WE notice that nearly every town of any importance in the State, is contemplating the erection of a new and commodious hall for dramatical and other entertainments. Such an improvement is much needed in this town. An investment by some of our capitalists in such an enterprise would prove a banefit to the town as well as a high per centage on the money invested.

THE Northumberland County Agricultural Society has been regularly chartered by the Court, and is now an incorporated body. The constitution has been printed and is now ready for distribution. This institution is in a flourishing condition, and having been admirably mauaged by the present officers. The members are no doubt satisfied that Sunbury is an exellent location to make it a paying institution.

MEMBERS of religious bodies in this place and the county, are requested to furnish to us for publication any information concerning special services in their respective churches-also, marriages, deaths, or anything occurring within the limits of their parishes or charges of interest to the public. Favors of this kind are very acceptable, and we will make due returns as we may have opportunity.

THE CITY HOTEL.—This beautiful structure is low in full operation as a public house under the nanagement of its enterprising projector and owner, Mr. Edward T. Drumbeller, as Landlord. Mr. Drumbeller came to this place about the time of the commencement of the war, from one of the Mahanoys, with nothing to recommend him as a Landlord, coming as he did from a country district, except honesty, untiling industry on the part of bimself and lady, frugality, a good character, good nature, and a good beart. Commencing business in a back part of the town, in what is now known as the Susquehanna House, and qualified as mentioned, Mr. Drumbeller was eminently successful, and rose rapidly from comparative want to sufficient means to purchase his present location, which was at that time, and until lately, occupied by the Weaver Hotel. Soon after the purchase of that establishment, Mr. Drumbeller designed the erection of the present structure, but delayed it for certain reasons, until March last, when it was commenced, and was completed about the middle of December of the same year. In point of external beauty, it is probably not equalled by any public edifice outside of Philadelphia or New York-certainly not excelled. The internal arrangement is wholly calculated for the comfort of his guests, and the convenience of business. SURGICAL OPERATIONS. - We witnessed on Sunday last, a surgical operation on the eye of Mr. Alex. Birtch, of Freeburg, Snyder county, performed by Dr. Up De Graff, of this place. The operation was the cutting the cornea with a knife, and removing part of the iris to create an artificial pupil. THE borough council, at a late meeting passed a resolution asking the Legislature to repeal so much of the Steam Ferry act, as divested the borough of its title to the Ferry, and confer it upon an individual without compensation. Hoofland's German Bitters.

A Bitters without Alcohol or Spirits of any kind. Is different from all others. It is composed of ne pure Juices, or VITAL PRINCIPLE OF ROOTS, HERBS and BARKS, (or as medicinally termed Extracts, the worthless or hieri portions of the in-gredients not being used. Therefore in one bot-tic of this Bitters there is contained as much mo-dical virtue as will be found in several gallons of ordinary mixtures. The Roots, &c., used in this Bitters are grown in Germany, their vital princi-ples extracted in that country by a scientific Cho-mist, and forwarded to the manufactory in this city, where they are compounded and bottled. Containing no spir tuous ingredients, this Bitters is free from the objections leged against all eathers: No desire for stimulants can be indiced from their use; they cannot make drunkards, and cannot, under any circumstances, have any but a beneficial effect.

HOOFLAND'S GERMAN TONIC. Was compounded for those not inclined to ex-treme bitters, and is intended for use in cases when some alcoholic stimulant is required in cowition with the tonic properties of the Bitters, uch bottle of the Tonic contains one bottle of e Bitters, combined with puree SANTA CRUZ RUM, and flavored in such a manner that the ex-treme bitterness of the batters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal vir-tues of the Bitters. The price of the Toule is \$1. 50 per Bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a purmore and have a good article? A medicinal pre-paration should contain none but the best ingre-dients; and they who expect to obtain a cheap

I take great pleasure in recommending "Hoof-and's German Tonic" to any one who may be efflicted with Dyspepsia. I had the Dyspepsia so badly it was impossible to keep any feed on

my stomach, and I became so weak as not to be

able to walk half a mile. Two bottles effected a perfect care. JAMES M. WOOD. REMEMBER

It is not necessary to take a handful of these Pills to produce the desired effect; two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels of all impurities. The incipal ingredient is Podophylliu, or the Alco-die Extract of Mandrake, which is by many times more powerful, acting and searching than the Mandrake Itself. Its peculiar action is upon the Liver, cleaning it speedly from all obstruc-tions, with all the power of Mercury, yet free from the injurious results attached to the use of that mineral.

For all diseases, in which the use of a cathartle is indicated, these pails will give entire satisfaction in every case. They never fail. In cases of Liver Complaint, Dyspensia and ex-treme costiveness, Dr. Hoefland's German Bit-ters or Tonic should be used in connection with the Pills. The tonic effect of the Bitters or To-nic builds up the system. The bitters or Tonic purifies the Blood, succepthens the Nerves, regulates the Liver, and gives strength, energy and

Keep your Bowels active with the Pills, and tone up the system with Bitters or Tonic, and no disease can retain the hold, or even assail you.

Recollect that it is DR. HOOFLAND'S GER-MAN Remedies that are so universaily used and highly recommended; and do not allow the Druggist to induce you to take anything che that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by Express to any locality, upon application to the PRINCIPAL OFFICE, at the GER-MAN MEDICINE STORE, GS1 ARCH ST., PHILADELPHIA.
