THE KING BARBER SHOP THE SHOP OF THE TOWN - and long has been ; ask history and she will tell you Men have grown old in our patronage— Bables on their mothers' breast

To bouncing boys at play: And youths by maidens fair caressed, To stalwart men with cares oppressed, And old men silver gray.

And among the bonored and lasting impres-sions of time, and the crush of revolutions in circumstances, we stand a living monumental memento of the ingenuity and perseverance ap-pertaining to the identity of progression, plying our vocation with the highest style of art and perfection, and assiring to achieve the highest perfection, and aspiring to achieve the highest reward of merit attainable in our humble capacity, and the sentiment of respect and approbation which the presence of superior appliances and establishment are always wont to inspire.

Always to please We shave with case-Cut and comb with taste the hair ; Shampoo the head with soothing care, And color the whiskers black or brown, To suit the people about the town. Then allow me politely request you to stop, And not go past nor from around our shop. To get shaved on the basis of ability—nor as some have done for our use of the ballot for prinsome have done for our use of the ballot for priu-ciple—sacred and right—nor under the common secret and invidious guise of enmity to complex-ion; for the cut of a man's coat, or the color of his skin, ought not to affect his usefulness nor his qualifications. A fair chance is all that we demand, to give the proof to all the land. JAMES W. WASHINGTON.

How to beautify the Complexion. If there is one wish dearer than another to the heart of woman, it is the desire to be beautiful. The wonderful reputation of Gro. W. Lamb's "BLOOM OF YOUTH" is very justly deserved. For improving and beautifying the skin, it is undoubtedly the best tollet preparation in the world; it is composed of entirely harmiess materials, and while the immediate effects are to render the skin a beautiful creamy white, it will, after a few applications, make it soft, smooth

Materia Mellea.

It is specially adopted to constitutions "worn down" and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gothering impurities from sluggishnes and imperfect action of the secretive organs, and is manifested by Tumors, Eruptions, Blotches, Boils, Pestules, Scrofins, uja, &c.
When weary and languid from overwork, and

duliness, drowziness and inetia take the place of energy and vigor, the system needs a Tonic to build it up and help the Vital Forces to regain their recuperative power;
In the heat of Summer, frequently the Liver and Spleen do not properly perform their functions; the Uterine and Urinary Organs are inactive, producing weakness of the atomach and intestines and a predisposition to bilious derangement.
