BURNING OF & COAL BRRAKER .- On Sunday morning last a fire broke out at Bear Ridge Colliery, Mahanoy Planes, Schuylkill county, burning the breaker and adjoining buildings. The True bill. fire reached the slope in which siz mules burned to death. This breaker has only lately been completed for active operation. Sheriff Rothermel, of this place, was a large share holder in the colliery and is a heavy loser. The loss is variously estimated at \$75,000 to \$125,000. It is thought that the fire was the work of an incendiary.

HAVE you raised a campaign club for the American ? Now is the time. For 30 cts. in advance the American will be sent from now until after the election.

The late rains raised the water sufficiently in the West Branch to start the lumber up the river. At Lock Haven a jam of logs was formed on Wednesday, which required a large force of men to loosen them. It is estimated that there were one hundred and fifty millions feet of timber up the river previous to the flood, and which will now be driven down. The best logs of the season are those now coming down.
