MEETING OF THE STATE CENTRAL COMMITTEE.

The members of the Republican State Central Committee met on Wednesday last, and were called to order by their chairman, Russell Ercitt, who briefly stated the object of the meeting, which was merely for formal organization.

General Bingham, of Philadelphia, was re-elected treasurer, and four secretaries were chosen.

The headquarters of the Committee will be in Philadelphia.

The feeling throughout the State, and the organization in the several counties were never better, and shows that we are destined this year to win a grand victory as attended our labors last year.

The editor of the Democrat thinks Capt. Caldwell "a gallant man to charge the orphan department of the county."

When a number of soldiers who became infuriated by the Democrat's course against the government, about ten years ago, made a charge upon the Democrat office for the purpose of demolishing it, Capt. Caldwell proved himself gallant in protecting the establishment from destruction, and received the thanks of the Democrat. As Captain Caldwell's qualifications are generally good, it is already conceded that he is the proper man for the position of Register & Recorder, in which he will still further prove his gallantry in preventing the members of Eichholtz's Court House Ring from doing any further damage to the taxpayers of the county.

Since the act is repealed allowing a premium on Skunk scalps, our neighbor of the Democrat is displaying a great deal of sympathy for his pets. As the taxpayers are relieved from paying \$1200 or \$1500 annually, they can easily understand our neighbor's wailing. Nor can they blame him if he did get some of the proceeds from the revenue of the scalp trade while the Ring was giving out the contracts. The fact is we never could understand why our neighbor was traveling through the neighboring counties of Bradford, Sullivan, Lycoming, Montour, Snyder, Union and Schuylkill, until now.

It is a singular fact that nearly every Democratic County Convention held this year a general contention and row is the result. Even the State Convention was one of the most harmonious. There appears to be a general mania for this kind of pastime in their deliberations. Whether it is the result of the scarp trade while the Ring was giving out the contracts. The fact is we never could understand why our neighbor was traveling through the neighboring counties of Bradford, Sullivan, Lycoming, Montour, Snyder, Union and Schuylkill, until now.

OUR CONGRESSMAN.

Whenever the Hon. J. B. Packer, the Congressman from this District becomes known, he is sure to make friends who appreciate his worth. The Republican Convention of Juniata county, held on the 25th ult., passed the following resolution unanimously: "That we sincerely regret that by the late Congressional appointment of the State, the Hon. John B. Packer, of Northumberland, has been allotted to a district in which Juniata had placed him having voted for him as member of Congress, for the approaching session, we claim him as our representative until the close of the next Congress on March 4, 1875, and re-affirm, and re-express our unbounded confidence in him, knowing his hearty Republican sympathies and his devotion to his constituents in the past."

EICHHOLTZ, of the Democrat, has materially changed his opinion of the people of the Coal region of late. As long as the Ring was kept up by the voters in that region, two much praise could not be heaped upon them by our neighbor. Now he says "the people of the Coal region do little thinking for themselves." Our neighbor imagines that he has been doing the thinking for them. We rather guess the people of that region are able to do their own thinking.

It appears that we were erroneously informed last week as to the cost of Mr. Ammerman's nomination in Montour county. We see by the Danville papers that the amount was but \$230, and a grand dinner.

So far as we know the general sentiment in this Senatorial District is that Col. John Caldwell should receive the nomination for State Senate. All feel that they can trust him fully and that he will make a worthy member of the upper house of our State Legislature. His qualifications are undisputed, and we feel that the conference which soon assemble will be consulting the wishes of the people of the district by putting Col. Caldwell in nomination. Should he be nominated there will be no doubt about his election.

The Premium List of the Northumberland County Agricultural Society Fair, to be held at Turbutville on Wednesday Thursday and Friday, October 1st, 2d, and 3d, is already on file, and will be offered very liberal, and the exhibitors promises to be a grand success. We extract the following from the regulations: Joseph Bird, President; John Farland, Vice President; G. W. Armstrong, Treasurer; S. R. Rea, Corresponding Secretary; C. A. Kettler, Librarian; F. W. Smith Reed, Agricultural Chemist; Jno. Hang, Geologist.

The books of Entries will be open on and after the 1st day of September, at the office of the Assistant President, in Turbutville, and continue open until the morning of the 3d day, when the doors will be closed. Exhibitors can enter goods without extra charge, upon the purchase of a One Dollar Ticket, which will admit the Exhibitor and articles to be exhibited during the continuance of the Fair. These regulations apply to all entries except where of special kind, in which ten per cent of the whole premium will be charged. All persons who exhibit horses, cattle, sheep or swine, should have them entered on the Secretary's books, as far as possible, the week previous to the Fair.

Col. D. Taggart will deliver the Address before the Society, on Friday, the last day of the Fair, at 10 A. M.

Excursion Tickets will be issued by all the Railroads.

DEMOCRATIC STATE CONVENTION.

NOMINATIONS AND THE PLATFORM—THE OHIO RESOLUTIONS ENDORSED.—The Democracy of Pennsylvania assembled in State Convention at Wilksboro on Wednesday last week, and after a stormy time elected an organization, nominations for Judge of the Supreme Court were made. James R. Ludlow, James G. Thompson, J. O. Wright, Wm. Elwell, H. P. Bunker, and W. P. Ryon, of Schuylkill, were put in nomination and the second ballot resulted in favor of Hutchison, and he was declared the nominee.

The Convention then took a recess to await the action of the Committee on platform.

THE PLATFORM.—The Convention reassembled at eight o'clock and adopted a series of resolutions, pronounced as follows:

Resolved, That the Democratic party of Pennsylvania, believing that the platform of the late Democratic State Convention of Ohio is sound in principle, do hereby resolve. [Here follow the resolutions adopted by the Ohio Democratic State Convention of August 6, with the exception that in the first resolution of the Ohio platform the following words are omitted: "It insists that our tariff law should be formed with a view to revenue, and not for the benefit of particular industries."] The following additional resolution was also adopted: That we will no longer tamely submit to a repetition of election frauds, by which the will of the people expressed at the ballot-box has been subverted for some years past, and that the Democratic State Central Committee be directed to use all their efforts to prevent a repetition of these frauds, by the franchise of the people, and if, in spite of their efforts to secure an honest election, the popular will is again fraudulently overborne, to adopt such measures as will result in certain vindication of the rights of the legal voters of this Commonwealth.

LARGE numbers of workmen are being suspended by the different railroads of the State, and the policy is creating much alarm among the men engaged on the several lines. In Altoona and Pittsburg, hundreds of men are now out of employment, in Erie the same state of affairs prevails, and in the counties of the Northern and the Philadelphia and Lehigh mountains; the Lebanon Valley, and the lateral roads generally, employees are being suspended, and in many cases probably will be discharged for the winter. In other States the same suspension is also being enforced by the franchise of the people, and if, in spite of their efforts to secure an honest election, the popular will is again fraudulently overborne, to adopt such measures as will result in certain vindication of the rights of the legal voters of this Commonwealth.

"BEAT HICKMAN," who was for many years living sumptuously at Washington city by begging, died in the hospital from the effects of paralysis on the 2d inst. He managed to live on long loans, dressed well, moved in the best society, all at the expense of others.

As the editor of the Democrat is of the opinion that "the people of the Coal region do little thinking for themselves," it is presumed by Lemuel Shipman, that the friends of Mr. Gallagher, in the Coal region, will give him their support, more particularly for the reason that the whole Shipman family gave their united (negative) support to Mr. Gallagher, two years ago, when they went upon the principle that "no Irish need apply."

BALLOONING.

New York August 30.—The Daily Graphic this afternoon published the following facts regarding the coming aerial trip to Europe:

In all human probability the Daily Graphic trans-Atlantic balloon expedition will set sail from the Catapogue grounds, Brooklyn, on Wednesday afternoon, September 10th. The expedition is being organized in the most complete manner, and the precise time, as the weather may not be favorable, and as gas company will not be able to spare the 400,000 cubic feet of gas required, but it is hoped the ascension will not be later than the 10th.

The great air ship is well advanced towards completion, and the expedition is engaged in finishing the various apparatus. All parts will be completed and go together in a few days, when the balloon will be publicly exhibited on the Capitoline ground, commencing next Saturday, and continuing day and evening until the ascension, which will take place on Wednesday, September 10th. The expedition is being organized in the most complete manner, and the precise time, as the weather may not be favorable, and as gas company will not be able to spare the 400,000 cubic feet of gas required, but it is hoped the ascension will not be later than the 10th.

It is because Davis' Pain-Killer is what it claims to be a Believer in Pain. ITS MERITS ARE UNSURPASSABLE. If you are suffering from Internal Pain, Twenty to Thirty Drops in a Little Water will almost instantly cure you. There is nothing to equal it for Colic, Cramps, Spasms, Heart-Burn, Diarrhea, Dysentery, Flux, Wind in the Bowels, Sour Stomach, Dyspepsia, Sick Headache, &c. &c. In sections of the country where Fever and Ague prevails, there is no remedy held in greater esteem. Persons traveling should keep it by them. From foreign countries the calls for Pain-Killer are great. It is found to cure Cholera when all other Remedies fail. INDICATIONS lead to the belief that there will be a great Christian revival all over the country very soon. It is for the advancement of religion, and not merely for the benefit of the church, let it be hailed with gladness. Your mere revivals for church purposes, are hollow heathen affairs.

Jacob M. Jones, who killed Charles Williams, in Harrisburg, a few weeks ago, was tried for the crime, last week, and convicted of murder in the second degree.

There are only two papers in Pennsylvania that defend the Editor (Gibb) of the Harrisburg Patriot and the Wellsboro Democrat—both Democratic. The Patriot is the State organ of the party.
