The fifth annual report of the Board of Commissioners of Public Charities of the State of Pennsylvania, to which is appended the report of the General Agent and Secretary, has been furnished us through the courtesy of the Board.

All those fond Democratic professions of reform were intended, like the lawyer's sword, to sell and not to save.

In Democratic Virginia a repudiation party is threatened for the next campaign, and among other disgraceful propositions enunciated, is one that the General Government, having conquered the State, is bound for its debts.

We learn from a Reading paper that Bishop Howe, Dr. Coppee and the Rev. W. B. Morrow, of Easton, met at that city a few days ago and matured plans for the establishment of a diocesan school for boys.

The public debt was reduced last month \$3,621,000. The receipts from internal revenue during the month were about half a million dollars larger than they were in March of last year.

The largest and most powerful locomotive on the Pennsylvania Railroad is the "Moses," which draws, with apparent ease one hundred empty cars from Columbia to Harrisburg—double the number averaged by the engines running between these points.

MICHIGAN ELECTIONS.—The election held in Michigan on Monday resulted in favor of the Republicans by a majority of some 15,000.

GENERAL NEWS ITEMS.—There were 270 deaths in Williamsport during the year 1874.

The boys and girls of Tyrone are wrestling with mumps, measles and scarlet fever.

Mrs. Catharine Shrenk, of Harrisburg, has a bible, printed at Frankfort-on-the-Main, in 1564—three hundred and eleven years ago.

A handkerchief of William Penn is to be on exhibition at the Centennial, and a curious correspondent desires to know if it is the original Penn wiper.

A convention of coffin makers is to meet in Philadelphia next June. It has probably been called in view of the low condition of Democracy.

Nine Hartford ministers, invited to unite a couple in marriage at one of the hotels in that city, assembled for the purpose April 7th day.

Telegraphic News.

PENNSYLVANIA.—EAST MAHANAY JUNCTION, April 5.—At noon to-day a large body of miners from Summit Hill collieries arrived in Tanamung and made a street demonstration.

The object of the display was to induce the men working at Colonel Calk's Philadelphia breaker to strike. The appearance of the strikers made considerable excitement in the town, and the Lehigh men were greeted in a loyal manner by the Schuylkill brethren.

Excitement and anxiety growing out of the great strike do not diminish, and the situation is as perilous and grave as it was a week ago.

Your correspondent had a long interview with James Mathias, an influential officer of the Miners' Benevolent Association in this county, to-day, and he emphatically denied the story that the men were losing courage.

His views are those of every miner with whom I have spoken. He says that the collieries have thrown down the gauntlet, and the men will defend their position even to the face of starvation.

I had several conversations with storekeepers this morning upon the question, and all stated that they do not mean to renege. It would be a ruinous policy for them, from the fact that the miners would never again patronize them.

The scarcity of coal at the seaboard inspires them with hope that the operators will be compelled to come to terms within this month.

Four hundred miners paraded the streets to-day at Tanamung. They went to the mines located near this town and found that the men had all quit work.

Inquiries made as to the truth of rumors in circulation that the colliery at Gilberton, where the demands of the miners were acceded to by paying the 1874 basis, and the only mine which our furnaces here depending on for supplies, had ceased working, show the rumors to be unfounded.

Patrick Rourke died at Heckscher's to-day from the effects of a premature discharge of a cannon while firing a salute for the parade last week, the rammer fracturing his skull.

Telegrams from the coal region represent all quiet, though trouble is apprehended to-morrow when the coal trains begin to move.

A brakeman employed on the Shenandoah passenger train, and acting as a special policeman, was stoned and fired upon and wounded in the arm, and is now unable to do further service.

The coal region in Carbon county remains in the same tranquil state. In no part of the anthracite coal fields is there such a quiet feeling as in this county.

FUN AT THE ELECTION.—TEN PERSONS SHOT.—ANNAPOLIS, April 6.—Ten persons were shot by firing at the election poll yesterday, Wm. Dorsey being killed and seven other negroes and two whites wounded.

NO ACTS OF VIOLENCE REPORTED TO THE GOVERNOR.—THREE COUNTIES QUIET.—HARRISBURG, April 6.—The newspaper reports about the parading of miners and other disturbances in the coal regions have not been confirmed by any intelligence received by the State authorities.

THE SITUATION IS PERILOUS.—And intelligent miners comprehend the position. Any serious outbreak on their part will bring the militia down upon them, and bloodshed would result.

PROCLAMATION BY GOVERNOR HARRISBURG, Pa., April 3.—The following proclamation has been issued by Gov. Hartranft:—

Whereas, it is represented to me that in the counties of Luzerne and Schuylkill certain evil-disposed persons have combined themselves together in violation of law, causing terror to law-abiding citizens and placing life and property in peril by their lawless and disorderly conduct, and with force and arms are intruding upon the rights of individuals and corporations, and preventing well-disposed persons from the pursuit of their lawful employment and occupation; and

Whereas, it is the duty of the Executive to take care that the laws be faithfully executed; Now, therefore, I, John F. Hartranft, Governor, and Commander-in-Chief, do command all such evil-disposed persons in the aforesaid and other counties to disperse and desist from further unlawful combinations and demonstrations, and to return without delay to their homes, and all such persons are hereby notified that if they fail to obey this command, the shortest of military aid may be necessary to preserve order, protect life and property, and enforce obedience to the laws of the Commonwealth.

Given under my hand and the great seal of the State at Harrisburg, this 24th day of April, in the year of our Lord 1875, and of the Commonwealth the ninety-ninth.

MINERS' MEETING AT HAZLETON.—HAZLETON, Pa., April 4.—A delegate meeting of the several branches of the Miners' Union, belonging to this region, was held here yesterday. Its object is supposed to have had some bearing on the works at Mount Pleasant.

RELIABLE EVIDENCE.

The following unimpeachable testimonial from Rev. O. T. Walker, formerly pastor of Bowdoin Square Church, Boston, and at present settled in Providence, R. I., must be deemed as reliable evidence. No one who has read this testimonial is the result of two years' experience with the use of VEGETINE in the Rev. Mr. Walker's family, who are pronounced as follows:—

PROFESSOR R. L. 164 TRANSIT STREET. H. B. STEVENS, 157 N. WASHINGTON ST., BOSTON. I feel bound to express with my signature the high value I place upon your VEGETINE. My family have used it for over two years. In nervous debility, it is invaluable, and I recommend it to all who may need it, restoring, reinvigorating.

O. T. WALKER, Formerly Pastor of Bowdoin Square Church, Boston. The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Nat. Ave. S. St., reads with interest by many physicians; also those suffering from the same disease as affected by the use of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative power of VEGETINE.

NATICK, MASS., JAN. 15, 1875. MR. H. R. STEVENS: Dear Sir—We have good reasons for regarding VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our own lives. He is now seventy years of age; for the last two years he has suffered from nervous debility, caused by cerebral congestion, and he has been nearly blind, and has had many other ailments. A number of able physicians have given up the case, but the faith he placed in your VEGETINE, and the number of jars that he has taken, have enabled him to overcome the disease. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving.

He has lately returned states, thrown away his crutches and cane, and walks about cheerfully and strong. Through there is still a considerable amount of the disease, but in a little time he will be perfectly cured. Three dozen bottles of VEGETINE, but lately used but little, as he declares he is too well to be taking medicine. Respectfully yours, E. S. BEST, Mrs. L. C. F. BEST.

Prepared by H. R. STEVENS, Boston, Mass. VEGETINE IS SOLD BY ALL DRUGGISTS AND DEALERS EVERYWHERE.
