The following which has a local interest, we copy from "The Insurance World," a new publication just started in Philadelphia:

A MODEL INSURANCE POLICY. Some years since there was exhibited in Upper Merioneth and Edred townships, in Schuylkill county, and in Upper Mahanoy township Northumberland county, Penna., a fire insurance company, known as the Mahanoy Valley. It was never chartered, and its manner of doing business, and its by-laws are peculiar in the extreme.

It will insure by their policy of insurance, viz:—the dwelling house, \$400; household furniture, \$200; provisions, \$100; potato, \$100; the barn, \$475; here there is, \$200; grain and straw and hay, \$200; goods, freight, mill, carriage, \$175; and horses, \$200; horn cattle, hogs, stable and corn and crop, \$200.

This is signed by the President and Secretary. The following sections from the by-laws are unique: All members of this insurance will insure themselves to insure and to be insured in two-thirds as assessed or valued by the agent of this insurance, and make himself liable to pay the sum whatsoever the assessment would amount to in any loss or damage is caused by fire, and the assessment within thirty days, and that stay of execution or before all other demands to the collector of this insurance, and he and the treasurer must pay it mutually to those who suffered the loss by fire in his stock. The balance not burned he must keep, and the damage on cash must be preserved.

Sec. 4. The insurance holder hereafter to take the course of the laws of Pennsylvania, to sue and to be sued, to try and to be tried, to get her interference right before a justice of the peace or in any court of Record of Pennsylvania. This power of right is to be conducted by the president and secretary of this insurance.

The officers to be elected according to the Pennsylvania election laws, and the officers appointed to serve until a ballot of two-thirds of the members try for an alteration, are named. As a curiosity the above is entitled to a place beside the new forms of the National Board.

It is smoking and tobacco chewing are vices, why should not the crusaders pray for the dealers? Now don't! What's the use of getting that notion into their heads? If they go for those who drink and smoke they'll have to enlist for a longer time than during their life-time, for about every person who don't drink, smoke, and those who don't do either, have some other habit equally as bad. The fact is, this thing of reform is such a big undertaking, and so general in its application, that about the only way to reach it is to appoint each one a committee of one, to take care of himself, or herself, and see that they do not indulge in excess in anything, either in eating, drinking, talking or reading.

THE SUNBURY Dramatic Association intend holding an entertainment in Garinger's Hall, on next Tuesday and Wednesday evenings, at the request of the Good Intent Fire Co. The pieces under preparation are "Old Parle Francis," "The Spirit of '76," and "My Neighbor's Wife." The fire company are badly in need of equipments. Property holders should therefore be interested in this entertainment as the proceeds are to be applied to equipping the company.

A NUMBER of pupils were transferred to the High School by a vote of the School Board, the action being based upon the merit of the parties. Master Francis Drumheller, aged 13 years, attended school in this place, for a number of months, without losing a day. Last fall he was promoted from the primary grade, and on Friday last was transferred to the grammar grade. John Dougherty, of the same school, lost no time during a term of nine months. Masters Eddie Deane, Geo. Hill, and Charles Boyer, were promoted to the grammar grade, after being in the secondary only one term.

THE FESTIVAL Committee of the Good Intent Fire Company intend devoting one of the evenings during their festival to a Centennial Tea. As this will be a social affair, certainly, we have no doubt it will be well patronized, and it should be as it will be for the benefit of good cause. The committee authorize us to say that all ladies who wish to take part in the tea party will please apply to any member of the committee, or to the secretary, Mr. J. M. FOLLMER, at his residence, No. 100 N. 2nd St., Sunbury, Pa., on Friday, May 15, 1874.

THE WATER PIPES have been laid along Shamokin street as far as Chestnut street, and in a few days will be extended as far as the county jail bridge. Quite a number are now preparing to take the water.

THE WORK on the Catholic church was resumed this week. Several months will be required yet to complete this noble structure. MISNO ACCIDENT.—On last Thursday a polish mill working at the Cameron colliery, had a mill joint dislocated by a fall of a rock. He was attended by Drs. Robbins and Weaver.

FIRE ON THE MOUNTAINS.—During the present week extensive fires have been raging on our mountains destroying large quantities of young timber, and frequently endangering the buildings at collieries. On last Sunday afternoon a fire broke out on the Big Mountain just above the borough line, supposed to have been the work of two boys, which for a while burned so furiously as to seriously endanger the houses of Isaac Walters, Jacob Hans and some others far while. To protect them from the sparks that were flying in every direction, wet carpets were spread on roofs and a large number of persons were compelled to fight the fire to its progress.

ON THURSDAY evening was required to save a double house at the Back Block which was surrounded by fire. On the same night a block of houses at the Monitor colliery was burned down, supposed to be the work of an incendiary.

FIRE AT WATSONTOWN.—On Monday last about 8 1/2 o'clock, a fire was discovered among the lumber piles of the Watsontown Lumber Co., at this place. The alarm was given and in a few minutes hundreds of our citizens were on the ground. The fire department was out on full force and worked heroically, as well as did many who are not connected with the organization. A smart gale of wind was blowing at the time, which fanned the flames, and carried the sparks a considerable distance. For a time the flames assumed a threatening aspect, and fearing that our hand engine and noble band of firemen were insufficient to conquer the devouring element, Mr. J. M. FOLLMER telegraphed to Williamsport, Lewisburg and Milton for assistance. All responded, and the fire organization of the former places held themselves in readiness for good service. By this time the fire was under control, and Williamsport and Lewisburg were so advised. The fire companies, with Chief Harkins at their head, worked bravely and did themselves much credit. Not being in town at the time of the fire we are unable to give the minute particulars. At the time five houses were on fire from the sparks, and every roof for four squares in the direction of the sparks, had one or more occupied.

Mr. W. Hawkins, of Lock Haven, and Mr. Samuel Caldwell of this place, deserve special mention for their extra efforts in helping to control the flames.

Mr. J. M. FOLLMER's residence, which stood comparatively close to the fire, and in danger, and his goods were in readiness to be removed, in case the house caught. By close watching and the roof being kept wet, it was saved.

About 100,000 feet of lumber and 20,000 shingles were burned, and the loss will probably reach from \$2,000 to \$4,000, fully insured.—Watsontown Record.

ONE night last week eight sheep were killed by dogs in Franklin township, Snyder county, and fifteen others were so badly bitten that most of them will die. They belonged to Simon Row.

A SCYTH of clothing was stolen from the store of Geo. Furman, on Saturday night last. The dexterous thief carried the goods off when the room was full of customers, and in the face of Mr. Furman, who thought he had purchased them from his salesmen. Mr. Furman has extensive preparations of recovering the goods as he thinks he knows the thief.

LAWYER'S FEES.—Bowing to a client, \$5; slaking hands with him, \$10; inquiring about his health, \$3; saying good bye, \$10.—Total for thirty seconds' laboring, \$45.—and then he goes a cheep of tobacco.

KILLED ON THE RAILROAD.—On Thursday afternoon last week, David Meyer, of Locustdale, lost his life by being run over and killed near Mt. Carmel. It was taking some stock in cattle cars from Shamokin of the N. C. R. R. to Mt. Carmel, and while shifting was being done near the latter place, he fell between two cars and was literally cut to pieces.

DEcoration.—"Manibus date laqueis." Mid the flower-wreath's tombs I stand, Bearing life's record in my hand. Curious in the eye of the beholder Sleeps the brave of the brave? Is it he who sank to rest With his colors round his breast? Friendship makes his tomb a shrine; Garlands veil it; ask not mine. One low grave, yon trees beneath, Bears no roses, woe no wreath; Yet no heart more high and warm Ever dared the battle-tomb. Never gleamed a prouder eye In the front of victory, Never foiled his firm tread On the field when hope lay dead. Than are heid within this tomb, Where the noblest grandeur lies; And no stone, with feigned distress, Mocks the sacred loneliness. Youth and beauty, countless will, Dreams that life could never fulfill, Here lie buried; here in peace Wrongs and woes have found release. Turning from my comrades' eyes, Kneeling where a woman lies, I strew life on the grave Of the bravest of the brave.

On Monday afternoon last, a pedler, named Lewis Levi, while in the act of jumping from his wagon, on Fourth street, slipped and fell, when the male started off, and ran over the feet of the child, who was on his face. When picked up he was insensible, but soon revived by the kind assistance rendered him by the ladies of the neighborhood.

RESOLUTIONS OF REPOSE.—At a special meeting of the Good Intent Fire Company of Sunbury, held on Friday evening last, for the purpose of consulting over the death of one of its members, Mr. Charles F. Fisher, the following resolutions were adopted: Whereas, It hath pleased Almighty God, in His wisdom, to call to his eternal rest our fellow citizen, Charles F. Fisher, who was endeared to us by ties of friendship and love, while submitting to the decree of Providence and bowing to the will of Him who doeth all things well, be it resolved, That we tender our heartfelt sympathy to his affliction, and in this their greatest sorrow, and that while they weep for the loss of their loved one we mourn the loss of a good and faithful member and brother; and be it resolved, That we drap our house and truck, and that the members wear the usual badge of mourning for the term of thirty days; and be it further resolved, That a copy of these resolutions be transmitted to the bereaved family, and that the papers of the town be requested to publish the same.

SEND OUT.—Wm. H. Miller, for some twenty years engaged in the boot and shoe business, has sold out his Excelsior Store, on Market Square, to Messrs Smith & Brother, who will keep up the usual assortment of boots and shoes, as formerly. Messrs Smith & Brother have had long experience in the business. They are young men of excellent character and full of enterprise. Their stock comprises the best quality found in the markets. They are well stocked with the latest fashions, and those desiring to make bargains should call as they will sell at retail and wholesale. Country merchants will save money by buying at wholesale prices, as they cannot buy cheaper in any city than here, nor have a better chance of selecting their stock.

LOCAL AFFAIRS.—A CHILD near Buckhorn, Columbia county, recently took a ride on a saw mill carriage. The result of the ride was a crushed and amputated leg.

The thermometer on Tuesday fell suddenly to a temperature that made fire and overcoats agreeable. The fruit buds, we are glad to say, had not been injured.

GRADING on the new railroad in Snyder county was commenced in the vicinity of Freeburg last week. The building of the bridge at Herndon will be commenced shortly by the Philadelphia & Reading road company.
