THE NEW IMPROVED

REMINGTON SEWING MACHINE AWARDED

AT VIENNA, 1873.

The Highest Order of "Medai" Awardel at the No Sewing Machine received a Higher Prize.

A Few Good Reasons:

1.-A new invention thoroughly tested and se ared by Letters Patent. -Makes a perfect Lock Stitch, alike on both ies, on all kinds of goods. -Runs light, smooth, noiseless and rapidbut combination of qualities.
4.—Durable—runs for years without repairs. .-Will do all varieties of work and fancy

stitching in a superior manner. 6.-Is most easily managed by the operator. Length of stitch may be altered while running, the appurtenances, consisting of a two story and machine cad be threaded without passing frame dwelling house and stable; as the properties frame dwelling house and stable house hous thread through holes. 7.—Design Simple, Ingenious, Elegant, formng the stitch without the use of cog wheel gears,

rotary cams or lever arms. Has the Automatic Orop Feed, which insures uniform length of stitch at any speed. Has our new thread confler, which allows easy movement of needler and prevents injury to thread. 8.—Construction most careful and finished. It
