KENNARD & OUDESLUYS,

BUTTER

COMMISSION MERCHANTS,

83 Exchange Place,

BALTIMORE.

BALTIMORE, MD., }
September 13, 1875. }

TO THE BUTTER MAKERS.—At the opening of the season for Glades Butter, we again offer our services to the makers and shippers of the Glades; having increased advantages, and every possible facility, for handling your butter in the very best manner.

With an unusually favorable season, the indications are, that the make of Butter throughout the county will be larger than last year. The experiences of last year, proving disasterous to those parties who held their Butter back until late in the season, we would advise our Glades friends to send their dairies forward as early as the weather will permit.

We refer with pride and pleasure, to our business with the Glades last year; knowing that we **obtained better prices for our shippers** than any other house here. We shall see to it, that the present shall even exceed the past.—We will make liberal cash advances upon shipments when desired. Cards and any information cheerfully furnished.

Our shippers may depend upon *prompt sales* and the money **at once**. Send us your butter and get your friends to do likewise. We guarantee satisfaction.

Yours truly,
KENNARD & OUDESLUYS.

THIS (Wednesday) is the first day of the fair.

SUNDOWN and suppertime come unpleasantly near together.

THE fall term of the Somerset Academy will begin on Monday next, Sept'r. 27th.

JUST received a lot of 8x21 Rustic Frames, suitable for framing mottoes.

W. H. WELFLEY.

KENNARD & OUDESLUYS made money for the farmers and merchants who shipped to them last year.

ONE J. Frost put in an appearance last week and played sad havoc among the flowers.

THE prospects for a large attendance at the fair are favorable. A number of entries have already been made.

THE managers of the Agricultural Society received a large amount of glassware on Tuesday morning to be distributed as premiums.

THE Jenner Township School Board will meet at Jenner X Roads on Saturday Oct. 9th, to employ fifteen teachers for five months, commencing Oct 18, 1875.

OUR farmers have commenced shipping their butter to the eastern market, and it may be of interest to them to know that the Express company have largely reduced their rates.

THE up train on the Somerset and Mineral Point Railroad struck a cow belonging to Mr. Daniel List, on Saturday last, injuring her so badly that they were compelled to shoot her.

THE ladies of the Presbyterian Church will hold a Festival during each evening of the Fair.

LET everybody call and patronize them to the best of their ability, and thus assist in finishing that beautiful church of theirs, which will be such an ornament to the town.

F. E. WEIMER has again taken possession of his shop on Patriot street. All those wishing a tip top job of horse shoeing or any thing else in the line of blacksmithing will do well to give him a call.

MR. LUCK, of Carthage, Ohio, struck a bonanza when he married Ada, as she took the premium at the Cincinnati exposition as being "the best and most expeditious cook."

YOU will find a full assortment of Morgan's woolen goods at the fair. Do not fail to buy what you need for the coming winter. You can not get as much wear for the same price any where else.

THE good people of Friedens' thinking that the sweet tones of a good bell added much to the manner of performing worship, on Saturday received an elegant bell, weighing 420 pounds, without trimmings, from the celebrated Troy bell foundry.

KENNARD & OUDESLUYS sold the most Glades Butter last year, and obtained the best prices. They have the trade and facilities for doing the same again this year.

KENNARD & OUDESLUYS,
83 Exchange Place,
Baltimore.

IF you want your Butter sold promptly at good prices and the sales and money at once, ship it to

KENNARD & OUDESLUYS,

Baltimore.

WE are requested to announce that Elder E. L. Allen will preach in New Centreville September 26th, morning and evening. Subject for the morning: "Come thou and thy family into the Ark;" Gen. 7:1. Subject for the evening: Infant baptism; Is. 1:12.

OUR Sheriff knows how to appreciate quick work, and has evinced his appreciation by a treat all around. One day of last week he wanted some posters in a hurry, and our boys put them up in less time than had ever been done before in this town. Hence the treat and this item.

THE post office has been moved from Pisel's new building on Main street to Cook & Beerits' new building on Main Cross street. The room in which it is at present is certainly a great improvement over the old one, being much larger.

THE thermometer went down, down, down, on Friday evening last, until it got cold enough for big fires, heavy overcoats, and scarfs. About seven o'clock two of our young men appeared on the street arrayed in linen dusters and carrying huge palm leaf fans. We don't suppose this had any effect on the weather, but the hearty laugh all around at their appearance certainly did have a warming effect.

WHAT a virtuous, temperate, highly moral place, Cambria County must be! As soon as the editors of newspapers there get into a quarrel the first thing they do is to accuse one another of drunkenness. Verily, brethren, you had better "Join mit de temberance."

THE firm of Robins & Co. Commission Merchants, of No. 88 S. Eutaw St., who advertise in another column, and whose agent is now traversing the county, are but little known to our people. We are pleased to say that they come to us highly endorsed by most respectable bankers and merchants of the city of Baltimore. We wish them a good share of business.

NO MORE CREDIT.—On and after the first day of October next we will sell goods exclusively for Cash; country produce taken in exchange for goods. On the above terms we will sell goods at very reduced prices.

FLICK & COUNTRYMAN,
Lavansville, Pa.

September 16, 1875.

CHANGE OF BASE.—C. B. Colborn & Co. have purchased the grocery establishment of W. F. Altfather & Co., on Main Street. They have taken possession of the room formerly occupied by Altfather & Co. The many friends of the retiring firm will be sorry to hear of their quitting business, but will be pleased to know that the business has been transferred to gentlemen so well known for the quality of the goods they sell and the gentlemanly manner in which they treat all customers.

WE learn that the residence of Mr. Louis Lambert, at Lambertstown, this county, with its entire contents was burned on Sunday Sept. 12th. It appears that Mr. Lambert and his family had gone to camp meeting and that no fire had been in the house since Saturday, which leads to the supposition that it was the work of an incendiary. The house was insured for $1,500 in the Farmers' Insurance Company of Meyersdale. Mr. Lambert puts his loss at $1,500. He lost all his deeds and title papers.

AMONG the advertisements of Butter Commission Merchants in our columns will be found the advertisement of B. Brooke Nyce & Co., of Baltimore. These gentlemen have been doing business among our farmers for quite a number of years, and have always had the reputation of being quick and reliable. Their agent is in town at present to make arrangements for the purchase and shipment of butter. Farmers will have an opportunity to converse with him on the subject during the fair.

MANY of our farmers no doubt have been anxiously scanning the columns of the HERALD for the old familiar card of *Harvey & Co.* This week their fears will be set at rest and their eyes gladdened by the sight of it. Although the daily papers are full of the failures of once prosperous firms, that of W. P. Harvey & Co. stands on too secure a foundation to be unsettled by even the most unexampled hard times of the present.

Our dairymen and farmers in making consignments should look to those who are well established and whose financial status is known to be sound.

REMOVAL.—I take this method of informing my customers and the public generally, that I have removed to my new blacksmith shop, corner of East Main and Pleasant sts., near the old Finisey shop. By strict attention to business and low charges I hope to merit a share of the public patronage. I am prepared to iron wagons on short notice and do repairs of all kinds in my line. Particular attention given to work in steel; also, horse shoeing from 10 to 20 per cent lower than formerly. Give me a call and be convinced I am not joking.

A. E. LITZ.
Somerset, Pa.

THE Somerset Band, through their leader Irvin Heffley, have received a new set of silver horns, from which they discourse sweet music on the public square at least one evening in every week. The boys are improving rapidly in their playing and when it is taken into consideration that they have been organized but a few months their playing is remarkable. We understand that they have secured the contract to furnish the music at the fair when all can have a chance to hear them. We would suggest to the boys that they endeavor to march down town to one of their tunes and they will find out why we make the suggestion.

H. Teigle, the Merchant Tailor of Pittsburgh.

For a close fit, the best goods and the fairest prices, we recommend all readers of our paper, when visiting the Smoky City, to try Mr. Teigle. He is located at 53 Smithfield Street, in the central part of the city. His many years of experience in his business enables him to buy well, and sell at low prices. He has a large and fast increasing custom from this county, and every customer he makes he keeps. Try him and see for yourself.

Green's August Flower.

It is natural for people suffering with Dyspepsia and Liver Complaint or any derangement of the digestive organs, such as Sour Stomach, Sick Headache, Habitual Costiveness, palpitation of the Heart, Heart burn, Water-brash, gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue, disagreeable taste in the mouth, coming up of food after eating, low spirits, &c., to put off from day to day buying an article that they know has cured their neighbor, friend, or relative, yet they have no faith in it until it is too late. But if you will go to your Druggist, G. W. Benford & Co. and get a bottle of GREEN'S AUGUST FLOWER, your immediate cure is as certain as you live. Sample Bottles of this medicine can be obtained for 10 cents to try its supdrior virtue.

Regular size 75 cents. Try it, two doses will relieve any case.

BY permission of the officers of the Somerset County Agricultural Society, the ladies of the Presbyterian church will open on the fair grounds, a booth for the sale of refreshments, the proceeds to go to the building fund of that church. Coffee, sandwiches, pastry, fruit, and all kinds of edibles suitable for such an occasion will be kept for sale during each day of the fair.

The ladies in charge, thanking their friends for their generosity on former occasions of this sort, hope their efforts will not be forgotten now, and will be very grateful for donations of cake, pastry, fruit, ham, or anything else that would be saleable at such a time and place. All such donations can be left at the store of Mrs. Jas. B. Tredwell.

Respectfully,
COMMITTEE.

WE have received an invitation accompanied by a free ticket of admission for ourselves and family to the Johnstown Fair, for which we return thanks. We have also received from the *Tribune* office a premium list gotten up in their usual good style. The premiums, as heretofore, are very liberal. The Fair is to be held on Sept. 28, 29, and 30; and Oct. 1, 1875. We would like very much to be present but as we are constitutionally opposed to taking a "shoe leather express" for that distance and as the slowness with which our delinquent subscribers pay up will not permit us to go in any other manner we will have to stay at home.

BUT few of our summer visitors have remained to see nature put on her gorgeous robes and bedeck herself in crimson and gold. We often find ourselves wondering why it is that visitors to the mountain always find it necessary to leave for their dull city homes just at a time when all that is grand and beautiful in decaying nature is to be seen; when giant trees and moss and ferns begin to be transfigured into such wondrous loveliness. One week at the close of September, or during the early part of October, is worth more on the mountains than three months of the heated term. Nature puts on her most fascinating coloring now, and the lover of the beautiful should linger where the tall trees grow, for nearly a month yet.

WE clip the following item in regard to an injury received by Hampton, son of our old friend Maj. J. C. Gaither, from the Meyersdale *Independent*:

On Thursday evening of last week, Hampton, son of Major J. C. Gaither of Southampton, while playing near the saw mill struck his foot into a piece of wire, or probably a lady's broken hair pin, the long portion of which entered his right foot, between the great and second toes, fully an inch and six-eighths. Failing to extract, so firmly was it fastened, the Major was compelled to bring the sufferer to town for surgical aid, Dr. Meyers extracting it. The child—scarcely eight years of age—bore the operation without flinching, proving him a worthy son of the last Captain of Company A.

The Multiplication of Diseases.

Diseases multiply. One begets another. A trifling indisposition may, therefore, originate a complication of dangerous maladies. Indigestion begets far more formidable diseases; a multitude of ailments are traceable to constipation; fever and ague unhinges the entire nervous system, and is therefore the source of the protean ailments which affect that portion of the human organism. Hostetter's Stomach Bitters, however, whether resorted to at the inception of those disorders of the stomach, bowels or liver, which give birth to the majority of diseases and disabilities, or taken when they have ripened into formidable maturity, are alike powerful to cure. The process of recovery is, of course, longer when the malady has gained headway, but it is none the less certain. Dyspepsia, constipation, billiousness, kidney complaints and intermittent fevers, invariably yield to the operation of the great alterative and invigorant.

Wholesale Boots and Shoes.

Messrs Gill & Bro., now located at 253 Liberty Street, Pittsburg, would ask the attention of all dealers to their Card in another column. Anticipating a a lively trade this fall, they offer at their large establishment, the most complete line of goods ever brought to that market. Years of experience have made them thoroughly familiar with the wants of the trade, and merchants can do well in ordering from them, even in preference to buying in either Philadelphia or New York. They make a specialty of the Fort Pitt, Bugalo, and Erie, Men's, Women's, and Children's hand made Boots and Shoes. Their stock this fall has been selected with special care, and standing as this establishment does, one of the leaders of the trade of Western Pennsylvania, they can offer their stock of women's, misses', children's men's, boy's and youth's boots, shoes and brogans, at such low prices that our dealers in this section will find it greatly to their interest to call on the Messrs. Gill & Bro., before buying or examining elsewhere.

Wholesale Dry Goods.

We would invite the attention of all dealers in Dry Goods, &c., to the large card, in another column, of the leading wholesale dealers in Dry Goods in Pittsburgh, Messrs. Arbuthnot, Shannon & Co., 239 and 241 Liberty street. This is the largest house of the kind in the city, and their elegant and spacious store rooms, fitted up exclusively for their accommodation, are well lighted, and especially well adapted for the display of the great variety of goods offered by them. Their Fall Stock, which is full and complete in every department, is augmented daily by fresh arrivals, thus keeping their assortment perfect at all times. Their Autumn Styles contain the largest variety ever opened in the city. Their special attractions in the Dress Good Department contain a full line of all the leading brands of Domestic Dry Goods, Shawls, Skirts, Hosiery, Gloves, &c. They are also Sole Agents for the celebrated Fullerton's Freeport Flannels, New Lisbon Flannels, Blankets, Yarns, &c. Our merchants should not fail to call and examine their stock and prices before making their fall purchases.

"Something New."

We wish to call the attention of our readers to the card, in another column, of Wm. Guenthers', Lung Healer. This remedy must be a success, judging from the array of testimonials which are set forth in their circulars, two of which will be found in their card. Although this medicine has never, until now, been brought before this community, yet it is by no means a new or untried one. Years ago the same recipe was used in Milow, Germany, by Dr. August Guenther, in his private practice, and with such success that on his death he left the secret as a legacy to his brother, Andreas Guenther, who, in turn, gave the same to his son, Wm. Guenther, (one of the present proprietors,) on condition that the same should not be used, except as charity, until after his death, which occurred in 1874. * * Since that time Wm. Guenther has been giving the world the benefit of his truly wonderful secret. We would advise our readers to examine the claims of this remedy, which, as far as we can judge, are well founded.

AMONG the places at which Gen. Koontz spoke during his trip to Ohio, were Palestine, Sullinsville, Mansfield, Ashland and Fostoria. We find the following flattering notice of him in the Salem *Republican* of Thursday, Sept. 9, 1875. J. K. Buckenbrod, the editor of the *Republican* is a member of the Senate of Ohio.

The Republican meeting at East Palestine, Monday evening last, addressed by Hon. W. H. Koontz, of Somerset, Pa., was well attended. The utmost attention was paid to the eloquent speaker during his entire speech. He spoke at some length on the financial question, which is now claiming so much attention in Ohio. He argued the issue clearly and logically, and showed the utter fallacy of inflation. He demonstrated beyond a doubt that the Democratic party was not the one the thinking people of this country desire to elevate to power. Judging their future by the past, they were no more to be trusted with tne finances of the country than any of its other great interests. They had vacillated and betrayed in all the great matters of State or Nation entrusted to their care. The speaker continued for an hour in a pleasing, convincing discourse, and we are sure, did much good.

TEACHERS' EXAMINATIONS.—The examinations of Somerset County for the present school year will be held according to the following programme:

Salisbury, Monday, Sept. 27th.
Meyersdale, Tuesday, Sept. 28th.
Berlin, Wednesday, Sept. 29th.
New Centreville, Saturday, Oct. 2d.
Ursina, Monday, Oct. 4th.
Petersburg, Tuesday, Oct. 5th.
Somerset, Wednesday, Oct. 6th.
Stoystown, Thursday, Oct. 7th.
Davidsville, Saturday, Oct. 9th.

The examinations will begin at 8 o'clock a. m. Teachers coming at a later hour will not be admitted to the examination that day. A special examination will be held in any district not named in this programme, if the proper Board of Directors will appoint the time and place, and give notice to the Superintendent that they desire an examination. A special examination will be held at Somerset on Saturday, October 30. Each teacher will provide himself with a stamped envelop bearing his address and enclosing last years' certificate. No private examinations will be held, except by request of the Board of Directors where they wish to teach.

Boards of Directors and friends of education throughout the county are requested to be present at the examinations in their respective districts.

J. B. WHIPKEY,
Co. Superintendent.

GRAND EXCURSION.—An excursion train will leave Pittsburgh on Thursday, Sept. 23rd, over the Pittsburgh, Washington & Baltimore Railroad, for Washington and Mount Vernon, the Capitol and the Tomb of Washington. A reception will be had at Cumberland. Among the many points of interest to which the excursionists will have free access are the Capitol, Treasury Department, Patent Office, Smithsonian Institute, Medical Museum, Corcoran Art Gallery, Arlington Heights, Government Printing Office, &c. A trip will be taken down the beautiful Potomac to Mount Vernon, where every excursionist will be presented with a memento. Returning the train will leave Washington at 1 o'clock on Saturday. The fare for the trip including excursion on Potomac and dinner and supper at Cumberland will be but nine dollars ($9) while the regular fare is over $22. Arrangements have been made at the hotels in Washington for greatly reduced rates. The managers of this excursion, with the usual Pittsburgh liberality and hospitality, have invited persons living along the line of the Connellsville Railroad to join them. To those of our citizens who have never visited the places named, this is an opportunity that should not be neglected and one in all probability that may never occur again. Can't a party be raised at Somerset to join the excursion.

MR. JOEL M. YUTZY of Pocahontas, according to Mr. Eli Schorky and the Somerset *Democrat*, found a piece of yellow metal on his farm, a short time ago, and according to the same authority a Frostburg mineralogist pronounced it to be pure gold, and that Mr. Yutzy had been offered $100,000 for his farm. This announcement in the *Democrat* didn't create much of an excitement and there wasn't a rush for Pocahontas like that to California in 1849 and 1850, or even like the crowd that went hurrying over the seas to the South African diamond fields; in short the Black Hill expedition outnumbered it just as many as there were persons in that expedition. Pocahontas, maidest and unassuming as the Indian maiden from whom its name, still pursues its way in quietness as if Mr. Yutzy had never picked up that piece of ore.

The item, however, was not without its influence; the young man that penned it was roused from his usual lethargy, his dreams by night and his visions by day were of gold. Every senseless stone in the street to him was a bonanza teeming with untold wealth, and the hills around Pocahontas were filled with rich nuggets. Yes, he would go to Pocahontas, he would delve in its hard mountain soil until he had become the possessor of more wealth than Crœsus; then he would buy the New York *Herald* or perhaps the London *Times* and the millions who never even heard of his efforts as the local of the Somerset *Democrat* would court him and speak of him as the rich, the great editor. With his mind filled with such thoughts he commenced making preparations. Up to date he has one skillet, one kettle, three revolvers, one bowie knife, (wouldn't the diggings soon be filled with lawless characters) one old mattock, and a cradle. His outfit will be complete in a short time and the natives of Pocahontas may expect to be astonished.

NOTICE TO TAXPAYERS.

The undersigned Commissioners of Somerset Co., are compelled to urge upon the taxpayers of the county the absolute necessity of the immediate payment of their taxes. That you may see the necessity which urges us to make the appeal, we give you the annexed statement of the condition of the Treasury. We make it because many seem to think that the balance left in the Treasury at the last settlement ought to be inexhaustible.

There was in the Treasury at last settlement		$4,808 13½
The Treasurer has received since last settlement		13,544 01
Total in Treasury		18,052 14½
Paid since settlement on State tax	$2,000 00	
Paid on Co. and Poor House orders	15,329 96	
Paid on unsented land orders	583 46	
Total		17,950 42
Balance in Treas. Sep 3, 1875		101 72½

The outstanding taxes amount to about $17,000.

From the above statement you will see that there is but $101 72½ in the hands of the Treasurer. On the 1st day of October 1875 there will be due on bridge building six thousand dollars, ($6,000), to the Pond House about four hundred dollars, ($400), besides other orders to be paid when presented.

This statement explains the urgent necessity for the prompt payment of the taxes due.

A neglect on your part to attend to this appeal will be immediately followed by the strictest orders to make the money according to law.

VALENTINE J. MILLER,

DIED.

BAIRD.—On Wednesday morning, Sept. 15, at half past eight o'clock, Daniel Baird, aged 83 years and 4 months.

Mr. Baird was born in York county, Pa., May 15, 1792, where his boyhood days were spent. Upon the breaking our of the war of 1812, he enlisted and served under Capt. Meredith until discharged in in 1814, when he removed to and has ever since lived in Somerset borough, where in 1818 he married one of the late Judge Kurtz's daughters, who, with eight of their eleven children, survive him. He was a member of the German Reformed Church.

In his death our town has lost one of her oldest residents—one who has been familiar to us all since we first learned to know anything, as his active habits, and keen interest in public affairs brought him early to the acquaintance of every one. He was exceedingly kind hearted, cheerful and frank, and utterly without guile, and in all his transactions through his long, busy lifetime, it must be said he did no wrong to his fellow men.

RHOADS.—On the 14th of September, 1875, Mrs. Hannah Rhoads, widow of Jacob Rhoads, aged 81 years. Mrs. Rhoads was the mother of seven children, of which four are still living; she had forty-six grand-children and seventy-five great-grand-children.

BLOOD The BLOOD is the LIFE, and when it is impure, the whole system will be diseased. You cannot purify a stream while the spring is corrupt; neither can you impart good health to the human body while the blood is conveying the seeds of disease to all parts of it. Therefore PURIFY the BLOOD, and nature will heal the disease. No remedy has ever been discovered which has effected so great a number of permanent cures as

LINDSEY'S
Improved Blood Searcher.

It is rapidly acquiring a national reputation for the cure of
Scrofula or Affections, Cancerous Formations, Erysipelas, Boils, Pimples, Ulcers, Sore Eyes, Scald Head, Tetter, Salt Rheum,
Mercurial and all Skin Diseases.

The remedy is a vegetable compound, and cannot harm the most tender infant. Ladies who suffer from the debilitating diseases known as Female Complaints will find speedy relief by using this remedy.
