATE—The Grant and Colfax Club of this place, addressed by Hon. John B. Packer, our Candidate for Congress, on Saturday evening last.

SPEECH OF HON. J. G. BLAINE.

At the Republican meeting held at Concert Hall, Philadelphia, on Wednesday evening, of last week, the Hon. James G. Blaine, of Maine, in discussing the tax question, said:

"Now, my friends, I hold in my hand a small memorandum book, and on one of its small pages, within the space of two square inches, I have set forth the various sources from which the entire amount of national revenue is derived. That amount, as I have ascertained, is \$170,000,000.

Well, next we come to the income tax. I suppose it must be in the hands of some man the evidence of such heart-rending oppression upon the poor and the laboring classes.

Well, next we come to the tax of twenty cents on the value of land owned by farmers above \$5,000 a year.

And that brings me to say a word about the taxation of Government bonds. I would here remark that various questions have sprung up in regard to our national debt.

question; it is the subject of taxation of which I am speaking, and I allude to the national banks only to show you that they pay to your Federal Treasury ten million dollars annually as taxation, and that they pay about as much more of local taxes in the various communities in which they do business.

I have thus hastily and somewhat crudely enumerated all the sources from which our internal revenue is derived.

It is understood that the Alabama delegation, not having received the official copy of the resolution of the Legislature, will not wait upon the President until to-morrow.

INDIANS ASSAULT A FORT.—In the early part of this month the Indians on the Upper Republican river made a sudden and desperate attack upon Fort Reynolds, commanded by Col. Forsythe with a small garrison.

IT IS SAID that Oliver Dalrymple, who is the largest farmer in the State of Minnesota, having 1,700 acres devoted to wheat, will have cleared \$100,000 from the last two harvests, which includes the one now being secured.

MR. W. H. FOSTER, living near Cannon City, in Itasca county, Minnesota, raised this year on thirty-five acres of new land over eleven hundred bushels of wheat, being an average of thirty-four bushels to the acre.

DEAR SIR.—In your paper of last week you give me your correspondence that Dr. Drake is not the originator of the celebrated PLANTATION BITTERS, and that they were manufactured and sold by Dr. Drake in the year 1842.

NEW ADVERTISEMENTS. GRAND OPENING of FALL AND WINTER Gentlemen's Furnishing Goods.

Having procured the services of the best workmen in the city, garments will be made up to order which cannot be excelled in any city in Pa., or quality of goods.

TREVORTON LOTS for Sale. THREE LOTS, in the town of Trevorton, Northumberland county, will be sold cheap.

Deplored State of Affairs in Texas.

WASHINGTON, Sept. 28.—An officer through army sources from an Adjutant at Marshall, Texas, says that the country in his neighborhood and that of Shreveport is overrun by robbers, that all the roads are entirely unsafe, except for considerable armed bodies, and that a free booter roams the country with over 100 men well mounted and armed.

The commanding officer at Sulphur Springs, Texas, a post garrisoned by a small company of the Twenty-sixth Infantry, had sent an express to General Hayden, commanding at Marshall, stating that if not reinforced the garrison, which was surrounded, would be slaughtered.
