BALTIMORE LOCK HOSPITAL WM. A. SOBER, TH. JOHNSTON,

Physician of this celebrated Institution, has discovered the most certain, speedy, pleasant and effectual remedy in the world for all DISEASES OF IMPRUDENCE.

Weakness of the Back or Limbs, Strictures, Affections of Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confesion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Threat, Nose or Skin, Affections of Liver, Lungs, Stomech or Bowels—these terrible Disorders Stomach or Bowels—these terrible Disorders ATTORNEY AT LIAW AND arising from the Solitary Habits of Youth—those United States Commissioner. YOUNG MEN especially, who have become the victims of Soli-tary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might other-wise have entranced listening Senates with the thunders of eloquence or waked to ecstacy the living lyre, may call with full confidence.
MARRIAGE.

Married Persons or Young Men contemplating marriage, aware of Physical Weakness, (Loss of Procreative Power—Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved.

He who places himself under the care of Dr. J.

may religiously confide in his honor as a gentle-man, and confidently rely upon his skill as a Phy-ORGANIC WEAKNESS.

Impotency, Loss of Power, immediately Cured and full Vigor Restored.

This Distressing Affection—which renders Life niserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of the power is lest account by those following. the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption. Decay and Death.

Death.
A CURE WARRANTED IN TWO DAYS. Persons rulned in health by unlearned preten-ders who keep them trifling month after month, taking poisonous and injurious compounds, should apply immediately.

DR. JOHNSTON,
Member of the Royal College of Surgeons, London, Graduated from one of the most eminent
Colleges in the United States, and the greater part of whose ife has been spent in the hospitals of London, Pris, Philadelphia and elsewhere, that were ever known; many troubled with ring-ing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cure

TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or mar

riage. . Truss are some of the sad and melancholy THESE are some of the sad and inclancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Back and Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of Digestive Functions, General Debility, Symptoms of Con-

evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming, weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consump-

what a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST before contemplating MARKIAGE,

reflect that a sound mind and body are the most necessary requisites to promote connubial happi-ness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind become shadowed with despair and filled with the melan-choly reflection, that the happiness of another becomes blighted with our own.

A CERTAIN DISEASE. When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such a vice threat diseased none, noctural as ulcerated sore throat, diseased nose, noctural pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whence

It is a melancholy fact that thousands DIE victims to this terrible disease, through falling victims to this terrible disease, through falling into the hands of Ignorant or unskillful PRE-TENDERS, who, by the use of that deadly Poisson, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life Vigor and Happiness, in described to the property of the propert pair leave him with ruined Health to sigh over his galling disappointment.
