WM. COLLINS, DENTIST. Office above Cauffman & Fryer's store, Somerset, Pa. In the last fifteen years I have greatly increased the power of artificial teeth in the mouth. The teeth are thoroughly defended from decay. Those who have had their teeth filled know that "filling" does not preserve them. Nothing will do that but to make good sets of teeth at such prices that all can get them in any other place in this country. I will now confine myself to the practice of Dentistry in the office of the undersigned, and will be prepared to do all operations in this line in the most thorough manner. Those who have had their teeth filled by me will please call and have them examined free of charge. [jan26
