The Republican Primary Election will be held on Saturday, June 14th, 1873.

The following resolutions, adopted at a meeting held on May 4th, 1870, are still in force and are published for the information of those holding the election, viz:

1st. That the polls be opened only at the usual places of holding elections fixed by law.

2d. That the Republican voters of each district shall elect their member of the County Committee and the two additional delegates to hold the Primary Election.

3d. That, when they were not elected at the previous election, the committee-man for each borough and township shall select the two other persons to assist in holding the primary election in their respective districts, and that the committee-man act as judge and make the return of election.

4th. That the committee-man be required to make a list of the Republican voters of the borough or township in which he lives, and have the same present at the election, and designate thereon every person voting, and if any person not named thereon be judged entitled to a vote, the names be added to said list and the fact noted, and said list be produced before the return judges when they meet.

5th. That all Republicans be required to vote in their proper districts.

6th. That no person be allowed to vote unless known to have voted with the Republican party, or who can produce satisfactory evidence of the fact.

ELEVEN deer in one troop, probably aware of the game law in their favor at this time of year, came down Beatty's knob into the open fields some ten days or so ago, performing jumping fences, &c. An eye witness, who watched them about half an hour, describes it as one of the prettiest scenes he ever laid eyes on, the deer being as frolicsome as young colts. At one time eight came marching down the field abreast.—*Lewistown Gazette.*

IN regard to the visability of the postal cards, the Postoffice Department has ruled that they are to be regarded by all post-office officials the same as sealed letters, and any one inspecting what is written upon them will be punished the same as the former offense. After these cards are delivered the office is no longer responsible. If postmasters discover any improper use of these cards they are authorized to refuse to deliver them, under the same rules as are now prescribed for letters.

BUSINESS was generally suspended in this place on last Ascension day. All the young people of the town went fishing—Some were lucky and some were not. This is the first time within our recollection, that ascension day has been observed by our people. Caused this time, no doubt, by the fact that our town was destroyed by fire on that day, and that the superstitions of the surrounding country attributed it to the fact that the town people "worked on ascension day." To keep it as a religious day is one thing. To go fishing, drink liquor &c., in our estimation, is a bad use to put the day to.

ON Thursday last while Mr. Samuel M. Ringer of Addison township was cleaning up his yard and removing the accumulated rubbish of winter from around his house, the three horses attached to the wagon took fright and ran off at a fearful rate; Mr. Ringer was in the wagon at the time, but strange to say was unhurt, nor does he know how he got out of it. The saddest part of the story is, that the horses, coming in contact with the barn, were so seriously injured that one of them died shortly afterward, and the others will not be able to work for many days. He does not know what alarmed the team.—*Independent.*

MR. DANIEL LINT, a well-to-do farmer, living near this place, and over seventy years of age, split 476 fence rails in one day, not long ago; besides cutting wood for the family before breakfast, and quitting his work at sundown. How will that do for high, boys?

WM. HEFFLEY & BRO., are now receiving the largest and most complete stock of Dry Goods and Clothing they have yet had the pleasure of showing to their patrons.—Also, a splendid assortment of Shirts, Tailoring goods, Trimmings, Notions &c., Goods made up to order on short notice, by competent and experienced workmen.—Call and see them.

THE young ladies of the town are invited to assemble in the Town Hall, on Thursday afternoon, for the purpose of making wreaths &c., with which to decorate the soldiers graves. All persons are invited to send flowers, and those who can not meet at the Hall, and have time, can make wreaths at home and send them in on Friday morning.

We hope that this matter will be attended to, and that all of our young ladies as well as gentlemen, will take an interest in the matter and see that all things are done decently and in order. This day should be held sacred and dear in the hearts of all our people, and our children and children's children should be taught to revere the memory of those departed heroes who so nobly sacrificed their lives in defence of their country.

DEAR HERALD:—I attended a Methodist meeting, held by the Rev. M. Lichliter, in the School House of our quiet village of New Lexington, a few days ago, on Sabbath afternoon. I also had the pleasure of attending a Singing School, held immediately after, by Jacob Gross, formerly school teacher of this place. The singing school of which I will endeavor to write a few brief remarks for the columns of your paper, was excellent, passed off quietly and with order. But when Mr. G. proposed raising a class in vocal music, and to turn the key on all those who would not join the class and subscribe for the singing, there were several gentlemen opposed to his proposition and consequently quite a conversation was held between both parties as to whether he, Mr. G. who resides in another school district, could under the law hold his singing in that kind of style, especially in a *public school house* not rented. Yours, &c.,

ADALESCENS.

THE largest and most serious land-slide that ever occurred on the Pittsburg and Connellsville Railroad obstructs that thoroughfare in a deep cut near Southampton, twenty-three miles west of this city. The first fall of earth and rocks took place on Saturday last, another on Tuesday and it has been falling at intervals nearly ever since, and the track is now covered to a depth of fifty feet with earth and heavy rocks for a distance of from seven to nine hundred feet. Mr. G. M. Serpell, Master of Road of the Pittsburgh and Connellsville Railroad has had a force of about two hundred men and four construction trains at work day and night during this week building around the cut a temporary track which will be finished this evening, when the trains between this city and Pittsburg which have been much delayed, will run regularly again.

The "slide" is so extensive and will require so much labor and expense to remove, that it has not yet been decided whether to attempt to clear it away and run trains over the old track or make a permanent road-bed under the temporary track now building. It is probable, however, should no considerable change take place in the face of the hill from which the mass fell, that the old track will be cleared.—*Cumberland News.*

WE have received a copy of the lives of the Governors of Pennsylvania, with the incidental history of the State, from 1809 to 1872, by William C. Armor. Price $3 in Cloth; $4 in Library Sheep; $1 50 in Cash. In one volume, octavo, containing over 500 pages, and embellished with 29 full page portraits of the Governors, from the time of Penn.

It contains a complete epitome of the history of the State, from its first settlement to the present time.

To the student it will prove a useful help, presenting, as it does, the salient points in the history of the State, relieved of unnecessary detail.

To the statesman it will furnish a compend of political facts at once interesting and invaluable.

The ambitious youth will find in its biographical details much for honorble emulation; and citizens of the Commonwealth, of all classes, will have in its contents a want supplied long felt by many.

A voluminous index forms an important feature of the book.

It has been completed at a great expense of time, labor, and money; and with its large clear-faced type, finely engraved portraits, and mass of interesting matter, the publisher feels that he is offering to the people of the State a work meriting their warmest approval.

THE RESERVES AT GETTYSBURG.—The annual re-union of the Penna. Reserves was held at Gettysburg last Thursday.—The Philadelphia delegation, headed by a band of music, arrived at 10 o'clock A. M., and a large number of officers and soldiers were present from other parts of the State. The association, headed by ex-Governor Andrew G. Curtin, visited Cemetery Hill and Round Top, the position held by the Reserves during the battle, and where they so gallantly repulsed the rebels. After spending two hours in rambling over the battle field the party returned to town.—Nearly every house was decorated with flags, and the day was observed as a holiday by the citizens. In the afternoon the association was escorted to the court house by Post No. 58, G. A. R. the boys attached to the Soldiers' orphan school and a large number of citizens. Ex-Gov. Curtin presided at the meeting. A song of welcome was sung by a glee club of young gentlemen and ladies, after which Chaplain J. H. Beale, of the First Cavalry Regiment delivered an able oration, which was warmly applauded. Resolutions of regret at the death of General Meade were adopted, and eloquent addresses in eulogy of the deceased were made. Colonel Taggart offered a resolution, asking the next Legislature to make a liberal appropriation towards the erection of a memorial monument on the battle field of Gettysburg in honor of General Meade and the army of the Potomac, which was adopted.

THE Pennsylvania State Sabbath School Association will hold its Ninth Annual Convention in the city of Titusville, June 3, 4 and 5, 1873, in the Methodist Episcopal Church, (corner Perry and Pine streets.)

The session will begin Tuesday evening, June 3d, at 8 o'clock, to be continued throughout Wednesday and Thursday.

Each Sunday School in the State is requested to send at least *two* delegates, and Pastors of all Evangelical Churches are cordially invited.

Entertainment will be provided for all delegates who will notify L. B. Silliman, Esq., of Titusville, Secretary of Local Committee, on or before May 31st.

The Philadelphia and Reading Railroad will pass delegates to Harrisburg or Williamsport, from all principal points on its road, on application at the ticket office.—Fare two-thirds the usual rates.

The Pennsylvania Central Railroad will pass delegates for two-thirds fare, on presentation at ticket offices of an order which must be applied for with name and address, at the following points viz: *Philadelphia:* John L. Baily, 311 Chesnut St.; *Harrisburg:* James W. Weir; *Pottsville:* C. W. Wells, Esq.; *Pittsburgh:* T. J. Gillespie.

A "Museum" will be provided for, and opportunity given for Religious Publishing Societies, to display their wares.

It is expected that Prof. Wm. Johnson, of Philadelphia, will conduct the singing.

The International Lesson for the succeeding Sunday will be taught and practically Illustrated, and live Sunday School questions will be presented by the Business Committee for consideration.

District, County and Township Secretaries with Editors, Pastors, Superintendents and Teachers, are requested to give circulation to this call in every part of their field.

Come up, brethren, from all parts of the State, and make the Titusville Convention *the best of all.*

By order of the Executive Committee,
LEWIS D. VAIL, Chairman.

"AN OLD ESTABLISHED FIRM.—The firm of S. M. PETTENGILL & Co., commenced their Advertising Agency in the old Journal building, No. 10 State Street, Boston, nearly a quarter of a century ago (February 1849), where their Agency is still located, carrying on a large and successful business. They established a branch in New York City, May 1852, which has grown to be larger than the parent house,—increasing steadily, year by year, until now it has the agency of nearly every newspaper in the United States and British Provinces, and does a yearly business of hundreds of thousands of dollars. S. M. Pettengill & Co., have recently opened another branch office at 701 Chesnut street, Philadelphia, where they are doing a successful increasing business. They have done advertising exceeding ten millions of dollars since commencing business. This firm is favorably known not only throughout this country, but in all parts of the world. They have established a reputation for honorable and fair dealing which any firm might envy, and but few have attained to. We congratulate them upon their success. We would recommend all who want advertising done in any part of the country to call upon them. They can point to hundreds of business men who have followed their advice, and trusted to their sagacity, and availed themselves of their facilities, who have made fortunes for themselves, and they are daily assisting others in the same path."—*Boston Journal*, May 8th.

THE DESTROYER DESTROYED.—The citizens of Bloom township have been greatly annoyed for several years past by a huge black bear, which has infested that neighborhood, destroying their bees and sheep and opening their apple holes and caves and robbing spring houses. Numerous efforts were made to capture the beast, but he always eluded his assailants, who after a day's hunt would return home with one or two dogs less than they started out with in the morning. The dogs would frequently contact with brunin who would *embrace* the opportunity to crush the life out of every dog he would get his paws on. At length, after many efforts to capture the beast, on Monday a week, while a fourteen year-old boy, son of John Bilger, was passing through a laurel thicket, looking for pheasants, he heard the brush snapping and cracking a little way off to his left, and getting his "fusee" ready to draw a bead on any thing that might turn up, to his astonishment Mr. Baer elevated his snout and front parts upon a large log. There was no chance to run and but little time for debate. The boy blazed away, the ball striking the beast between the eyes, passing up through the brain into the neck and before the boy could reload his piece, brain fell over dead, wherest all Bloom township rejoices and the boy is quite a hero, and every twelve year old wishes he was that boy. The beast weighed between 350 and 400 pounds, and was covered outside and inside with white fat, in some places three inches thick. He was as "fat as butter" and no mistake. It is evident that honey, cream, mutton, apples, corn, dog, and in fact everything he destroyed set well on his stomach.—*Clearfield Rep.*

Fayette County Items.

Fayette county has sustained an irreparable loss, in the death of Judge Gilmore. He was a gentleman of eminent legal attainments, and as a jurist, no one dreaded his rulings but the evil doers.

Mr. A. Guiter, Jury Commissioner, met with an accident that ended his earthly career. Mr. G. was thrown from his horse, his foot hung in the stirrup, the horse ran and dragged the unfortunate rider three hundred yards, inflicting serious injuries, from which he died in 24 ho urs.

Mr. David Tedrow, of Laurelville, disappeared last March; his body was recently found near Mt. Pleasant. It is supposed that the unfortunate man was murdered.

Much of the wheat is damaged by the winter's freeze.

The frequent explosions of rock blasting on the railroad indicates the presence of quite a number of laborers, preparing for double track.

We are informed that the Hempfield Branch is to be let immediately from West Newton to Washington, Pa. That branch when completed, will open another avenue for the coke trade; then the Penna., Central may play "big indian" to their hearts content.

The lumber trade is quite active. All our mills are run to their utmost capacity. Our farmers are pushing things pertaining to their agricultural interests.

Mill Run is up—on time. All our business men are alive to their interests. Merchandizing, milling and tanning is the principle business transacted here. We also have two flourishing Sabbath Schools. The Mill Run school numbers 80 scholars; the Indian Creek school about sixty. There is a "shebang in the bush" that dispenses the "extract of corn" which elevated the Hiberian to the hilarious wood.

The Fayetee County Sabbath School Convention commenced at Masontown on the 2nd inst.

Mr. John F. Campbell is building a splendid mansion in Springfield. The front rooms are to be store rooms. Mr. C. is a live man in the mercantile trade.

Our landlords have taken down their sign-boards, and stoutly swear the way-faring public may carry their own accommodation.

J. H. Miller, Esq., has opened a house of private entertainment in Springfield.

Our citizens have recently been much annoyed by drunken men after night, they all inquire the way to Mill Run, but none of them can tell where they get their "benzine."

The "unterrified" held their primary convention, Tammany prevailed; "fraud" the defeated party say was the watchword. VIAT.

Jenner X Roads.

Sewing Machine Agents and Lightning Rod men are commencing to make their appearance; another indication of the near approach of spring.

Henry Sipe has purchased the timber of about 100 acres of pine lands of Michael Sipe, with the intention of going into the lumbering business pretty extensively.

The Commissioners of this county advertise to sell to the lowest responsible bidder, the contract for the building of a bridge across the Quemahoning, near our town. Contract to be let on Monday, June 9th, 1873.

"Old Croakers" have already commenced their predictions of an entire failure in the fruit crop. There may be a possibility that these predictions amount to nothing.

Levi Whiteeel, formerly of Bakersville, and our new blacksmith, has commenced operations here, with fair prospects of success.

A number of small bands of wandering Gipsies have been making stays in and around our place, during the past winter and spring. The last party "folded their tents" a few days ago, amid loud mutterings of a very dull season *"to weep."*

Fred Laus and Dan. Ober are running the lower blacksmith shop.

We understand a Rev. Mr. Seibert, of Center county, in this State, has been secured to labor for the Lutheran congregation, composed of Jenner, Mt. Zion and St. James churches, and that he will move into the Parsonage on said district and commence his labors sometime in June.

The first quarterly meeting of the United Brethren church for this charge, was held at this place on, the 27th of April, by Rev. Wagner, P. E., of Johnstown.

Hand shaking and bright beaming countenances are to be seen in different directions most every day, just now candidates are clever fellows.

A Union Sabbath School was organized at this place for the ensuing year, on the 18th inst. The following officers were elected: President, Rev. John Felix; Superintendants, Jonas Ankeny, Geo. Ronsh; Secretary, Christopher Dietz, Jr.; Treasurer, Wm. H. Dietz; Librarians, Nervie Covode, W. Frank Monitor, John P. Ankeny. It may be inferred from the attendance and interest manifested at the opening of this school, that the present year will be a pleasant and interesting one to the scholars attending this school.

Young America of our town have made several ineffectual attempts to usher in summer by making night "hideous with their howls" and the beating of old tin cans &c. Though almost invariably after each attempt, the next morning they could be found (with their musical instruments cast aside) "bringing in the lap of winter" around the family firesides. Try again boys: "If you don't succeed at first, try, try again."

Communion services are to be had at Hoffman's church on next Sabbath.

MARRIED.

GRIFFITH—KIZZIE.—May 8th, in Coopersdale, Pa., by Rev. W. D. Stevens, assisted by Rev. A. J. Endsley, D. D. Mr. N. B. Griffith, of Jenner, Somerset county, to Miss Kizzie E. Cooper, daughter of Col. James Cooper.

TANNEHILL—CLARK.—At Oakland Md., on the 8th, inst. by J. M. Davis, Doctor M. Tannehill of Confluence to Miss. Kate A. Clark of Ohio.

DIED.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvelous. It has produced more cures of rheumatism, neuralgia, lock-jaw, palsy, sprains, swellings, caked-breasts, scalds, burns, salt-rheum, ear-ache, &c., upon the human frame, and of strains, spavin, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counter-irritant, an all healing pain reliever. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless, and the wounded are healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1,000 certificates of remarkable cures, including frozen limbs, chronic rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for spavined or sweenied horses and mules, or for screw worm in sheep.—Stock owners—this liniment is worth your attention. No family should be without Centaur Liniment. Price, 50c a bottle; large bottles $1 00.

THE GREAT SOUTH AMERICAN
JURUBEBA
BLOOD PURIFIER

Is the most powerful cleanser, strengthener and remover of Glandular Obstructions known to Materia Medica.

It is specially adapted to constitutions "worn down" and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gathering impurities from sluggishness and imperfect action of the secretive organs, and is manifested by Tumors, Eruptions, Blotches, Boils, Pustules, Scrofula, &c., &c.

When weary and languid from overwork, and dullness, drowsiness and inertia take the place of energy and vigor, the system needs a Tonic to build it up and help the Vital Forces to regain their recuperative power.

In the heat of Summer, frequently the Liver and Spleen do not properly perform their functions; the Uterine and Urinary Organs are inactive, producing weakness of the stomach and intestines and a predisposition to bilious derangement.

DR. WELLS'
EXTRACT OF JURUBEBA

Is prepared directly from the SOUTH AMERICAN PLANT, and is peculiarly suited to all these difficulties: it will cleanse the vitiated blood, strengthen the life-giving powers, and remove all obstructions from impaired and enfeebled organs.

It should be freely taken, as Jurubeba is pronounced by medical writers the most efficient purifier, tonic and deobstruent known in the whole range of medicinal plants.
