J. G. HARVEY & CO.

The digma p landermer, the stead to find that it is anglomenospermous. Its flower the wall of a room 15½ yr. leight?

The digma p landermer, the stead of the chotomous. We made that it is saglomenospermous. Its flower when in bloom must have been superb and fragrant, as after it has been dried in the the teath of last September, you can smell it a mile. To a man up a tree it looks like a century plant; that is to say, a hundred of them would perfume a neighborhood for twice fifty years. One of our flowing, a Verbal Adjective? When does a common none become proper, and a proper, amon become common? Write the principle parts of the Vertas wear, am, forsake, sit, set, drink. Write the prasses view plural of child, ox, you, woman, boy, what noons form their plurals by the addition of es? Write a Complex Declaration of es? Write
