Recipes, &c.

[From the Germantown Telegraph.]

GIBLET SOUP.—The giblets must be well cleaned and singed, put them into some strong veal or gravy broth, with shallots very fine. Great care must be taken to keep the stock well-skimmed; when properly stewed, put in a wineglass of Maderia, salt, pepper, and mace, sifted fine, and a little lemon acid. When the rawness of the wine and lemon is gone so that no flavor predominates, pour it into a tureen and serve hot to table.

A SWISS SOUP.—Boil three pounds of potatoes, mash them well, and add slowly some good broth, sufficient for the tureen. Let these boil together, then add some spinach, a little parsley, lemon, thyme and sage all chopped fine. Boil altogether five minutes; pepper and salt to taste. Just before taking it off the fire to serve add two well beaten eggs.

BREAD MUFFINS.—Take four slices of baker's bread, and cut off all the crust. Lay them in a pan and pour boiling water over them, but barely enough to soak them well. Cover the bread, and after it has stood an hour, draw off the water, and stir the soaked bread till it is a smooth mass; then mix in two tablespoonfuls of sifted flour, and a half-pint of milk. Having beaten two eggs very light, stir them gradually into the mixture. Grease some muffin rings; set them on a hot griddle, and pour into each a portion of the mixture. Bake them brown; send them to table hot; pull them open with your fingers, and spread on butter. They will be found an excellent sort of muffin, very light and nice.

RESTORING WHITE FLANNEL.—To restore the original appearance of white flannel which has turned yellowish by lying for a long time or by wear, soak for an hour in a weak solution of bisulphite of soda, then add a little dilute muriatic acid, stir well and cover the vessel for twenty minutes. After this, take the flannel out, rinse in plenty of soft water, and dry in the sun. The flannel will be purely white.

SORE MOUTHS.—For sore mouths, either in human beings or animals, no application is equal to tannin, which should always be kept in the house for that purpose. A little of the powder, sprinkled on the inflamed or sore spots, will cure almost immediately.

TO REMOVE MOTES FROM THE EYE.—Take a horsehair and double it so as to leave a loop, and if the mote can be seen, place the loop as far in the eye as possible, then close the eye, and roll the ball round a few times, draw out the hair, and the mote will probably be found on it. Another and much simpler and easier way to remove motes from the eye, is the old-fashioned way—of drawing, with the fingers, the upper eye-lids as far as possible over the under lid, and then, while it is held, blowing the nose thoroughly. We never knew a person to try this for the first time without laughing at it; but yet it very rarely fails to remove ordinary motes and specks from the eye.

Humorous Sketches.

A DARKEY SWALLOWING A RAT.—A New Orleans householder, disturbed by an aged darkey who each day seated himself on his porch and went to sleep in the sun, with upturned head, open mouth and prodigious snore, concluded she would try an experiment. For this purpose she procured a small piece of ice and dropped it into the huge orifice that served as Sambo's mouth. It disappeared like a shot, and, with a cough and snort, Sambo started to his feet. "Ugh!" he cried, as the ice sent violent thrills through his stomach. "What dis?" and his fingers clutched nervously the afflicted parts.—Just then some one cried out in the house that a big rat had run down "Uncle Sam's" throat. This added terror to his pain. He rolled on the banquette and cried lustily for help. "For God, missus, he's gnawing out'n me. I feels him. Oh, golly, he's kill'n me," and the whites of the darkey's eyes protruded like saucers, and the convulsed and anguished face showed that real pain was strongly enhanced by his imaginary terror. "Oh, golly, how he do jump and kick about," and Sambo again gave himself up to a paroxysm of lamentation. "Drink warm water, Uncle Sam, and drown him," the lady suggested. Without a moment's hesitation Sam started for the water plug. He turned on the crank and the water started. Sam glued his lips to the nozzle until his sides were puffed out like an inflated balloon. "How do you feel now, Uncle Sam?" the lady inquired as Sam staggered back to his seat. "I guess he's drowned, missus; but here's what's troubling dis chile; how's dat rat gwine to get out'n dare?"

There is a good story of a well-known lawyer who was bothered by the importunities of two me-get-rid-o-ble indy canvassers for a new work. Finally, in order to get rid of them, he said: "Ladies, the partnership of which I am a member, has lately been so imprudent as to issue a new work of their own, which, in consequence of the enormous expense attending its illustrations, embellishments, &c., has completely crippled us." "Then, perhaps," replied the female canvass, "we could procure you some subscribers. What do you think of that?" "Well, we have a few left, but I guess I'll take one anyway, and call it a debt."

A [illegible] declined his [illegible] "Hats." On Sunday [illegible] On Monday [illegible] A [illegible] "Jemima," said a landlady to her help the other morning, "Johnnie was there no fire in the parlor last night when you went to make it?" "Yes, mum, I made a fine fire, but when I went down this morning there was no fire there." "Why, you must have been dreaming, Jemima." "No, mum, I don't think I was dreaming, for I dreamed I was Mary Darling."

One exceedingly warm day in June a merchant met an old negro, and remarked that it was very hot. "Yes," said Jim, "it is much hotter than I should say we were going to have it there." "What is that?" inquired the friend. "There's nothing to say," said Jim.

It is estimated that over one hundred young ladies are at present studying law in this country. Probably they will be admitted to the bar.

"Why is Adam's apple like a pocket?" asked a young lady of her companion. "Because it contains the vest." "Oh, you horrid thing, that was the very answer I was going to give myself!"

Medical.

BALTIMORE LOCK HOSPITAL.
ESTABLISHED AS A REFUGE FROM QUACKERY.

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSON has discovered the most Certain, Speedy and most Effectual Remedy in the World for all Private Diseases, Weakness of the Back or Limbs, Strictures, Affections of Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of Liver, Lungs, Stomach or Bowels—these terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

YOUNG MEN

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and full Vigor Restored.

This Distressing Affection—which renders Life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy off-spring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE WARRANTED IN TWO DAYS.
No Mercury or Nauseous Drugs.
DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduated from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Back and Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

THOUSANDS of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming, weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are mighty fell, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

What the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whence no traveler returns."

STRANGERS

Just cast your eyes, or health, in the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's advertisements, or state themselves in the newspapers, regularly Educated Physicians, Graduates of Useful, they keep you trifling months after month taking their nasty and poisonous compounds, or as long as the smallest fee can be obtained, and to despair, leave you with ruined health to sigh over your gulling disappointment.

Dr. Johnson is the only Physician advertising. All others are Quacks or Ignorant pretenders, who have failed in his terrible disease, owing to the unskillfulness or ignorant pretenders, who, by the use of that "Deadly Poison, Mercury," ruin the constitution and make the residue of life miserable.

Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling harr checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of loading the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

ADDRESS

TO THE

Nervous and Debilitated,

WHOSE SUFFERINGS HAVE BEEN PROTRACTED FROM HIDDEN CAUSES,

AND WHOSE CASES

REQUIRE

PROMPT TREATMENT

TO RENDER EXISTENCE DESIRABLE.

If you are suffering, or have suffered, from involuntary discharge, what effect does produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top? Or is it a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start and jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only ruin their constitutions, but also those they do business with and for.

How many men, from badly cured diseases, the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to—and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

DISEASES OF THESE ORGANS REQUIRE

THE USE OF

DIURETIC.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from the sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.
