The Republican Primary Election will be held on Saturday, May 29th, 1875.

The following resolutions, adopted at the meeting held on May 4th, 1870, are still in force and are published for the instruction of those holding the elections, viz:

1st. That the polls be opened only at the usual places of holding elections fixed by law.

2d. That the Republican voters of each district shall elect their member of the County Committee and the two additional officers to hold the primary election.

3d. That when they were not elected at the previous election, the committee-man for each borough and township, shall select the two other persons to assist in holding the primary election in their respective districts, and the committee-man shall act as judge and make the return of election.

4th. That the committee-man be required to make a list of the Republican voters of the borough or township in which he lives, and have the same present at the election, and designate thereon every person; and if any person not named thereon be judged entitled to a vote, his name be added to said list and the fact stated, and that the said list be produced before the return judges when they meet.

5th. That all Republicans be required to vote in their proper districts.

6th. That no person be allowed to vote unless known to have voted with the Republican party, or who can produce satisfactory evidence of that fact.

The return judges must place the returns in the hands of the Chairman on or before Monday evening, May 31st.

JAS. L. PUGH.

A TIER bed of slate has been opened in York county, Pa., about two miles from the Baugham Valley Railroad, near the Maryland State line. The mine is opened with about thirty feet face, and one hundred and fifty feet long.

THE children of Beaver county are expected to thoroughly learn the maxims that "a penny saved is a penny earned," and that "time is money," as Benjamine Franklin has been elected Superintendent of common schools for that county.

ED. HERALD:—Please withdraw my name from the list of candidates for the nomination for Register and Recorder. I am thankful to my friends for the encouragement I received, but circumstances will not permit me to continue the canvass.

GEO. M. SAYLOR.

THE prisoners in the Orange county, Ind. jail have their own fun of the world. They all broke out the other day, just to show that they could but come promptly back at supper time. Then they constructed an elaborate tunnel, and when completed invited the sheriff to inspect it.

ANOTHER immense invoice of ladies spring and summer hats will be received at "Fashion Bazar" to-day. Flowers, ribbons and silks in great profusion. No charge for trimming.

MRS. JAS. B. TREDWELL, No. 6 Mammoth Block.

THE annual convention of the Pennsylvania lumbers' association is now in session at Harrisburg. Prominent members from the Eastern and Western States are present, and the proceedings are expected to be of a highly interesting and important character.

BEWARE of patent right swindlers. If any of these nuisances call on you and ask you to sign your name to a paper, clinching what may appear to be a good bargain on your side, rest assured it will turn out to be a promissory note which you will have to pay at an early day.

IN Mifflin county last week was born a child having no nose, simply two openings for nostrils; no eyes, though fully developed eyelids which can be opened. One of his feet has six toes; the other has five natural toes; and upon its side another which very much resembles a thumb.

National Hotel, Pittsburgh.

This well-known hotel has been thoroughly renovated and re-fitted, and is centrally located. The proprietors will spare no pains to make it worthy of public support. It is under the management of Mr. Jacobs, a gentleman who will attend well to the wants of their patrons.

CUSTOMERS wanted to call at William Heffley's new store, in the brick building on Parker's corner, Splendid line of dry goods. Clothing Clothing made to order. The place to get a Singer Sewing Machine to make them up. Needles, oils and attachments kept for all Sewing Machines.

FROM all parts of the country come the most encouraging reports in regard to the grain crop. Especially in our own state does the wheat crop promise to be large. The large amount of spring wheat thrown on the market will have a tendency to reduce the price of flour and with it a large number of other articles of diet.

CAPTAIN FRANK POSTLETHWAITE having resolved to try his fortunes in a new place and among pastures green, departed on Wednesday last. Frank has been an employee of the HERALD office for a number of years, and wherever he goes our best wishes coupled with an earnest desire for his future success go with him.

J. H. Fritz, County Surveyor, will be in Middlecreek, on the 19th of May, in Brothersvalley on the 20th, in Addison on the 1st of June, in Painton the 7th, in Shade on the 14th, and in Jenner and Conemaugh on the 21st, to make a number of surveys. Persons wishing his services can leave their orders with Elija P. King, Middlecreek, George Wass, Addison, David J. Shaffer, Paint, Mr. Sorber, Buckstown, John Rink, Jenner Twp., and at Gabriel Mishler's residence, Conemaugh, or can address him by letter at Somerset Penn'a.

STRAYED.—From a field on the farm of Frederick Weller on last Thursday, two small darry bay mules without shoes. A suitable reward for their return, or for information as to their whereabouts, will be given.

JOHN H. MILLER.

Somerset, May 12, 1875.

THE latest anecdote brought to light by the Centennial Celebration is rather amusing. While the British troops were marching through Old Cambridge one of them said jestingly to a farmer sowing seed: "You may sow, but we shall reap." "Well, perhaps you may," was the reply, "for I am sowing hemp."

WE understand that a report is being circulated in different parts of the county that Frank F. Koontz has withdrawn from the canvass as a candidate for Register and Recorder. We are authorized by Mr. Koontz to say that he is still in the field, and intends to remain a candidate until election day.

IT does not appear to be generally understood that persons are compelled by law to render assistance to any policeman, constable or other officer of the law when called on. If our citizens would lend a little more efficacious aid to the officers it would rid the streets of many an unpleasant scene.

MR. ——McMillen, of West Liberty, Iowa, has our thanks for late numbers of Iowa papers, among them a copy of the Nichols *Vindicator*. That paper gives an account of the sale of a herd of short horn cattle which netted $50,815 00, one calf selling for $2,800 and a cow for $7,200. Rather a large price to be paying for a cow.

GENTS' DRESS SHIRTS.—Measures taken and shirts made to order in the East. Perfect fit or no sale, price from $2.50 to $3.25, made in any style desired, open front, open back, coat fitting &c., with or without cuffs, high or low cut.

"Fashion Bazar."
MRS. JAS. B. TREDWELL, No. 6, Mammoth Block.

WE understand that Mr. Josiah Zimmerman intends engaging extensively in the manufacture of cigars at this place. The factory will be in the Sipe building and will be under the charge of a competent workman. It has always been a matter to us that while all of our neighboring towns had at least one or two manufactories of this kind we have been left without one for a number of years

THIS thing is getting serious. Among the prizes at a spelling match in Boston was a $600 rosewood piano—and it will be houses and lots, and thousands upon thousands of dollars, and farms and fast horses next. It is melancholy to observe how every sort of sport in this country degenerates into gambling though the gamblers were never so thoroughly under a spell before.

THIS is a pretty sentiment, appearing in the general order issued by W. W. Tyson, Deputy Commander of the Grand Army of the Republic of this State, relative to decoration day: "And as we scatter emblems of love on the graves of those who fought with us, let us not forget to drop a flower and a tear on the graves of those brave men who, honest in their belief in the truth and justice of their cause, fought against us."

Confluence Poultry Yards.

For fear some of our little ones here may not have noticed the following verse we clip it so that they may have an opportunity of committing it to memory. The four lines contain every letter in the alphabet:

God gives the grazing ox his meat,
He quickly hears the sheep's low cry,
But man who tastes his finest wheat,
Should joy to lift his praises high.

LAST NOTICE.—The citizens of this borough are hereby notified to remove all ashes, rubbish and other obstructions from the streets and alleys fronting on their premises, during the present week. All rubbish, &c., not removed by Monday next will be removed by street commissioners at expense of property holders.

By order of Town Council,
W. H. WELFLEY.

ON Wednesday night of last week the main building of Tuscarora Academy, located at Academia, Juniata County, was burned down, involving a loss of $9,000, upon which there was an insurance of about $4,000. This structure was four stories high, and built of brick. A portion of it was used by Professor Stone as a family residence, and that gentleman suffers a loss of $1,000 in private property.

FROM the great area being planted in potatoes this spring, it appears that the potato bugs have not scared our farmers very badly. Most of the farmers, however, loudly imagine that the extreme cold of last winter has proved to much for his bugship. For the past two years, notwithstanding the bug or any other bugger, the potato crop has proved to be a profitable one, potatoesbringing 70 cents a bushel in the home market.

THE General Synod of the Evangelical Lutheran Church of the United States, will meet in annual session at Baltimore, commencing on the 26th inst. It is the intention to try and bring about a union between the four branches of the church —the High, Low, German and Southern. This synod will be one of the most important that has ever been held by the Lutheran denomination in this country, and the proceedings are looked for ward to with great interest.

THE celebration of the one hundredth anniversary of the passage of the resolutions of independence by the people of Hannastown, Westmoreland County, Pa., at Greensburg, on Saturday last, was a grand success. Among the distinguished guests present were Governor Hartranft and Hon. Simon Cameron. An immense crowd of people were in attendance. Ten military companies appeared in the procession. Philadelphia was represented by a large delegation including a number of members of the city councils.

WE notice that a number of our citizens have commenced to clean the streets in front of their residences. The unsightly pile of rubbish that has been lying in front of the establishment of Heffley & Sipe for some time was removed on Friday. Nothing tells more in favor of a town with strangers than its cleanliness, and, as of late years it has become quite an object with us to attract strangers during the summer months, it would be well to do all in our power to make the town attractive to them.

THE Supreme Court of the United States has just rendered a decision of special interest and importance to all holders of life insurance policies, and all who may hereafter apply for such policies. It is to the effect that untruthful answers to the questions which form the basis of the policy, even though they may be immaterial to the risk assumed by the company, render the instrument void. This is the first time in which the question involved has been brought before the court of last resort in this country.

THE martins have made their advent, and can now be observed flying in all directions. A good many thoughtful persons took the trouble to provide boxes for the accommodation of these birds, and possession was promptly taken of the cages as soon as the brigade arrived. During the early morning they make the air melodious, and although they cannot sing like the mockingbird, or canary, their music is none the less sweet.

JENNER X ROADS, }
May 13th, 1875. }

MR. SCULL:—

Sir, please allow me, through your paper, to offer an excuse to the people of Somerset county. My excuse is, that I am busy framing a barn which I intend to have raised by the last of this month, and it will be impossible for me to canvass the county. Whatever may be said or done in my behalf will be gratefully remembered. If I should be elected to the office of Commissioner, I would promise to make any necessary sacrifice to the interest of tax payers.

EMANUEL COVER, JR.

DANIEL WEBSTER once said: "Small is the sum that is required to patronize a newspaper, and amply rewarded is its patron, I care not how humble and unpretending the gazette which he takes. It is next to impossible to fill a sheet with printed matter without putting into it something that is worth the subscription price. Every parent whose son is away from home, at school, should supply him with a newspaper. I well remember what a marked difference there was between those of my schoolmates who had, and those who had not, access to newspapers. Other things being equal, the first were decidedly superior to the last in debate, composition and general intelligence."

Is Your Life worth 10 Cents?

Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart Burn, Palpitation of the Heart, Depressed Spirits, Biliousness &c., can take GREEN'S AUGUST FLOWER without getting relief and cure. If you doubt this, go to your Druggist, G. W. Benford & Co., and get a sample bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

WE have been informed that potato bugs in large numbers have been discovered upon plowing up the ground for the spring crops. Upon being exposed to the warmth they have been speedily revived and have shown a lively disposition, being evidently prepared for another summer's campaign. As the bugs will no doubt be more numerous than they were last year, it will be necessary for farmers to wage an incessant warfare against them. In many sections last summer sufficient attention was not paid to the destruction of the bugs. The result was almost a total failure of the potato crop, and a deplorable increase of the bugs. By thorough and pains-taking labor they can be exterminated. One of the most effective agents in their destruction is Paris green, a few applications of which will destroy thousands of the pests.

ON Saturday last a Mr. Logue, of Londonery township, was brought to this place and lodged in Fort Lashley, on the charge of forgery. It appears that Logue had forged an order on a store at Bridgeport, for the sum of twenty-five dollars. He obtained goods to the amount of twenty-three dollars when the order was discovered to be bogus. A warrant was issued for his arrest, and while in charge of the officer he attempted to make his escape. He was fired upon with a revolver, the ball striking him on the back passed through his clothing and scratched his hide. This brought Logue to terms and he made an unconditional surrender. And now, unless he procures the necessary bail for his appearance at September term he will be obliged to spend the summer with in the dingy walls of Fort Lashley.—*Bedford Gazette.*

AS Mr. J. P. Black, who owns a saw mill at Sheffield, Ga., was ten days since sawing a nine foot log into planks, a harsh rasping sound was heard, as though the saw struck some metalic substance. The saw was examined to ascertain the cause, when to the astonishment of those present it was discovered that there were twenty-six $20 gold pieces imbedded in the wood. There was also a piece of paper found among the coins, upon which was written these words: "One mile from this place you will find something valuable." The astonishment of the parties at this discovery was great, and for a time the business of sawing was discontinued, and the remaining logs were examined to see if there were any more treasures concealed in them. No explanations as to the money has yet been elicited, and the matter is likely to remain a mystery.

ON Saturday last, about noon, the cry of fire was sounded in the eastern part of town. It was soon ascertained that the stable of Jacob Semler, on East Pitt street was on fire. A crowd gathered at the scene of conflagration, but too late to do any good. The fire had gained such headway that it was impossible to enter the stable and take therefrom two horses that perished in the flames. One of the animals was quite a valuable one and highly prized by its owner. The origin of the fire is pretty well settled. Mr. Semler had been in the stable a short time before the fire feeding his animals. He was smoking at the time, and there is no doubt that he dropped some fire from his pipe, which ignited the hay and straw, and in a very short time set everything ablaze in the stable The sufferings of the poor animals must have been intense. They were literally roasted alive.—*Bedford Gazette.*

A REASONABLE reward will be given for the satisfactory solution of a question which has bothered us for years. Every one gifted with the faculty of observation must have noticed in his daily walks, squads of three, four or a half dozen individuals—day after day the same faces and forms—loitering in front of stores, hotels, or on the corner of the most traveled streets, apparently engaged in no other business than that of common gatherers and disseminators of town gossip and scandal; or as watchers and commentors on persons —especially females—who pass by. Now, as we cannot suppose this to be a business that pays, the question we want solved is, "How do these idlers manage to support themselves in the style they put on?" It is a secret worth knowing. We know many hard working people who would be glad to take a respite from toil occasionally, if they knew how to earn their bread without labor.

STRIKE.—From down the Yough comes the unpleasant news that the miners and coke drawers are out on a strike, for an advance of ten per cent on a hundred bushels for mining, which if it is acceeded to will make the raise one cent per bushel for mining. Parties of miners have been marching over the country for the past week trying to get the entire body of coal miners and coke drawers in the country to join in the strike, and have succeeded at all but two or three mines. No positive line of action in regard to the matter has been taken yet by the operators, though it is rumored that they will pay the advance sooner than let their coke ovens stand idle at the present time, as the demand for coke is constantly increasing, while the men announce themselves as able and willing to lay idle until such time as the owners shall acceed to their demands, though it is confidently expected by them that they will do so during the coming week.—*Connellsville Monitor.*

MANY of our readers have no doubt been tempted to inquire, what sort of an insect is the buffalo gnat? The telegraph brings us accounts of cattle and horses destroyed in great numbers by them, in Tennessee. An exchange thus describes them:

"The buffalo gnat, which is causing so much destruction among the cattle in the south-west, is a small insect, not more than half the size of a horse fly, which suddenly appears in the air by millions and settles upon all four footed animals within reach. A horse or a cow will be literally covered with them at night; in the morning the animal will be found dead and swelled to an enormous size. The bite is very poisonous, and the wound quickly festers. Cattle owners find that the most effective way of protecting their animals is to cover them with a coating of diluted tar, but if that cannot be done fires are built and the smoke drives off the insects. Among the wild animals, especially the deer, on the Arkansas side of the river, the ravages of the gnat are everywhere apparent. Without any protection, the deer fall victims in large numbers to this poisonous insect, which, however, does not touch man."

MR. WM. DOBBS of the opposite side of the river from Vanport, has a hen that performed a wonder in the egg line a few days ago. She laid an egg of huge proportions at the time referred to, and broke it while performing the feat. On examining it, it was ascertained that it contained two other eggs properly "shelled" within. The inside one of the lot contained a yolk, but the others were imperfect, containing only the white of eggs. A thick layer of this white separated the different shells.—*Beaver Argus.*

MESSRS. WEDDELL & HOLMES, GENERAL COMMISSION MERCHANTS, PITTSBURGH, PA.

We take pleasure in directing the attention of consignors of Flour, Grain, and Produce of every description, in this section of country, to the Card in another column, of our Pittsburgh friends Messrs. Weddell & Holmes, who, as we know, conduct a strict sommission business in all its details—issuing a semi-monthly Price Current, keeping shippers well advised by mail, as to market fluctuations, and by a close attention to the interes of shippers, making quick sales, and pre ipt returns, together with their large warehouse and extensive acquaintance, offer unusual facilities in their line of business, and we can guarantee perfect satisfaction to all who may have consignments to make to Pittsburgh, as we know this to be a responsible firm.

WORK FOR POOR BOYS.—To Farmers, Mechanics, and Employers in the country: At this season, country employers find much use for the labor of small boys. Many such lads between the ages of 14 and 18 come now, friendless and homeless, to our Boys' Lodging House and to this office. They are boys who have had little training and of rough habits, but they will be of use on the farm or in the shop. To employ them would be a charity to the lads and an advantage to the employers. All employers of labor desiring to aid this benevolent work will please write to Mr. C. O'Connor, Supt. of the Newsboys' Lodging-House, 15 New Chambers St., New York, stating the particulars in regard to the boys whom they would employ, their address, with the name of the town and county, and the best means of reaching the place; also, what portion of the railroad fares they are willing to pay.

C. L. BRACE,
Secretary Children's Aid Society,

THE MONEY ORDER SYSTEM.—It is not generally known that the domestic Money Order branch of the Post Office Department has heretofore been conducted at a loss of a hundred thousand dollars a year, and that a new law increasing the rates was passed by Congress at its last session to go into effect on the 1st of July. Full seven eights of the money orders issued are for sums under ten dollars, which at present costs only five cents, while it costs the Government seven cents and a fraction to issue an order. Under the new law the rates will be ten cents for any sum up to fifteen dollars; over fifteen dollars and not exceeding thirty dollars, fifteen cents; over thirty dollars and not exceeding forty dollars, twenty cents: over forty dollars and not exceeding fifty dollars, twenty-five cents. This increase of rates, it is estimated, will increase the revenue in the same ratio as it has heretofore decreased, without inflicting hardship on those using this branch of the service. Arrangements are also nearly completed for the establishment of a money order system between the United States and Canada, the necessary inspections having been made by the postal authorities. The movement will supply a want which has been long felt in both countries.

BOARD OF PARDONS.—RULES.—Under Article IV, section 9, of the New Constitution, the power of the Governor to grant commutations of sentences and pardons can only be exercised "upon recommendation in writing by the Lieutenant Governor, Secretary of the Commonwealth, Attorney General and Secretary of Internal Affairs, or any three of them, after full hearing, upon due public notice in open session."

At a meeting of the above named officials held on the 4th day of May, 1875, the following rules were adopted to regulate all applications for pardons:

First. The first Tuesday of each month is appointed as the day whereon the Board shall convene to give a full hearing in open session to all applications for pardon.

Second. The Board must be furnished with proof that notice of application for pardon has been published once a week for two consecutive weeks, in a newspaper printed in the county or city in which conviction was had, said proof to be made by the affidavit of the publisher of the newspaper that the publication had been made as required by this rule.

Third. Notice of the application must have been given to the judge who tried the cause and to the district attorney, or attorney who prosecuted, and proof of said notice be furnished.

Fourth. Every application for pardon must be accompanied with the following papers, written in a clear and distinct hand.

1. A certified copy of the whole record, including docket entries, minutes of the court, copy of indictment, pleas, and all other papers on file relating to the case.

2. A brief statement of the reasons upon which the application is based, setting forth all the facts, will be required in every application; the notes of evidence taken on the trial; letters from responsible persons in the community where the crime was committed.

Fifth. No application will be considered if presented to any individual member of the board.

Sixth. All applications and correspondence must be addressed to or filed with the Recorder of the Board at Harrisburg, so that the same may be prepared for presentation to the Board at its next session; and no application will be heard or considered unless the same and papers upon which based, have been filed at least ten days before said session, and in no instance will this rule be relaxed.

Seventh. No application that has once been rejected will again be placed upon the record or heard by the Board without the consent of the Board first obtained therefor, and when submitted the second time, additional reason, petitions and proof of notices to judge, district attorney, and the public must be furnished anew.

Eighth. No party will be permitted to occupy more than fifteen minutes in the oral discussion of any application unless by the special request of the Board.

JOHN LATTA,
Lieutenant Governor.
M. S. QUAY,
Secretary of the Commonwealth.
SAMUEL DIMMICK,
Attorney General.
WILLIAM M'CANDLESS,
Secretary of Internal Affairs.
A. WILSON NORRIS,
Recorder.

NOTICE.

At a Court of Common Pleas held at Somerset on the 19th day of April, 1875. Catharine Deihr, Mary Schrack, Elizabeth Boucher, A. Boucher, Aaron Schrack and David Younkin petitioned said Court for an order to sell the Disciple's Meeting House and lot of ground situate in Upper Turkeyfoot township, being the same lot of ground purchased from Henry Boucher 20th May, A. D. 18—, thereupon the Court ordered notice to be given in both the newspapers of Somerset to all parties interested to appear in Court on the 4th Monday of August, 1875, to show cause why said order of sale should not be granted as prayed for.

By the Court.
