GREEN'S AUGUST FLOWER.

It is natural for people suffering with Dyspepsia and Liver Complaint or any derangement of the digestive organs, such as Sour Stomach, Sick Headache, Habitual Constipation, palpitation of the Heart, Heart Burn, Water-Breath, greasy and burning pains at the pit of the Stomach, Yellow Skin, Cold Tongue, disagreeable taste in the mouth, coming up of food after eating, low spirits, &c., to put off from day to day buying an article that they know has cured their neighbor, friend, or relative, yet they have no faith in it until it is too late. Regular size 75 cents. Try it, two doses will relieve any case.

There were many articles scattered through the different departments, some of which have already been noticed.

The ladies' department was very fine. It was an exhibition showing skill, labor, and industry. Dresses, quilts, coverlets, tidies, with fancy needle work of all kinds and varieties, shawls, capes, and pelisses well fitted and trimmed, and a variety of "take one" and "take two" articles.

The butter very fine; the committee pronounced it all so good that it was very difficult to decide which was best. The best was by J. Miller, our county commissioner. It was very good. Mr. Miller was offered forty cents per pound for it as soon as it was opened.

The home mechanical department was very well represented and shows that the spirit of old Alex. Yoder is departing from our people. This is to be regretted as the farmers now need a home market for their various products. Among those on exhibition were boots and shoes by N. B. Snyder, excellent; a collar by Isaac Simpson, chains and wagon by Perry Unabeger, plows by J. S. Hartzell, A. Very fine buggy by Grove & Dennison.

In the foreign manufacturing department the articles on exhibition and award of the committee are as follows:

Best washing machine and winger by ———
Fanning mill and separator by ———
From Indianapolis.

C. F. Shuler, clothes rack.
C. F. Flick, lime grinder, 1st premium.
