Medicul.

BALTIMORE LOCK HOSPITAL DR. JOHNSTON,

Physician of this celebrated Institution, has discovered the most certain, speedy, pleasant and

effectual remedy in the world for all DISEASES OF IMPRUDENCE. Weakness of the Back or Limbs, Strictures, Affections of Kidneys and Bladder, Involun-tary Discharges, Impotency, General Debili-ty, Nervousness, Dyspepsy, Languor, Low Spirits, Confesion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of Liver, Lungs, Stomach or Bowels—these terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impos-

YOUNG MEN especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to eestacy the

living lyre, may call with full confidence. MARRIAGE. Married Persons or Young Men contemplating marriage, aware of Physical Weakness, (Loss

marriage, aware of Physical Weakness, (Loss of Procreative Power—Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved.

and full Vigor Restored. This Distressing Affection-which renders Life miserable and marriage impossible-is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequeces that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent ? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption. A CURE WARRANTED IN TWO DAYS. Persons ruined in health by unlearned preten-ders who keep them triffing month after month, taking poisonous and injurious compounds, should apply immediately.

DR. JOHNSTON, Member of the Royal College of Surgeons, London, Graduated from one of the most eminent trict of Pennsylvania. Claims promptly collect-Col'eges in the United States, and the greater part of whose ife has been spent in the hospitals of London, Pris, Philadelphia and elsewhere. has effected some of the most astonishing cures that were ever known ; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured

TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.
These are some of the sad and melancholy

effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Back and Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of Digestive Functions, General Debility, Symptoms of Con-

MENTALLY-The fearful effects on the mind north of the Court House, near the jail, SUNare much to be dreaded-Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the German language.

THOUSANDS of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming, weak, pale, nervous and emaciated, having a singular appearance

asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the darling of his parents, should be

snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret nabit. Such persons MUST before contemplating MARRIAGE, reflect that a sound mind and body are the most

necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another comes blighted with our own. A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, noctural pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the painte of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whence

no traveller returns." It is a melancholy fact that thousands DIE victims to this terrible disease, through falling into the hands of Ignorant or unskillful PRE-TENDERS, who, by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life Vigor and Happiness, in despair leave him with ruined Health to sigh over

his galling disappointment.

To such, therefore, Dr. Jounston pledges himself to preserve the most Inviolable Secreey, and from his extensive practice and observations in the great Hospitals of Europe, and the first i this country, viz : England, France, Philadelphia and elsewhere, is enabled to offer the most cortain, speedy and effectual remedy in the world for all diseases of imprudence

BIRDS BY MY WINDOW.

Beseech ye, lend your carolling While I salute my darling. She's far from me, away, away, Across the hills, beyond the bay,

Brown wren from out whose swelling throat Unstinted joys of music float, Come lend to me thy own June note,

Sweet dove, thy tender, love-lorn coo Melts pensively the orchard through, Grant me thy gentle voice to woo,

And I shall win my darling. Lark, ever leal to dawn of day. Pause ere thou wingst thy skyward way-Pause, and bestow one quivering lay, One anthem for my darling.

Thoul't grant, I know, one little boon, One strain of thy most matchless tune, To solace my darling.

Bright choir, your peerless song shall stir

Oh, noiceless swallow, crown of spring, Lend us awhile thy swift curved wing ; Straight as an arrow thou shalt bring This greeting to my darling.

IN AN OLD GERMAN CASTLE.

The lateness of the European supper gives very little of what we call in America "an evening." The cozy after-tea call is not known here. The supper is regarded as part of the evening and if any one comes at all after dark, it is to stay to tea. At the castle it is often after eight o'clock before the doors of the large dining-hall are thrown open and "Esist angerichtet" is announced by the fine-looking dresscoated genius of the supper-room. The first course is tea and cake. The tea is made and poured at the sideboard by the youngest daughter of the house, and the servant brings the cups to the table. The rum or arrack decanter is indispensible to the teatable as the cream pitcher, for it is gener-PURE RIO COFFEE, TEA & SPICES, ally the custom to inspire the quiet, cup of fresh Bread, Buns & Cakes, every morning ten with a little of the spirits of the times, FANCY CAKES, BISCUITS, CRACKERS, &c. | so that in Germany it cannot be described as "the cup that cheers but not inebriates." After the tea is disposed of a large china milk-pan of sour milk appears.
