DUTY AND IMPORTANCE OF VOTING.

The Democrats of this county are to be whipped into supporting Mr. Scott for President Judge, merely because a corrupt nomination was secured for him. No at-tempt is made to prove his fitness for the position. The only argument is "stick to the ticket." Rockefeller is a Republican

and therefore must be defeated. This is certainly a powerful argument to be used before an intelligent community. In polit-ical opinion Mr. Rockefeller is a Republican, but it does not happen that we are electing a Judge to dispense political opin-ions. We want a sound and efficient officer-one worthy to wear the mantle which has fallen from the shoulders of Judge Jordan. If Mr. Scott is such a man then we have no objection to the Democrats sticking to their ticket, but to vote for Scott merely for the sake of sticking to the ticket, knowing him to be deficient in qualification, is the most absurd doctrine ever propounded. The people of this district are not so reduced. Alexander Jordan was and is a Democrat. Throughout his entire life he has been identified with this party. Must we, therefore, as Republicans, condemn

his official course merely because he did not more heartily than do we, and none more sincerely regret that he declined to accept a renomination. We venture the assertion that, had he been nominated he would have
