gar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparaffeled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The en-riched and vitalized blood perriched and vitatized blood per-meates every part of the body, repairing damages and waste, searching out morbid secre-tions, and leaving nothing for

disease to feed upon. This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or ac-companied by debility or a low state of the system. Henderson, in Agriculturist. VALUE OF THE CROW .-- The very mild weather of December and early January in this part of the country has been providential to the crow. We have rarely seen so many in the winter season as there has been this year. Some of the fields were so thickly studded with their shining black bodies, that the imagination might almost liken them to pictures of terrible battle-

And we suppose some would almost as ad, and arriving at New York at 12.35, 3.50 soon hear tell of military enemies coming near them, as to have quartered on them a "field" of crows. At least this would have been the feeling a few years ago, though the prejudice against these birds is fast dying away. If we look at them at this season as they are industriously at work, we must see that they are of the utmost benefit. They eat largely of acorns when they can get them, after that they East Pennsylvania Railroad trains leave Read, when they can get them, after that they ing for Allentown, Easton and New York at visit the old cornfields and make free with 7.30 and 10.35 a. m., and 4.00 p. m.
