Attention! Attention!

This attention is given to the public, and he is convinced that he keeps a first-class house. No effort will be spared to make the guests comfortable. Charges moderate.

J. H. PIERCE.

This from the *Johnstown Tribune*:
On Friday last a large bear was killed in the vicinity of Bensenville. It appeared to be a black bear, and was shot by a man from Pittsburgh, called as far as Sang Hill, on a hunting expedition and walked across the country to the neighborhood of Bensenville, where he shot and killed a cub. The mother appeared upon the scene, and he was compelled to depart very quickly. Several gentlemen in the vicinity learned this fact, and organized a party to go in search of the mother, and on Friday last they found and shot her, as stated.

As old gentleman named Henry Hays, a resident of Bensenville, Pa., was confined in jail as a dangerous lunatic. John's great grief was that he could not longer see his father, who was confined in jail with fewer repetitions than any man we ever heard of. The cause that caused his confinement was a quarrel with a woman, who was a lady of the name of Mrs. Hays. He occasionally uttered a good thing, but was generally in a state of insubordination. Towards the close of his confinement he took up the notion of going to China, and he was allowed to accompany him, "to help work out his mind." His earnestness rendered it difficult for him to be confined in a jail. One evening he came up with a most determined and insane like air, and announced that he would go to China, by a steamer, and "if he does not get there, he will go to the bottom of the sea."

HAIR

RENEWER

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and that it is a new growth, except in the preparation for restoring GRAY or FADEN HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary system to its normal vigor, and will create a new growth, except in the extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assessor Massachusetts, says: "The contents of your hair restorer are fully adapted for excellent quality; and I consider it the Best Preparation for its intended purpose." Sold by Druggists, and Dealers in Medicines, First One Dollar.
