Medical.

BALTIMORE LOCK HOSPITAL DR. JOHNSTON,

Physician of this celebrated Institution, has discovered the most certain, speedy, pleasant and effectual remedy in the world for all DISEASES OF IMPRUDENCE.

Weakness of the Back or Limbs, Strictures, Affections of Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confesion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of Liver, Lungs, Stomach or Bowels—these terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impos- Pa. YOUNG MEN especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to eestacy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons or Young Men contemplating marriage, aware of Physical Weakness, (Loss of Procreative Power-Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved. He who places himself under the care of Dr. J.

may religiously confide in his honor as a gentle-man, and confidently rely upon his skill as a Phy-ORGANIC WEAKNESS.

Impotency, Loss of Power, immediately Cured and full Vigor Restored.

This Distressing Affection—which renders Life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequeces that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspe ia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption. TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or mar-

THESE are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the linck and Head, Dimness of Sight, Loss of Mus-cular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of Directive Functions, General Debility, Symptoms of Coneumption, &c. MENTALLY-The fearful effects on the mind

are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced. THOUSANDS of persons of all ages can now

judge what is the cause of their declining health, losing their vigor, becoming, weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consump YOUNG MEN

Who have injured th mselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should

What a pity that a young man, the hope of als country, the darling of his parents, should be snatched from all prospects and enjoyments of habit. Such persons MUST before contemplating MARRIAGE.

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pllgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another omes blighted with our own. A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds o this painful disease, it too often happens that au ill-timed sense of shame, or dread of discovery, deters him from applying to those who, fro education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, noctural pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whene no traveller returns."

It is a melancholy fact that thousands DIE victims to this terrible disease, through falling into the hands of Ignorant or unakiliful PRE-TENDERS, who, by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life Vigor and Happiness, in despair leave him with ruined Health to sigh over his gailing disappointment.

To such, therefore, Dr. Johnston piedges him-

self to preserve the most Inviolable Secreey, and from his extensive practice and observations in the great Hospitals of Europe, and the first in this country, viz: England, France, Philadelphi and elsewhere, is enabled to offer the most cer-tain, speedy and effectual remody in the world for all diseases of imprudence.
