### BALTIMORE LOCK HOSPITAL DR. JOHNSTON,

Physician of this celebrated Institution, has discovered the most certain, speedy, pleasant and effectual remedy in the world for all DISEASES OF IMPRUDENCE.

Weakness of the Back or Limbs, Strictures, Affections of Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dismess of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of Liver, Lungs, Stomach or Bowels—these terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their screet and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impos-

YOUNG MEN

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exaited talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to estacy the living lyre, may call with full considence.

ORGANIC WEAKNESS,
Impotency, Loss of Power, immediately Cured and full Vigor Restored.

This Distressing Affection—which renders Life miscrable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreatful consequeres that may ensue. Now, who that understands that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both hody and wind arise. The system becomes deranged, the Physical and Meutal Fanctions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

HOW THEY HAD HIM.

When I was young and tender too, I had to mind and had to do Whatever mother bade me; She used to have a walnut stick Which kept me on the double-quick, And that was where she had me.

When older grown, and quite a beau Among the girls, I used to know A Miss Priscilla Cadmy; And with the help of smiles and noda I fell in love at forty rods,
And there is where she had me. When I was older, say sixteen,

I thought it time to have a queen. And asked her if she'd wed me; She said she didn't much object Or words to something that effect, And there was where she had me. But when, to make the matter straight,

I went up to negotiate

Affairs with Colonel Cadmy,
He said he "didn't care to sell,"
He told me I night go to—well,
And that was where she had me. I drowned my sorrow in the cup Until I got my dander up, (I couldn't have been madder;) When she proposed that we be one In spite of pa—the thing was done, And that was where I had her.

Yesterday there arrived in this city by the Eric railway train a number of persons direct from the scenes of the great forest fires in Wisconsin and Michigan. There were nine in the party—James W. Hunter, Mrs. Sarah Hunter, Geo. Martine, of Flushing, L. L. Henry Porter, Samuel Hillman, Chas. Myers, of Freehold, N. J., Margaret M'Govern, Edward Walkacs and George Blakeslee, of this city. All were suffering from having inhaled the smoke, funces and ashes of the fire. In the rush and whirl the almost helpess Mr. and Mrs. Hunter were separated. Mrs. Hunter went down and came near being drowned. Minnie was lost and

drawned. By a swerving of the current they were washed on shore and at day-light found each other. There were many mourning and crying over the scene of desolution. On all sides as far as the eye could reach were smouldering fires. The village was a long waste of ashes; not a vestige remained. The very turf was caten away by the de-youring flames. The dreadful agony of those who had lost children and other relatives, as well as the awful anguish from burns, was beyond description. Have you dropped the dazzling rattles of business and pleasure to while an idle hour away, listening to the meeting to the meaning to the search larges. rung by angel hands from the sacred harps that hang forgotten upon the drooping willows of mortality? Or are you tusseling for the almighty dollar? Verily I say unto you, where the hen scratches there she expects to find a hor. expects to find a bug.

My drowsy hearers, we are a lot of das maged goods, trying to palm ourselves off upon each other for more than our market value ; and old firm of Time, Death & Co., is doing a heavy commission business upon our stock in trade. I hear the mallet of death, with its mechanical tap, tap, and solid "going, going," and the next minute down it will come upon some of our uncon-cious heads, and we shall be folded up like tents of the Arabs, and as silently borne away to the other side of Jordan, where the drygoods man refrains from troubling, and the grocer has nothing to say, and the weary hen ceases from scratching, and the precious bug is found. In the midst of life we are in debt, says a noble prophet, who was near kin to your beloved pastor. If any cy, R.\*

And woe unto you, young women, sensawing up the broad aisle with your new bonnet and streamers a flyin', for your fancy neckcloths, go on until you slip over a bale of cotton and are left to drift away over the brimstone sen of national disgrace a by-word and jest that you loved not wisely but too well. No, beloved, I warn you now, if you manifest symptoms of such cowardice as has been handed down to you from high places, the biggest pair of stogy boots in this congregation will rise up in judgment against you, and kick you out into the broad road that leads to everlasting ruin.

And finally, when you cut out the crust from your brown bread loaf and scrape the less; and as you steal out, as some of you Fox, R.; Rhirteenth, S. D. So mote it be. Brother Slowhest, circulate the platter for the root of evil, until it is all rooted out of this place. For verily I say unto you, the hen that scratches here expects to find a bug.

A United States official reports, under date of September 8, 1871, a series of outrages perpetrated in Chatham county, North Caroline, on Mrs. Catharine Forguson, her daughter, (Sarah Jane Ferguson,) three of her sons; and a young man named Eli Philips.
