Stable Economy.

Stable Economy.

The Spirit of the Times contains same sensible remarks on stable man agement, which we copy:
The importance of providing comfortable buildings and plenty of food for young cells or old horses is so obvious as to lead to the conclusion that it would only have to be commended to the notice of the breeder or owner to insure its fairbiral excention. Warmth cleanliness pure air, and wholesome food, in stable affairs, are so self-evident as to appeal to the pockets of every man whose capital is invested in equine property. Extra food and care is a cheap invest-

discovers untold treasures. It is al. The arrangements for feeding his hope that none of them belong to more water given till the following most equal to the discovery of a mine cows, and for taking away the ma- members of our club. of wealth to become the breeder of nure, appeared to involve the least It pays to study the wants of the every three years (just before startof wealth to become the breeder of first-class stock. They find a ready possible amount of laber. Some market and to raise those productions ing them in the spring.) If you do market and yield an abundant re. Effry cows stood in a high basement which will find quick sale and a fair not wish them in larger pots, pare market and yield an abundant return upon the capital invested.

The borse barn is of vital consequence to the breeder in protecting his stock from the cold storms and bleak winds of a northern climate bleak winds of a northern climate.

cure the afflicting disorders of the Thront and Lungs beyond any other medicine. The most dangerous affections of the Pulmenary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were We are positive we can sell goods at lower figures than any other store in town as we purchase goods for cash sell for cash and thus save from 15 to 20 per cently on thaving to blooks bead dofts, and by saving the expenses of Book-keeping. We are willing to give the benefit of these advantages to our customers.

Frank Sipe & Co.

College Co. multitudes are rescued from premature graves and saved to the love and affection centred of

and saved to the love and affection centred or them. It acts specifily and surely squites ordin-sary colds, securing sound and health-restoring steep. No one will suffer troublescene Influ-enza and painful Bronchitis, when they know how easily they can be carred.

Originally the product of long, laberious, and successful chemical investigation, no cust or toll is spared in making every bottle in the atmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has over effected.

PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists.
