HAVANA, Jan. 23.—During the performance of the migstrels at the Villa Nueva Theatre, last evening, there were seditious cries of "Viva Cespedas," and many of the audience commenced singing the revolutionary hymn. A formidable riot ensued, and the Spanish armed volunteers and the police fired upon the people, who returned the fire, and many were wounded on both sides.

The affair has created the most intense excitement. Sensible men of both parties regret the occurrence of this outbreak. In the affair, four persons were killed and many wounded. No business was done owing to the troubles last night, but the excitement is now quieting and no further disturbances are apprehended.

Dr. Johnston, Dr. Johnston,
Member of the Reyal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asteen, great nervousness, being natural at sudden sounds, boshfelness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

l'ake Particular Notice. Dr. J. addresses all these who have injured themselves y improper indulgence and soldary habits, which ruin only body and mind, unfitting them for either business. both body and mind, unfitting them for either business, study, somety or marriage.

Thisse are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Lambs, Pains in the Head, Dimmess of Sight, Lorss of Mascular Power, Palpitstion of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Panetions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects on the mind are much to be drepised—Loss of Mensury, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distruct, Love of Solitude, Timidity, &c. are some of the evils produced.

Thousants of persons of all ages can now judge what is the cause of their declining health, bosing their vigor, hecoming weak, pale, hervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

Young Men

Who have injured themselves by a certain practice indele-ed in when alone, a labit frequently learned from evi-companions, or at achool, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply mediately.

pects and enjoyments of life, by the consequence of devia-ting from the path of maure and including in a certain secret habit. Such screws sure, before contemplating Marriage. requested to a would man and hear are the most necessary requested to promote commissal happiness. Indeed without these, the journey through his becomes a weary pulgrim-age; the prespect hourly darkens to the view, the annu-becomes shadowed with despair and filled with the melan-

chaly reflection that the happiness of another becomes blighted with our own Discusse of Imprudence. When the misguided and impordent votary of pleasure finds that he has imbified the seeds of this painfol disease, it too often happens that an ill-timed sense of shame, or dread of descovery, deters numfrom applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased mose, noctural pains in the head and limbs, dimness of sight, deafness, modes on the shin boncs and arms, blotches on the head, fine and extremities, progressing with fraghtful tapidity, till at last the pulste of the mouth or the bones of the mass fall in, and the victim of this awful disease becomes a horrid object of commissions. mouth or the bones of the mass tan in, and the vicinital this awful disease becomes a horrid object of commission tion, till death puts a period to his diseasful soffering, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a metancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant

terrible disease, owing to the unskilling and victims to this pretenders, who, by the use of that "Deadly Poison, Mecuary," ruin the constitution and make the residue of life miserable. Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destinite of knowledge, name or character, who copy Dr Johnston's advertisements, or style themselves, in the newspapers, regularly Educated Payarcians, incapable of Caring, they keep you trifling month after month taking their fifthy and poisoning compounds, or as long as the smallest fee can be obtained, and in despart, leave you with ruined health to sigh over your gaining disappointment.

Dr. Johnston is the only Physician advertising.

His credential or diplomas always hong in his office.
His remidies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in this country and a more extensive "Private Practice" than any other Physician in the world.
