This week the crop was dug, and the yield contained three hunsired and lifty-nine bu-hels. This is probably the largest yield on so small a space of ground ever had in this vicinity. If any of our farmer friends can beat it we will be glad to note it.

The action of the young men, (one of whom being an ex-official of this county,) was disgraceful, and it is to be regretted that men of standing in the community should so far forget themselves that their ejectment from a public place by the police

for misbehaviour was necessary. The police-
