THE SHADOW-DANCE SONG. Miscellaneous. I dence in the pleasant meadow,

A PPLETONS AMERICAN CYCLOPÆDIA NEW REVISED EDITION.

Entirely newritten by the ablest writers on every sulgest. Frinted from new type, and illustrated with several thousand engravings and maps. The work originally published under the title of The New American Overseaths was completed in 1881, since which time the wide circulation which it has attained in all parts of the United States, and the signal developments which have taken place in every branch of eclance, literature, and are, have induced the editors and publishers to submit to an exact and thorough revision, and to issue a new cilities entitled The American Cycles with

Within the last ten years the progress of dis-covery in every department of knowledge has made a new work of reference an imperative The movement of political affairs has kept page

The movement of political affairs has kept pace with the discoveries of science, and their runiful application to the industrial and useful arts, and the convenience and redimenent of social life.

Great wars and consequent revolutions have occurred, involving material changes of peculiar moment. The civil war of our own country, which was at its neight when the last valume of the old work appeared, has happily been ended, and a new course of commercial and industrial activity has been commercied. JAMES COOPER, D. J. MORRELL, DAVID DIBERT. JAMES MCMILLEN

Africa.

The great political revolutions of the last decade, with the natural resent of the tapes of time, have brought into view a multitude of new men, whose names are in every one smooth, and of whose lives every size is curious to know the particulars. Great battless have been bought and important slegges naintained, of which the details are as yet previously in the newspapers or in the frainment additionions of the day, but which ought new to ske their place in permanent and authorities is 5%. JAMES MORLEY, LEWIS PLITT, tors.

In preparing the present edition for the press, it has accordingly been the aim of the editors to bring have the information to the latest possible dates, and to farmish an ascurate account of the most recent discoveries in science, of every fresh production in literature, and of the newest inventions in the practical aris, as well as to give a succinct and original record of the progress of political and historical counts. DANIEL J. MORRELL, President,

The work has been begun after long and careful preliminary labor, and with the most ample resources for carrying it on to a successful termina-Deposits of ONE DOLLAR and appeared received, and incorest allowed on all sums, payable twice a year.
