

**Humorous Sketches.**

**FOX AND THE PICKPOCKETS.**—One day Edward Fox went with his brother, Charles James Fox, to witness the first balloon ascent made in England. There was a great crowd, and Fox detected a pickpocket attempting to relieve him of his watch. "My friend," said he, "you have chosen an occupation which will be your ruin at last. The thief burst into tears, and exclaimed, 'Oh, Mr. Fox, forgive me and let me go! I have been driven to this by necessity alone; my wife and children are starving!'" For compassionately gave him a guinea, and he went away with blessings on his lips. "Soon after Fox, wishing to know what time it was, found his watch missing. 'Good God!' he exclaimed, 'my watch is gone!' 'Yes,' answered his brother, 'I know it is; I saw your friend take it.' Saw him take it and made no attempt to stop him? 'Really,' said the brother, 'you are as good as dead in such good terms with each other that I did not like to interfere.'"

**WRITE LIGHTLY.**—An Indiana editor advises people against using a hard pencil, and goes on to tell why. His wife desired him to write a note to a lady, inviting her to meet a party of friends at her house. After "Hubby" had done as his wife desired, and started to post the note, she saw on another piece of paper an impression of what he had written. It was:

"Sweet Mattie: Effie desires your company on Wednesday to meet the Smiths. Don't fail to come; and, my darling, I shall have the happiness of a long walk home with you and a sweet goodnight kiss. I dare not see you often, or my all-consuming love would betray us both. But Mattie dear, don't fail to come."

**STONOR BLITZ** had a bright little fellow on the stand to assist him in the "experiments." "Sir," said the stonor, "do you think I could put the coins which lady holds into your coat pocket? 'No,' said the boy, confidently. "Think not, 'I know you couldn't," said the little fellow, with great firmness. "Why not?" "Cause the coins is all turn out."

An old farmer riding in a lumber wagon with his son, when passing over a rough place fell off, and coming into close contact with the wheel he cried out, "My neck is broke!" His son expressed some doubt as to the ease being quite so bad, the old man responded with some spirit, "Don't you s'pose I know?"

A small boy, telling how he came to be detected stealing apples in a grocery store, proceeded thus: "Well, I didn't care so much about being seen, but the clerk was cross-eyed, and I thought he was watching a dog fight across the street, but he was looking square onto me an' he helped me clean into the gutter."

"The fact is," said an elderly wife, "a man does not know how to straighten up things. He does not know where to commence. I don't wonder," she remarked in conclusion, "that when God made Adam he went right to work and made a woman to tell him what to do."

"It seems to me I have seen your physiognomy somewhere before," said a swell to a stranger whom he met the other day, "but I cannot imagine where." "Very likely," replied the other, "I have been the keeper of a prison for the last twenty years."

A NEW OILMAN darkly driving a cotton-flock, hearing the flapship firing a salute, screamed "Dear day is at it again, an' his war day was bed! Good Lord! Git up, 'n' an' an' away dashed makes, float, and darkey for the back of the town."

THE poet Longfellow in park, asked a French gentleman who happened to be present why he seemed so sad and unhappy at that moment. To which the latter replied, "My very much dissatisfied. Me just 'at my fader be dead."

"Will you take a kiss?" said a young man to his fiancée, as he passed the plate of confections which bore the tempting title. "No!" exclaimed the blushing fair one. "You're not we are out of the room."

"Do you think," asked Mrs. Pepper, "that a little temper is a bad thing in a woman?" "Certainly not, ma'am," replied a gallant philosopher, "it is a good thing, and she ought never to lose it."

A LITTLE French boy, asking a nurse who Good Friday was, received the withering reply: "Well, you go home and read your Robinson Crusoe."

"SAID a friend to a pale haggard snorer: 'You look as if you had got out of your grave to light your cigar, and couldn't find your way back again.'"

QUILT, who has heretofore been a Universalist, now believes there are two things destined to be eternally lost—his umbrella and the man who stole it.

We are told nothing was made in vain; but how about a pretty girl? Isn't she maiden vain?

**J. Youngman's Improved Slide Valve for Stationary and Locomotive Engines.**  
H A V I N G within the last few years completed the invention of a Steam Slide Valve designed for the purpose of removing the pressure from the valve as it exists at present, we will warrant our improved valve to give more power and economy than any other stationary engine. It is simple, cheap, effective and indisputable; and saves fuel and machinery. It moves its weight only, no alteration in any part of the machinery is required to apply it. The improved valve can be used on the ordinary "D" valve engine, and on half an hour.  
It is applicable to the mines where hoisting is done. With this valve the engine can be reversed without shutting off the steam, thus saving fuel and machinery. Our improved valve can be moved easily with one hand when surrounded by any amount of pressure.

**Dr. J. Walker's California Vinegar Bitters** are a purely Vegetable Preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted from them without the use of Alcohol. The question is almost daily asked, "What is the cause of the unpleasant effects of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient receives his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. **Grateful Thousands** praise WALKER'S BITTERS, the most wonderful Purgative and Tonic ever discovered. **No Person can take these Bitters** according to directions, and remain long unwell, provided their bones are not diseased. The Bitters will remove all mineral poisons and other troubles, and vital organs wasted beyond repair. **Bilious, Remittent, and Intermittent Fevers,** which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Florida, Alabama, Mobile, Sacramento, San Joaquin, James, and many others, with their tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S BITTERS, as they will speedily remove all the discolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

**Fortify the body against disease** by purifying all its fluids with WALKER'S BITTERS. No epidemic can take hold of a system thus fortified. **Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eruptions of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Mercerial Affections of the Heart, In**
