## Nature's Great Remedy THROAT AND LUNG DISEASES!!

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. Tar even in its crude state has been recommended by eminem physicians of every whoo! It is confidently effered to the afflicted for the following simple reasons:

1. It cumm, mot by abruptly stapping the cough—but by dissolving the phlegin and assisting nature to throw off the unbealthy matter causing the irritation. In cases of seated consumernon it both prolongs and renders less burdensome the life of the afflicted sufferer.

2. Its healing principle acts upon the irritated murface of the lungs, penetrating to each diseased part, relieving pain, and subdiving inflamentation.

3. IT PURITIES AND EXPLICITES THE BLOOD, Positively curing all humors, from the common mapping or anurrion to the severest cases of Scrofula.
