

WOMAN'S RIGHTS.—The names of the ladies at Cheyenne, Wyoming Territory, who have been the first in the history of the world to sit upon a jury, deserve to be put upon record.

A jury was summoned, whereof the better half were ladies, and after four days of deliberation upon a simple case of homicide, have actually returned a verdict to the astonished Court.

THE CONDITION OF TENNESSEE.—Such is the outburst existing in many parts of Tennessee that it is seriously contemplated in Congress to "reconstruct" the State.

THE NEW METROPOLITAN POLICE BILL came up in the Senate at Harrisburg on Tuesday last, and was passed to its third reading.

AN important railroad bill was introduced in the State Senate, entitled "An act to facilitate railroad communication great lakes in Canada."

THE HOUSE, passed a bill prohibiting the erection of any bridge across the Ohio River, in this State, with spans or arches of less than 500 feet span, or less 50 feet above low-water mark, under a penalty of \$5,000.

THE DAY GOODS MARKET.—A desperate fight has been going on between Stewart and Clifton, the kings of the New York dry goods market.

THE REPUBLICAN TRIUMPHANT IN NEW HAMPSHIRE.—The New Hampshire election having taken place, some of our Democratic contemporaries are, as usual, endeavoring to claim a victory.

In 1869, the Republican vote was 35,777; Democratic, 32,004. Republican majority, 3,773.

THE PENNSYLVANIA LEGISLATURE has now before it a bill which provides that any person contracting for the sale of milk and reducing the same with water, or in any way rendering it less valuable, shall be barred from any right to recover pay for the same.

THE NEW GRAIN DEPOT, on the west bank of the Schuylkill, Philadelphia, erected by the Pennsylvania Railroad Company, is at length completed, at a cost of \$400,000.

THE new Metropolitan Police bill came up in the Senate at Harrisburg on Tuesday last, and was passed to its third reading.

AN important railroad bill was introduced in the State Senate, entitled "An act to facilitate railroad communication great lakes in Canada."

THE HOUSE, passed a bill prohibiting the erection of any bridge across the Ohio River, in this State, with spans or arches of less than 500 feet span, or less 50 feet above low-water mark, under a penalty of \$5,000.

THE DAY GOODS MARKET.—A desperate fight has been going on between Stewart and Clifton, the kings of the New York dry goods market.

FUNDING BILL. It Passes the Senate. Secretary of the Treasury Authorized to Issue Four Hundred Millions Dollars of Registered Bonds.—They are Redeemable in Coin.

WASHINGTON, March 11.—The following is the funding bill as passed by the Senate: "That for the purpose of funding the debt of the United States, and reducing the interest thereon, the Secretary of the Treasury be and he is hereby authorized to issue, on the credit of the United States, coupons or registered bonds of such denominations, not less than fifty dollars, as he may think proper, to an amount not exceeding \$400,000,000, redeemable in coin, at the pleasure of the Government of the United States at any time after ten years from the date of their issue, and payable in coin at the rate of five per centum per annum, payable semi-annually in coin, and the bonds thus authorized may be disposed of at the discretion of the Secretary, under such regulations as he shall prescribe, either in the United States or elsewhere, at not less than par value for coin; or they may be exchanged for any of the outstanding bonds of an equal aggregate par value heretofore issued, and known as the five-twenty bonds, and for no more than the face value of such bonds, or so much thereof as may be disposed of for coin shall be placed in the Treasury, to be used for the redemption of such six per centum bonds at par as may not be offered in exchange, or to replace such amounts of coin as may have been used for that purpose."

HEARING THE OTHER SIDE.—General Sheridan has written to Washington, that the dispatch of Vincent Collyer in reference to the expedition against the Piegans was unjust to Colonel Baker, and that, so far as the wild Indians are concerned, the State should be satisfied with the result of the trial. The Arizona gold mines are just across the Colorado, from San Diego, between the Gila and Bill Williams branches. Our latest mails are to March 4. They say nothing of the gold discoveries there, that are reported to be attracting great numbers. The distance from San Diego is 450 miles direct.

AN enterprising New York merchant placed a large oyster basket full of silver coins in his show case, over which was placed the inscription, "specie payments resumed." Being struck the temptation to try to touch the capidity of the country, he stationed on the step a man in the costume of a Zouave, bearing a musket to guard the silver. It is doubtful which excited the most attention, the soldier or the silver.

SENATOR REVELS, of Mississippi, appropriately commenced his active Senatorial career with the presentation of a petition praying Congress to remove the political disabilities of the disfranchised people of his State. This does not look much like the beginning of the war of races, so dolefully foretold by Andrew Johnson.

GENERAL BROWDERIDGE did a brave thing in Louisville recently when he denounced the man who belonged to the Ke-Klux Klan as either a liar or a villain, and expressed his readiness to respond to a summons from the Sheriff as one of his posse to bring them to justice. If all the former leaders of the rebellion were as bold in denouncing political assassination we should have a better state of affairs in the South.

A bill is about being made on the State treasury by a lot of lawyers from the border counties, under pretenses of paying pensions in those counties for losses sustained through the rebels during the war. The millions of dollars.

A CASE OF DEATH OF 14 YEARS standing the result of Catarrh cured by the use of Dr. Sear's Catarrh Remedy. Levi Springer, Esq., of Durham's Corners, Williams Co., N.C., writes, dated January 4, 1870, that he has been using Dr. Sear's Catarrh Remedy, and says it has cured him of deafness of fourteen years standing. He says so dead that he could not hear a person talk when scolded by his wife, and can now hear the church bells ring two miles distant. It is sold by druggists, or sent by mail to Dr. R. V. Pierce, Buffalo, N. Y.

BOARD OF DIRECTORS, deposit legal tender notes with the Treasurer of the United States to the amount of its outstanding circulation, and take up the bonds pledged for its redemption, and provided further, that not more than one-third of the bonds deposited by any bank as such security shall be of either of the classes of bonds hereby authorized on which the maximum rate of interest is fixed at 4 1/2 or 5 per centum per annum.

SEC. 8. And be it further enacted, That the amount of circulating notes which any bank may receive from the Comptroller of the Currency under the provisions of section 21 of said act, may equal but not exceed fifty per centum of the par value of the bonds deposited, but shall not exceed in the aggregate the amount of such bank's bonds as may be entitled under said section.

HEARING THE OTHER SIDE.—General Sheridan has written to Washington, that the dispatch of Vincent Collyer in reference to the expedition against the Piegans was unjust to Colonel Baker, and that, so far as the wild Indians are concerned, the State should be satisfied with the result of the trial. The Arizona gold mines are just across the Colorado, from San Diego, between the Gila and Bill Williams branches. Our latest mails are to March 4. They say nothing of the gold discoveries there, that are reported to be attracting great numbers. The distance from San Diego is 450 miles direct.

OFFICE OF FISK & HATCH, BANKERS AND DEALERS IN GOVERNMENT SECURITIES. No. 5 NASSAU STREET, NEW YORK.

The remarkable success which attended our negotiations of the Loans of the Central Pacific Railroad Company and the Western Pacific Railroad Company, and the popularity and credit which these Loans have maintained in the markets, both in this country and Europe, have shown that the First Mortgage Bonds of wisely-located and honorably-managed Railroads are promptly recognized and readily taken as the most shrewd, safe, and advantageous form of investment, and that the same can be had in any amount hereafter desired from Government Bonds, and available to take their place.

Assured that, in the selection and negotiation of superior Railroad Loans, we are meeting a great public want, and rendering a valuable service to the holders of Capital and to the great National works of internal improvement, whose intrinsic merit and substantial character entitle them to the use of Capital and the confidence of investors—we now offer with special confidence and satisfaction.

FIRST MORTGAGE BONDS OF THE CHESAPEAKE AND OHIO RAILROAD CO. The Chesapeake and Ohio Railroad, connecting the Atlantic coast and the magnificent harbor of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Railroad system and water transportation of the great West and Southwest, forms the additional East and West Trans-Atlantic Line, so imperatively demanded for the accommodation of the immense and rapidly-growing transportation between the Atlantic seaboard and Europe on the one hand, and the great producing regions of the Ohio and Mississippi Valleys on the other.

The importance of this Road as a new outlet from the West to the sea magnifies it into one of national consequence, and insures to it an extensive trade from the day of its completion, while, in the development of the extensive agricultural and mineral resources of the Ohio and West Virginia, it possesses, along its own line, the elements of large and profitable local business.

Thus the great interests, both general and local, which demand the completion of the Chesapeake and Ohio Railroad to the Ohio River, afford the surest guarantee of its success and value, and render it the most important and substantial Railroad enterprise now in progress in the country.

Its superiority as an East and West route, and the promptness of its completion, have drawn to it the attention and cooperation of some of the most prominent and influential men of the City of New York, and of the great cities of the West, who, gathered with that of successful business men and of the highest standing in the West and Southwest, and with the energy, honorability, and successful management of the Road, is completed and in operation from Richmond to the celebrated White Sulphur Springs of West Virginia, 277 miles, and there remains but 200 miles (now partially constructed) to be completed, to carry it to the present terminus on the Ohio river at, or near, the mouth of the Big Sandy river, 170 miles above Cincinnati, and 230 miles below Pittsburgh.

It is now projected and in progress through Ohio and Kentucky to the point where it will connect the Chesapeake and Ohio with the entire Railroad systems of the West and Southwest, and with the Pacific Railroad.

TAKE NOTICE. H. A. SHIVE, MANUFACTURER OF AND DEALER IN ALL KINDS OF FURNITURE.

WOULD respectfully inform the public that he has on hand FURNITURE of all kinds at his new Shop, just erected at the Seven Points, in Lower Augusta Township.
