Mr. Schuyles is an old man of unexceptionable habits and business qualifications, and will be pretty sure to succeed in anything he undertakes. We wish him all possible success, because we think he deserves it. A disgraceful fracas occurred on our streets last Friday between two of our prominent citizens, but no one was badly hurt. As the parties were more scientific with their tongues than their fists, they chose them as their principle weapons. The Squire struck a very Abe-le blow with his right hand which passed Simon's left shoulder; had he struck him he would have surely dislocated his shoulder.

Jakey Eichholtz should have requested D. of K. to report several speeches for the Sunbury Daily that were delivered at the City Hotel, Saturday evening, April 17th. They were not as well delivered as they might have been, for the four speakers were all more or less under the influence of non-explosive benzine. The first speaker spoke of the duties of the President of the United States. The second was in favor of Jeff Davis being the next Democratic candidate for President. The third and fourth favored Henry Wolf for High Sheriff.

> Editor American: Sir-As the upper end of the county has no candidate presented for County Superintendent, allow me to suggest the name of Alfred Montgomery, of Turbutville, as a suitable person for that office. Mr. Montgomery is a classical scholar, and has all the requisites to make an efficient Superintendent. The upper end has not been honored with that office for some years, and we ask the directors from different parts of the county to look impartially upon our claim.
