Or Sugar-Coated, Concentrated, Root and Horbal Juice, Anti-Bilious Granules. THE "LITTLE GIANT" CATHARTIC, or Multum in Parvo

The novelty of modern Medical, Chemical and Pharmaceutical Science. No use of any longer taking the large, repulsive and nauseous pilis, composed of cheap, crude, and bulky ingredients, when we can by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, scarcely larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each little Purgative Pellet represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for rale in the drug shops. From their wonderful cathartic power, in proportion to their size, people who have not tried them are apt to suppose that they are hareh or drastic in effect, but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized and modified, one by the others, as to produce a most search ling and thorough, yet gently and kindly operating cathartic.

Being entirely vegetable, no particular care is required while using them. They operate without disturbance to the constitution, det, or occupation. For Jaundice, Headache, Constitution, in the Shoulders, Tightness of the Chest, Bizziness, Sour Eructations of the Stomach, Bad taste in mouth, Rilious attacks, Pain in region of the Stomach, Bad taste in mouth, Rilious attacks, Pain in region of Kidneys, Internal Fover, Blonted feeling about Stomach, Rush of Blood to Hend, Right Colored Urine, Unsociability and Gloomy Forebodings, take Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of my Purgative Pellets over so great a variety of diseases, I wish to say that their netion upon the animal economy is universal, not a gland or tissue escaping their sanative impress. Age does not impair them: their sugar-cosing and being enclosed in glass bottles preserve their virtues unimpaired for any length of time, in any climate, so that they are always fresh and reliable, which is not the case with the pills found in the drug stores, put up in cheap wood or paste-board boxes. Recollect that for all diseases where a Laxative, Alterntive or Purgative is indicated, these little Pellets will give the most perfect satisfaction to all who use them.
