

THE last session of the Forty-Second Congress assembled on Monday next. The President's message will be delivered probably on the same day, and Congress will be engaged during the balance of the session in acting upon the recommendations of the President and the Cabinet reports.

It is the duty of every citizen of any district in Pennsylvania to take pride in themselves in their Congressional Representative, they will have in this district in the Hon. John B. Packer during his third term.

There are few men returned to Congress whose popularity at home is as great as Mr. Packer's, and his ability in Congress will no doubt, be acknowledged by a prominent position on the important Committee in that body where the interests of the State will have a champion to defend her rights for protection.

THE Centennial Exposition to be held in Philadelphia in 1876, is already exciting the standard citizens of the Quaker city, in devising the "ways and means" in order to raise the proposed ten millions of dollars for the purpose.

NOT MUCH CONCERNED AFTER ALL.—Our neighbor of the Gazette attempts to ridicule us in his last issue, and thinks that we are rather "enraptured" in our assertion that we endeavored to assist in bringing about a change in our county offices, and in asking the newly elected incumbents to discharge their duties in a manner satisfactory to their constituency, that we, with the rest of the Republican party, will feel compensated for the labor performed in bringing about the grand result which will relieve the people of burdens long resting upon them.

ALL ABOUT A DOG.—The Juniata Sentinel in Lack township lives a man named William. He has a dog named William. This son lived not far from the paternal home. About four weeks ago a number of hogs owned by the parent wandered into the immediate vicinity of William's house. A dog was put on the hogs and they chased away. The father, not liking to have his hogs received, concluded to remove the cause of their persecution by shooting the dog.

AS THE people of the State have by an overwhelmingly majority ratified the amendment making the State Treasurer elective by the people it will be the duty of the Legislature to appoint a day for a special election for a successor to the present incumbent whose term of office will expire on the first Monday in May next, unless they continue the present incumbent until the next election.

Brigadier-General Irwin McDowell has been appointed major-general in place of the late General Meade, and placed in command of the Department of the South-west, who has been removed to the Department of Dakota, relieving Major-General W. S. Hancock, who is placed in command of the Department of the Atlantic, with headquarters either in Philadelphia or New York.

FIRE IN THE COAL MINES.—We glean the following facts from the Lykens (upper Dauphin) Register, in regard to the fire in the Coal Mines at Big Lick Colliery of week before last:

The fact, as near as can be ascertained, we have from the best authority, as follows: On the evening mentioned, to save purchasing oil, trimmed and filled their lamps from a can of black lubricating oil that was standing at the foot of the slope, where a barrel containing this oil is kept for filling drift cars.

IR ever the citizens of any district in Pennsylvania had cause to pride themselves in their Congressional Representative, they will have in this district in the Hon. John B. Packer during his third term.

There are few men returned to Congress whose popularity at home is as great as Mr. Packer's, and his ability in Congress will no doubt, be acknowledged by a prominent position on the important Committee in that body where the interests of the State will have a champion to defend her rights for protection.

S. Hancock, who is placed in command of the Department of the Atlantic, with headquarters either in Philadelphia or New York.

Few persons who have not taken the pains to look up the records have any idea of the number of persons who receive pensions from the United States government, nor the vast amount annually disbursed in the payment of this noble national obligation to the "soldier, the widow and the orphan." The total number of pensioners now on the rolls is 232,220. The past year has witnessed the death of 9,104 who have heretofore drawn pensions. The number is, however, more than made up by the addition to the roll of many thousands, consisting of army invalids, soldiers' widows, and a large number of the soldiers of the war of 1812.

FATAL ACCIDENT.—The following facts of a fatal accident came too late for our last week's issue. On Saturday, the 16th inst., Wellington Danahy, of Kutztown, and Wm. Hummel, of Kutztown, were out gunning at the latter place. They espied a rabbit which Mr. Baum was endeavoring to shoot. Upon moving the gun in order to get a shot at it, Mr. Hummel fired in range when the gun was discharged and the entire contents of the barrel were hurled into the air.

NORTHUMBERLAND COUNTY COAL TRADE.—The continuation of the prevalence of the horse disease in our region has diminished our coal shipments considerable. The following collieries in the vicinity of Shamokin, are now idle from this cause: Trevorton, Cameron, Ben, Franklin, Luke, Fisher and Hickory Swamp, while several more where the disease is not so prevalent, will be compelled to stop in a few days.

MURDER IN POTTSVILLE.—John W. Schulze, a colored man, and a desperate character, has been committed to prison for the murder, on Tuesday, the 12th inst., of a woman in Pottsville, of the name of Alvina Saylor.

OUR IRON ORE.—The iron ore at this place has at length been pronounced as being of a superior quality, and that its quantity is very great. Different openings had been made in order to ascertain the proper course of the veins, but it was resumed more vigorously in due time.

THE American Commission to investigate the outrages on the Rio Grande have completed their report. It is very lengthy, and covers the whole ground. They estimate that the Americans in that limit have lost by Mexican raids \$30,000,000. They think that if they had extended their examinations to El Paso, the gross sum would have reached \$100,000,000.

REV. DR. WARREN RANDOLPH, of Philadelphia, read the following statement to the National Sunday school Convention at Cincinnati on Friday—Total number of officers of Sunday schools, 84,763; total number of Sunday school pupils, 642,594; total number of baptisms, 10,842.

PROVED.—Last Saturday night about 11 o'clock, a man named John Hill was drowned while crossing the Juniata in a boat, near the station of that river at the Susquehanna. Hill was under the influence of liquor at the time. The boat was found about a mile and a half below where he fell over board.

IT is stated that in consequence of the unsatisfactory character of the bill consolidating the internal revenue districts, a new bill will be introduced in Congress, providing for simplifying the mode of collecting the revenue and reducing the expenses thereof, by abolishing the offices of assessors and assistant assessors, their duties being transferred to the collectors and assistants.

WHAT is the matter? Not men only, but horses, cattle, swine, deer, domestic fowls, etc., are being attacked with all sorts of strange diseases. The deer, hares and pheasants are dying by hundreds near Bath, England, and post-mortem examinations develop the fact that the livers of the dead hares are full of worms, and that the deaths of the pheasants too are owing to the presence of parasites in their bodies.

IN Glad township, Warren county, no election was held on the 5th inst. The township contains about one hundred and fifty voters, giving a Democratic majority of about thirty. According to the report made to the State, the polls were closed and all hands went to the polls. The river was high and raining hard, and the voters were high and raining hard, and the voters were high and raining hard.

THE Pope.—It is asserted that the Pope, in an interview recently granted to a high political personage who happened to be in Rome, said: "It is frequently asked if I will leave Rome and the Vatican, and when I shall do so. My reply is very simple. I shall not leave the Vatican until the day comes when I can no longer by remaining there govern the Catholic world. Until now the powers which have remained faithful have accredited Ambassadors to me, in whom I can place entire confidence, and thanks to whom, my words are certain to reach the whole Catholic world. But when I am no longer able to do so, my words are faithfully transmitted to those who are ready to hear them, then it will become my duty to leave this city."

NEW YORK had a sad sight last week. Some three hundred Italians, who had been induced to take passage for Buenos Ayres, and had paid all their money for passage tickets, were landed at New York, without friends or knowledge of the language. The poor strangers were in great distress. Charitable people did what they could to mitigate their sufferings.

THE New York Commercial states that Horace Greeley is suffering under "a severe mental disorder which entirely unfit him for business and demands his perfect rest and seclusion."

UGH Mara, for shooting Alderman McManis, was sentenced to six years and nine months imprisonment, and to pay a fine of one thousand dollars.

A fire in Harrisburg, early Saturday morning, destroyed Layford's carpenter shops, Marsh & Hartman's tannery, and several stables. The loss is only \$8,000.

A CHICKEN epidemic is raging in some parts of this county and dressed chickens are plenty in market.

OXEN AND LABEY.—Oxen are now used by farmers to deliver larger beer, which is an invitation to take a horn.

THE Williamsport Bulletin says: There are in this city some fellows who are too lazy to work, too proud to beg, but mean enough to steal their neighbors chickens to keep from starving.

SAM Collier and Patrick McGuire fought a prize fight two miles above Little Rock, Ark., on Saturday. The fight lasted twenty minutes, during which seven rounds were fought. Collier was declared the winner because of a foul on the part of McGuire.

A FUND of nearly \$100,000, has been raised by the business men of Philadelphia, for the family of the late Gen. Meade.

BRENZELL & FORTENBERRY's colliery, at Big Mine Run, near Ashland, Pa., was destroyed by fire Wednesday. The fire is supposed to have been incendiary.

Hon. Miss M. Dimmock, formerly a member of Congress, died at Mauch Chunk yesterday.

Minister Washburne says he is not a candidate for office, and will return to France in a short time.

THE original counsel for Stokes, the assassin of Fisk, have all deserted him, and in his next trial he will be defended by new counsel.

FROM WASHINGTON. WASHINGTON, D. C., Nov. 26, 1872. Friend Willcox:—One week from to-day Congress will again be in session, and those of the members who left the city at the time of adjournment last June to be absent until the meeting in December, will very likely be somewhat surprised at the vast amount of work that has been performed, and the great improvement that has been made in the appearance of the Capital.

THE American Commission to investigate the outrages on the Rio Grande have completed their report. It is very lengthy, and covers the whole ground. They estimate that the Americans in that limit have lost by Mexican raids \$30,000,000. They think that if they had extended their examinations to El Paso, the gross sum would have reached \$100,000,000.

PROVED.—Last Saturday night about 11 o'clock, a man named John Hill was drowned while crossing the Juniata in a boat, near the station of that river at the Susquehanna. Hill was under the influence of liquor at the time. The boat was found about a mile and a half below where he fell over board.

formed the President of the object of their visit, which was the appointment of Mr. Truman as postmaster. The President informed the delegation that he considered himself bound by the civil service rules, which were approved by Congress, and that unless Mr. Fairman was incompetent, he did not see how he could avoid appointing him under those rules. In this case Mr. Fairman was not qualified, he would appoint Mr. Truman. It is very hard to see where the snub comes in. The President is only carrying out one of the measures of a Republican Congress, and no doubt he thinks of this what he has said of some others that the best way to kill a bad law is to faithfully execute it.

NEW YORK had a sad sight last week. CARD TO THE PUBLIC.

We beg leave to announce that while the local companies of Boston repeat the experience of local companies in Portland and Chicago, in only paying a percentage of their losses, in lieu of the face of their policies, which in Portland averaged possibly 20 per cent. of the amount insured, in Chicago not over about 10 per cent., and more fortunate in the fact that local companies in the latter named city possessed large assets. We can say to our customers that all our companies pay in full, dollar for dollar, in the last named city, showing the importance of having policies in companies doing a large, prudent and extended business, with assets sufficient to give the assured exactly what they profess, namely: undoubted security in great conflagrations—which experience shows small locals are unable to do.

We annex statement of assets of our different companies, with the outside amount they are liable for in Boston.

N. AMERICA, OF PHILADELPHIA. Assets over, \$3,500,000. Losses at Boston, 900,000.

FRANKLIN, OF PHILADELPHIA. Assets over, \$3,300,000. Losses at Boston, 450,000.

PENNSYLVANIA, OF PHILADELPHIA. Assets over, \$1,300,000. Losses at Boston, 300,000.

CONTINENTAL, NEW YORK. Assets over, \$2,000,000. Losses at Boston, 500,000.

HANOVER, NEW YORK. Assets over, \$975,000. Loss at Boston less than, 250,000.

MANHATTAN, NEW YORK. Assets over, \$430,000. Loss at Boston less than, 35,000.

HARTFORD, OF HARTFORD. Assets over, \$2,000,000. Loss at Boston less than, 600,000.

PHOENIX, OF HARTFORD. Assets over, \$1,500,000. Loss at Boston less than, 450,000.

IMPERIAL, LONDON. Assets over, \$10,000,000. Loss at Boston less than, 900,000.

NORTH BRITISH MERCHANTILE. Assets over, \$2,000,000. Loss at Boston less than, 700,000.

QUEEN INSURANCE CO. Assets over, \$10,000,000. Loss at Boston less than, 550,000.

LYCOMING, MUNCY. Assets over, \$6,000,000. Loss at Boston less than, 10,000.

FARMERS, YORK. Assets over, \$6,000,000. Loss at Boston less than, 5,000.

When you consider that these same companies paid nine millions at Chicago, it should recently convince you that their policies are cheaper at full price than those of any small company, guaranteeing no security, at even half price, and in a large conflagration only paying from 10 to 50 per cent. of your insurance. Thanking our many customers for their patronage we are, Yours truly, DEAR & SHIPMAN'S Agents, Sunbury—Office in Moore & Dissinger's Building, corner of 3d and Market.

W. C. PACKER, Attorney at Law, Sunbury, Pa. November 9, 1872—16.

WISHART'S PINE TREE TAR CORDIAL. NATURE'S GREAT REMEDY FOR THE THROAT AND LUNGS.

It is gratifying to us to inform the public that Dr. L. C. Wishart's Pine Tree Tar Cordial, for Throat and Lung Diseases, has gained an enviable reputation from the Atlantic to the Pacific coast, and from thence to some of the first families of Europe, not through the press alone, but by persons throughout the States actually benefited and cured at his office. While he publishes less, so say our reporters, he is unable to supply the demand. It gains and holds its reputation.

First. Not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, which causes irritation.

Second. It removes the cause of irritation (which produces cough) of the mucous membrane and bronchial tubes, assists the lungs to act and throw off the unhealthy secretions, and purifies the blood.

Third. It is free from squills, lobelia, ipecaca and opium, of which most throat and lung remedies are composed, which ally cough only, and disorganize the stomach. It has a soothing effect on the stomach, acts on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its invigorating and purifying effects it has gained a reputation which it must hold above all others in the market.

THE PINE TREE TAR CORDIAL, Great American Dyspepsia Pills AND WORM SUGAR DROPS

Being under my immediate direction, they shall not lose their curative qualities by the use of cheap and impure articles.

HENRY R. WISHART, Proprietor. FREE OF CHARGE.

Dr. L. C. Wishart's Office Parlors are open on Mondays, Tuesdays and Wednesdays from 9 A. M. to 5 P. M., for consultation by Dr. Wm. T. Magee. With him are associated two consulting physicians of acknowledged ability. Their opportunity is not offered by any institution in the city.

All letters must be addressed to L. C. WISHART, M. D., No. 32, N. SECOND ST., PHILADELPHIA.

November 16, 1872—6 mos.
