From the Toledo Blade. Confedrit X Roads, (Wich is in the State of Kentucky,)

October, 14, 1871. I am in the sere and yaller leaf, and hey seen much of politics, but never in my life did I ever see a convension so beautifully managed ez the late Democratic Convenshun at Rochester, Noo York. I was there by speshel invitashun uv my old friend Dennis O'Shaughnessy, uv the sixth Ward, Noo York, who, since I left the Harp uv Erin Sloon, has improved wonderfully in a worldly pint of view. He was then a hodworldly pint of view. He was then a hod-carrier by profession, and a repeater by practice. He attracted the attention uv Mr. Tweed by his zeal in votin and his bravery in knockin down opposishen voters, and wus of course rewarded. He is now Assistant Inspecter uv Musket Triggers uv the Ninth Regimental Amory, at a salary of \$300 per poorth. Skool Justiceler in the of \$300 per month, Skool Inspecter in the Sixth ward, at a salary of \$400 per month, and Thirty-second Assistant Law Adviser to the commission for condemning private property, for streets and sich, at a salary uv three thousand dollars per year, besides which he hez a tenth interest in the contract for keepin the glass in repair of the two back winders uv two Armories, out uv which he made \$10,000 in the first six months. He wus to hev hed the contrack for the two front winders in addition, but the raid the peeple made on the Ring bust-ed that. He hez, however, invested largely in city lots, and wears kid gloves and a diamond ez a peachstone. Dennis said that of the infernal Amerikens and Germans kin be beat down and the control uv Noo York left with the Irish, where it belongs, he will be tolerably well off in a year or two.

Dennis bein uv consequence in the party wuz, uv course, in the private counsels uv the managers uv the State Convenshun. He and Tweed, Sweeny, Mayor Hall, Key-ser, Garwin, and the entire convocashen was at Rochester, though nobody knows it. They went in a spesiel private car, and hed private rooms at the Osborne House, with a private wire runnin directly to the hall into wich the Convenshun was held. It was the most impressive scene I ever witnesst; one wich these old eyes will probably never look into agin. Ther in an esy chair sot one man directin the deliberashuns uv a convenshun uv the grate Stait uv Noo Yorke—wun brane thinkin fur a thousand. He directed the Conwenshun to chere wen Seymour's nayme wuz announst ez a delegate, and thay cheered—he derected em to reject the Tammany delegashun from the city, and they wuz rejected—he directed em to do everything that wuz don and they did it.

"My great sir," sed I, in astonishment at the power he wielded, "why don't you go over to the hall and direct the Conwen-

"My gentle Sir," retorted he, with a bland smile, ez he dictated a message di-rectin uv the Convenshun to chere when the rejection of the Tammany delegates was announst, "my dear Sir, I am there! There's a hundred uv my throtes a shout-in this minit—there's a hundred uv my hats a zoin up to the selin this minit— there's two hundred uv my hands a clap-pin vociferously at this minit. Ther's a grate many of me in that hall." After the adjournment of the Conven-

shun for dinner, the Chereman uv the Committee on Resolutions came into the room to submit the resolooshuns they had prepaired, that thay mite be shoor thay wad meet Mr. Tweed's ideas. The grate man red em attentively and handed uv em "Thay won't du," sed he sententiously.

"In what respek are they falty?" asked the Cheerman, obsequously. "Woodent it be well enough," sed Tweed with a smile more bland than the first, Clock & Watch Repairer. "woodent it be well enuff to put in a reso-looshen denouncen currupshun, in general

turms of corse, specifyin partikelarly, however, the speshel currupshun uv the Nashnel Guverment, and that uv Staits witch is under Radikal cuntrol?" The sublimity uv sich a suggestion com-

in frum Tweed struck the Cheerman all uy

'Certainly I will, of you wish it," sed he, but I sposed—that is, my idea wuz-in a general way, yoo know, that the least sed about corrupshun, in view uv—well, I am jist now holding a place wich pays sumthin like ten thousand-but never mind

it shall be done."
"Then agin," sed Tweed, smilin still blander, and with the faintest sejestion uv a wink in his left eye, "I wood sejest that you pledge the Dimekratik party to a hunest and ekonomikal expenditur uv the funds ! The Chereman turned pale with surprise, but he coincided. Everybody coincides with Tweed.

"And, while you are at it," continued the grate Chieftian, "you had better put in a resolooshen denouncin the profligacy uv the management uv matters in Noo Yourk city, but makin it, mind you, ez the legitimate result of Radikal legislashun fore yeers ago. Draw up this resolooshen so as to make it plane that it's me yure a driven at, without exactly namin me." "Why, what shall we-

"Don't, go on, my friend," sed Tweed, smilin a smile which fur blandnis excelled the most delishus Joon mornin, "its much better to hev the corrupshen denounst by us than by the enemy, partikelerly ez w know more definitely about it. And I wood sejest that yoo hey a resolooshen, boldly challengen a comparison between the Republikin and Democratic administrations uv the Stait and city Governments, and there he smiled with a blandness wich was heavenly, ez he fingered a most gigantic diamond, on the little finger of his left hand and sipped a glass of champagne) any little thing wich you kin throw in az the necessity uv a return to the simplicity uv our Puritan fathers wood be well."

The Chereman was too affected to say a wurd, but he made the necessary notes, and eastin a look uv astonishment at the grateness uv his cheef, who sat there smilin blandly, retired from the presence.

But the grate man's work was not yet done. He promptly telegraft every promi-nent Dimekratic editor and politishum in the Stait to denounce him in the bitterest terms, and then tellin the Convention who to nominate and what else to do, went

There is a greatness and a grandeur in this man wich I can't sufficiently admire. Some men wood be so parted up with the possession my the twenty-five millions wich he hez made ez to insist upon an indorsement by the party through which he made it, but not so with Tweed. There ain't no vanity about him. So long og he hez the control by the party, he don't care a cent whether he is publicly recognized or not. Ez he refinarkt to me of the way to my condinuashun in power is in denunciashun uv me, very good, denounce me. I kin stand it. I nin't the first man who to get on, hez trumpled over the dead body of his reputation. I'd jest as soon pull the wires behind the curtain ex to manipulate the pupils in front uv it. I ain't again to let personal vanity stand in the way uv the grand success. I'm hoping for next year. I'm a rather heavy bad for the party to carry just now, and I'm going to receive the til after the Presidential election."

Thus I saw was motive was account.

Then I saw wat motive was appointed the American Napoleon, and I was agin too in Wester. Whenver the Remounts to mornings in he will simply be a shadder, sy wigh Toroid will be the substance. Twend will be the power behind the throne, with
