J. W. PATTON.

THE Lutheran church is rapidly nearing completion, a large force of workmen being engaged on it. It will make a handsome church.

A RECENT invoice of cloths and cassimeres at Patton's, worthy of inspection. Furnish your own tailor. Call for the material and save money.

OUR young friends Clark Benford and Everette E. Patton, of Washington, Iowa, are spending their summer vacation with their friends at this place.

A LARGE number of our young people picnicked at Mapel Grove on Wednesday last. The day was passed very pleasantly, and the ride home by moonlight enjoyed fully.

FLOUR low in town. Flour lower in town. Flour lowest in town. Every sack and barrel warranted good, and satisfaction guaranteed.

COOK & BEERITS.

COMPARISON in prices. Woollen goods now, and twelve months ago, forces conviction that 40 cents per pound is a high price for wool, when Patton sells good Kentucky Jeans at 25 cents per yard.

NOTICE.—All persons indebted to us will please call and settle their accounts by the 1st of August. All accounts not settled will be left with an officer for collection after that time.

SNYDER & UHL.

FROM all parts of the country comes the cheering intelligence that the crops are immense. Wheat, rye and barley are good, while corn, oats, hay and potatoes never were better.

FARMERS who will trade with me the coming season will use their sour apples for drying and sweet apples for applebutter. Sweet dried apples and sour applebutter are not marketable articles.

E. M. SCHROCK.

THE active members of Somerset Fire Co., No. 1, will meet in the arbitration room on Thursday evening next, at 7½ o'clock, for the purpose of electing officers.

JOHN YOUNG,
Secretary.

THE members of the Somerset County Agricultural Society will meet at the rooms of the Vice President, Casebeer's Block, next Saturday evening.

JOSIAH MOWRY,
President.
E. M. SCHROCK,
Secretary.

Go to Musselman and Freeze for your farm implements and machinery, such as Threshing Machines, Grain Drills, Mowers and Reapers, Cutting Boxes, the celebrated "Hartzel" Plow and castings and etc., etc.

THE price of "drunks and disorderlies" has been raised. At their last meeting, the town council passed an ordinance instructing the Burgess, in all cases of the above kind that came within his cognizance, to impose a fine of not more than fifty dollars, and not less than five.

ROLL BUTTER WANTED.—To enable me to fill an order for 10,000 pounds of roll butter, which I purpose shipping in the months of July and August, I will pay for choice roll butter half cash. Please deliver your butter on Monday and Thursday morning.

J. W. PATTON.

OUR neighbor of the *Democrat* on Friday last received a lengthy account of the Fourth of July celebration in Berlin. It was received too late to be put on the outside and we could not spare so large an amount of space from our local page. We are sorry it did not reach us sooner in order that we might have given it a place in our columns.

WE wish to call the attention of our readers to the card of the "Naugle House" in another column. This house has been newly furnished and refitted, and Fred, the genial, gentlemanly proprietor, has had experience enough in his line to convince all that the "Naugle House" is a first class hotel. Call and see him when you come this way.

B. F. SINGERLY, one of the oldest and perhaps the wealthiest printer in the State, died suddenly at Pittsburg on Sunday evening. He was formerly State printer for three consecutive terms of three years each. He was the first power pressman in that city. He was born in 1815, and at the time of his death weighed three hundred and ninety-six pounds.

IT has frequently been asserted that "corporations have no souls," but how is it with the Cumberland Valley Railroad Company, which has supplied its 400 employees with free tickets to the Centennial, and also the Philadelphia & Reading Company that is treating all its employees in the coal regions to a trip to the Centennial—including tickets of admission to the grounds for themselves and their families, and all necessary refreshments.

BEN. KOSSER, Esq., editor of the Santa Cruz, Cal., *Sentinel*, and one of California's Centennial Commissioners has been paying a visit to his old home. Mr. Kosser was one of the early California pioneers, having gone there with Gen. Sherman. He is an enthusiastic Granger, being a member of the California State Grange. He called at our office one day of last week where a welcome always awaits him. May he live long and prosper.

Worth its Weight in Gold.

Undoubtedly the greatest modern discovery in medicine is DACOSTA'S RADICAL CURE for Dyspepsia, Sick Headache, Sour Stomach, Costiveness, Biliousness, Loss of Appetite, distress after eating, and all disorders caused by indigestion or a deranged liver. *Its results are astonishing,* and sure relief is guaranteed in every case where it is faithfully used. It tones up the stomach, regulates the liver, restores the natural appetite, strengthens the delicate, and expells all morbid humors from the system. Typhoid and Bilious fever might in almost every case be prevented by its timely use. Trial size 25 cents. A very few doses will relieve, and a little perseverance cure you.

Sold by G. W. BENFORD & Co., Somerset Pa.

In company with Messrs. J. B. Tredwell, J. C. Postlethwaite and C. O. Hurst, the local of this paper paid a visit to Brush creek on Thursday last, with the expectation of inducing large numbers of the finny tribe to leave their mountain haunts and grace their baskets. During our stay we were very pleasantly entertained by Mr. Gideon Bauman and his son, our young friend Daniel J. Bauman. The number of trout captured were not numbered by millions.

THE Cleveland Colored Paints are mixed and thined ready for use; This is the best paint made for house painting; Will wear longer than any other. Call at Blymyer's Hardware Store and see the beautiful shades; 30 different colors. The finest houses in Somerset are painted with this paint. Everybody is using it on account of its durability and cheapness. Use no paint till you have a talk with Blymyer, who will give you the proof of the assertions made above.

BALLOON.—Mr. Noah Bowman at five o'clock on the evening of June 29, 1876, captured a balloon sent up from Mt. Pleasant, Westmoreland county, Pa. Among other inscriptions on it were the following; "Return to *Dawn* office, Jim Overholt proprietor," "This balloons were sent up from Mt. Pleasant, June 29. Please return to H. W. Overholt," "The following are contributors to this baloon ascension; H. W. Overholt, J. A. Bolty, J. B. Rupert, R. H. Goodman, and Geo. Stauffer, Mt. Pleasant, June 29, 1876."

HERE WE GO.—Who says it does not take money to buy Flour, Grain, and Feed, by car load, for cash on delivery. Whoever said we agreed to sell these goods on credit for a longer term than thirty days. We are giving our debtors due notice of these facts, by statements of their accounts, and beg them to take heed, lest we should be compelled to collect by adding costs.

COOK & BEERITS.

THE local editor of this paper has been questioned frequently since the Fourth of July as to whether what he read in the pine grove on that day, and afterwards printed in the HERALD were all the historical facts in his possession. In reply he would say that he has a large number of additional facts, from eight to ten times the number read on the Fourth, and hopes to gather many more during the coming fall and winter. He will be under obligations for any information that may be furnished him. When completed it will be printed in pamphlet form.

The American People

No people in the world suffer as much with Dyspepsia as the Americans—and although years of experience in medicine have failed to accomplish a certain and sure remedy until GREEN'S AUGUST FLOWER was introduced for this disease and its effects; yet so well has this remedy succeeded in every case to effect a cure, that there is not a druggist in the United States but recommends the AUGUST FLOWER in all cases of dyspepsia and liver complaint, costiveness, sour stomach and liver. Go to your druggist and get a sample bottle for 10 cents and try it. Two doses will relieve any case. Regular size 75 cents.

A PAIR OF THEM.—Confluence against the nation. On the morning of the 4th of July, Mr. John Ellis was presented by his wife with a pair of bouncing boys. It has not yet been decided what to call them, but it has been suggested that "Centennial" and "Seventy-six" would be the most appropriate. A number of towns had Fourth of July celebrations, but this celebration at Confluence can beat them all, for there patriotism was developed in its fullest extent. If Confluence can be equalled or beat anywhere we would like to hear of it. Trot out your celebrations gentlemen.

WELLERSBURG, PA., July 14, 1876.

The weather has been very warm for more than a week. On Sunday last, several of our prominent citizens ignored the established rules of etiquet by appearing in church minus their coats. Should the thermometer range equally as high on next Sunday I expect to see the same parties appear in their barefeet.

On Monday and Tuesday the heat was so oppressive that some of the harvest hands were compelled to cease work.

Last Saturday Mr. Cal. Cook returned home from Philadelphia. He gives glowing accounts of the exhibition and of the hospitality of the Philadelphians.

J. E. HILLEARY.

OUR enterprising young friends Chas. and Ed. Rhoads have established a livery stable on Race street. One day of last week they sent one of their best teams around to Printing House Row with a kind invitation for the "locals of the *Democrat* and HERALD to take a drive. Neither of the editors were present but we appreciate the kindness as much as though we had made use of it. These men have always been known as energetic business men, kind and obliging to all, and we assure such of our friends as shall give them a call in a business way, that they will be furnished with teams, first class in every respect at moderate figures.

RAIL ROAD ACCIDENT.—An accident occurred to the east bound express train on the B. & O. R. R. at Ursina station, on Sunday morning by which the engineer, named John Berlin, was killed, and the fireman, Geo. McCarthy, was seriously and it is thought fatally injured. A slide of earth covered the track which the heavy log prevented the engineer from seeing and into which the engine plunged at full speed, being thrown down an embankment a distance of about two hundred feet. Fortunately the coupling of the engine broke or the whole train would have been precipitated down the embankment. The above is the only casualty reported.

ON Saturday night last, some of the "b'hoys" engaged in what our Burgess was pleased to term a riot. On Monday the birds were caged, fined ten dollars each and costs, and bound over in four hundred dollars each to appear at the next court of Quarter Sessions. Burgess announces his determination to break up the practice of loafing and carousing on the streets, and we feel sure that all good citizens will aid him to accomplish this much to be desired end. It is to the interest of each and every citizen to see that peace and order are maintained. Of the merits of the case tried before Burgess Wolfley on Monday, we shall say nothing as it will undergo a judicial investigation.

INFANTICIDE.—On Monday last, Esquire Ogle was notified that the body of a child had been discovered on the premises of Herbert Nicodemus, on Race street, Somerset, Pa. He summoned a jury, composed of A. J. Colborn, Esq., foreman, John H. Uhl, Esq., C. A. Rhoads, George M. Neff, George Snyder and H. C. Beerits, who proceeded to the ground and viewed the body. The body was that of an unusually large and healthy female child. Dr. S. S. Good made a post mortem examination of the remains and gave it as his opinion that the child had been born alive. Herbert Nicodemus was called and sworn and testified as follows; "Noticed Kate Bennet a domestic employed in my family to be in a family way. Was in the country on last Wednesday and on my return my attention was called to the appearance of the girl; took her to task about it, when she replied 'my God look at me, do I look as if I was.'" On Saturday the girl left Mr. Nicodemus' and a day or two afterwards he became suspicious that the child had been born and foully dealt with. He procured the services of officer Gilbert and searched the premises. The remains were found lying alongside the fence, covered with about two inches of earth. There were several str nds of timothy around its neck at the time.

Dr. S. S. Good was call and testified thrt in his judgment the child was born alive, and that there were marks of violence around the front part of the head. The inquest then adjourned until Tuesday morning in order to procure additional testimony.

Tuesday morning officer Gilbert was called and coroborated the testimony of Nicodemus, with the addition that the girl Bennet had confessed that the child was born alive, and that she had killed it by beating its head against the wall.

J. H. Fritz was called and coroborated Gilbert's testimony in regard to the confession.

Kate Bennet is a poor, ignorant girl, of medium height, about twenty-eight years of age, and is more to be pitied than condemned.

Up to the time of our going to press the inquest have failed to make a presentment.

The Evil Fruits of Weak Digestion.

There is no pathological fact more clearly ascertained than that the most formidable phases of nervous disease are directly traceable to imperfect digestion. Insomnia, with its train of direful consequences, proceeds more frequently from weakness of the stomach than from any other cause. Mere sedatives are powerless to cure nervousness, and soon cease to palliate its symptoms. The true way to strengthen the nervous system is to invigorate the digestive and assimilative organs, upon whose unobstructed action its equilibrium is absolutely dependent. The daily use of Hostetter's Stomach Bitters will do more to brace and soothe the weakened and irritated nerves, and induce sound, refreshing sleep—nature's grand catholicon,—than all the so-called nervines to be found in the pharmacopoeia or out of it. A wineglassful of the Bitters should be taken before each meal.

Buckstown Items.

A twelve year old son of Esq., Rankin of this place had his leg broken last Wednesday by a log rolling upon it.

Our **shoemaker** has quit his trade and gone to farming.

Mr. John L. Williamson cut his foot badly while chopping wood. We judge it is doing well, as we seen him shake it considerable the evening ot the fourth.

The fourth was celebrated in good style, plenty of good things went to waste. Mr. V. Sorber Esq., delivered the oration.

We have an old gentleman living in our illage eighty-one years old, who was blind ten years, with cataract in both eyes, who can now see as well as the average at his time of life. Dr. Geo. Strawbridge of No. 1616 Chestnut St. Philadelphia restored him to light in the incredible short time of ten minutes.

The young folks had a very pleasant "hop" the night of the fourth. The music was fine and the dancing was artistic.

"OLD PETER"

Jenner Items.

ED. HERALD.—Thinking that a few items from this place might be of interest to some of the readers of the HERALD, I submit the following.

Fourth of July has come and gone and has been observed as a holiday generally in and around this place. A Sabbath School celebration was held near Jennertown, the Beam, Mountain and Jennertown Sabbath Schools joining another Sabbath School celebration was held in a grove near the Baptist Church several miles north of this place. Mt. Zion and St. James Sabbath Schools joining. Both were well attended and all seemed to have enjoyed themselves very well.

Quite a number of persons of this place visited Somerset on the fourth. Although some came home in the rain, not one of the parties regret the trip, on the contrary all seemed to be highly pleased with the sights they saw and the hospitality shown them by the people.

The torch light procession in the evening was a grand sight and all speak in the highest terms of the illuminating of the town. Parties here are anxious to know if Professor Johan has been heard from since the balloon ascension. The Cross Roads party are only sorry that fourth of July don't come more than once a year.

Several of the farmers in this vicinity have purchased mowing machines this year. Last year quite a number were sold through this section of the county.

Several weeks ago Mr. Reuben Hoffman had quite a narrow escape from what might have been a serious accident. While Mr. Hoffman was in the act of raising a plank in the floor of a log stable a bullet struck and went through the mattock handle with which he was working at the time. It is supposed that some one hunting in the woods near by fired the shot. Mr. Hoffman can congratulate himself on his narrow escape.

A campmeeting will be held at the same place last year's campeeting was held on Laurel Hill, near the Bedford and Greensburg pike commencing August the 24th. Persons attending the meeting this year will find the grounds in a much better condition than last year. Parties have been cutting out the under brush, making roads etc., which will improve the place very much.

Since the contract for carrying the mails has gone into other hands we have had no public conveyance for carrying passengers, the mail being carried on horseback, which it continued will compell parties here to find their own conveyance when they wish to travel. "AMOS"

SPEARS.—At the Gate House in Petersburg on Monday evening 10th inst., after a most painful and in every possible aspect a most distressing illness Mathew E. Spears in the 61st year of his age. Mr. Spear was a native of County Antrim Ireland. Learned the tailoring business in his native Country, but at an early age emigrated to his adopted Country, by way of Canada. Lived for a number of years in Vermont, where he married and whence at the solicitation of his brothers, well known and respected in eastern Fayette and Southean Somerset Counties, he removed here. Like most men of his race he mas easily roused either to indignation or sympathy, a warm and active friend where e'er he took a liking. In cases of sickness and suffering none were more swift, more kindly or untiring in all good offices. Yet when his own time of terrific trial came such was the nature of his disorder that none could relieve or do anything tor him beyond offering their respectful and hearty sympathy. The HERALD has spoken of his disease "Cancer of the Mouth." Your readers will therefore have been prepared for the announcement of his death. For some days before his death, the tongue, swolen and inflamed protruded from his mouth, preventing him from swallowiag and worse still during the distressingly hot weather obstructing his breathing. No wonder his oldest friends dreaded to see him when the horrid alternatives of starvation or suffocation seemed inevitable. But Almighty God in mercy vouchsafed him an easier death. On Monday he was taken with a hemorrhage and in about three hours lost three quarts of blood, so says an experienced neighbor who was with him during the closing scenes. It not only smoothed his final passage but restored his features to their natural expression. If his friends and neighbors could do but little for him during his long illnes, which he bore with a most heroic and exemplary fortitued, they could and did testify their regard after death. Notwithstanding the weather was unpropitious and threatening, the concourse in attendance at the funeral was large and respectable. The orders of Odd Fellows and Sons of Temperance under the Chief Marshalship of Gen. Ross furnished the escort proper and added greatly to the interest and impressiveness of the scene. But the distinguishing feature of the occasion was the ladies connected with the Temperance organization. Their dresses were tasteful and beautiful, the marching and general conduct worthy the highest praise. It was a display of which any family, indeed in any community could well be proud. The funeral sermon by Rev. Dr. Luccock of the M. E. Church is highly spoken of, as indeed are most efforts of this talented young man.

After life's fitful fever, sleep well old friend! sleep well!

DIED.

ZIMMERMAN.—Thursday morning June 29th, near Stoyestown, Jacob Zimmerman, sr. aged, kind hearted citizen departed this life in the sure hope of the resurrection of the church. Aged 80 years, 10 mos., and 3 days.

COLEMAN.—On Monday July 17th 1876. Mr. Joseph Coleman of Somerset twp., aged 73 years.

Terrible Tragedy.

NEWARK, N. J., July 13.—At two o'clock to-day three brothers named Fichorn, who have been known as desperate characters for years, were arrested by police officers for disorderly conduct. As officers Dickerson and Elsdeu attempted to march them off the men drew revolvers and shot Elsden dead and fatally wounded Dickerson. Escaping from the crowd, the desperadoes ran up the street to J. W. Cawson's tannery, in River street, where they formerly worked. There they called for Mr. Meyer, the foreman, who had discharged them, but not finding him they commenced an indiscriminate firing on the shop, which resulted in the killing of John Albus, the assistant foreman, and the wounding of two workmen. The employees of the shop turned out en masse and chased the murderers towards the river. In the pursuit the workmen used stones and knives, striking the murderers several times before they reached the river. The latter escaped into the water and attempted to escape across the river, but were stoned to death by the outraged workmen. The wounned were taken to St. Nicholas hospital. One of them, named Fisher, is dead. Dickerson will not recover, and the other men are in a precarious state. Albus and Elsden leave families. The murderers as far as known were unmarried.

The body of one of the Fichorns has been recovered from the river. It shows marks of bad cutting about the wrist. Men are engaged dragging for the others. The shooting had no connection with the recent labor troubles here. The murderers were desperate characters, and they shot innocent men out of mere devilry. Policeman Dickerson died of his injuries at five o'clock. He was one of the colored men on the force. The deaths now number seven, policemen Elsden Dickerson, the three Fichorns, Albus and a workman. The most intense excitement prevails in the city, and the summary action of the workmen is generally commended.

Lake Disaster.

HOUGHTON, Mich., July 10.—Last Sunday morning, about 2 o'clock, the propeller St. Clair, Capt. Robert Phyness, belonging to the Wards line, on her way from Duluth, left Ontonagon for this port, having on board eighteen passengers and a crew of fourteen persons. When off Fourteen Mile Point a fire was discovered in the fore hold of the vessel, and in less than five minutes the boat was enveloped in smoke and flames. Owing to the rapidity with which the flames spread but one boat was launched.

Life preservers were brought on deck and all the passengers succeeded in putting them on, when a rush was made for the yawl, which was swamped six or s ven times. The water was very cold, and it was not long before all but one of the passengers perished, together with ten of the crew. When the boat caught fire she was about five miles from the shore. The following is a list of the saved: Robert Phyness, captain; Daniel J. Stringer, engineer; Thos. C. Bothman, mate; Thomas Forteer, wheelman; J. B. Sutphin, a passenger. The boat's cargo was made up of cattle, flour, feed, &c.

Serious Cowhiding Affair.

MIDDLETOWN, N. Y., July 13.—Robert H. Berdell, a New York broker, lately notorious as defendant in a divorce suit in which his wife succeeded, was attacked at Goshen, his residence, by Wisner and Spencer Murray, brothers. The former held and the latter cowhided him. Berdell drew a revolver and shot Wisner, the bullet entering over the eye, making a scalp wound which will probably prove fatal. The injured man married the sister of Berdell's divorced wife and figured in the trial referred to. Offensive missives, received at the Murrays' house and written by Berdell, was the immediate cause of the horsewhipping. Wisner Murray is president of the village of Goshen. Burdell was arrested.

Gov. Hayes and Carl Schurz were introduced to each other at Columbus, Ohio, a few days ago. They had met for the first time.

NORMAL SCHOOLS.

The Normal Schools of Somerset county, will commence on Monday, July 31st, and continue in session nine weeks. The following are the principals, and locations of the different schools.

M. S Bear, Berlin.
J. P. Divsley, Meyersdale.
J. D. Meese, Salisbury.
Frederick Grof, Stoystown.
J. C. Weller, New Centerville.
S. U. Trent, Somerset.
Chas. Eitrick, Jenner X Roads.
Ursina.

A thorough Normal drill will be given in all the common branches; instructions will also be given in the higher branches where classes can be rmed.

All who desire to teach, should avail themselves of the advantages offered by these schools, beyond doubt, the great and paramount necessity of our schools is higher qualification in the teachers, and without decided improvement, many, who received certificates last year, will be neglected this year.

Students should be present at the opening of the session if possible.

Tuition from $4 to $6. No deduction for partial term.

HEALTH AND ITS PLEASURES,

OR

Disease with its Agonies:

CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one;—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and Want of Appetite.

These feelings which so sadden us, frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow, as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong.

Never let the bowels be confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, however; for these Pills will immediately correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, when in all cases gives tone and vigor to the whole organic system, however deranged,—health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid, fermented, or other impure humors from the liver, stomach, or blood, the cause of dysentery, diarrhœa, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowel becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they sec
