OLD PASTURES.

OLD PASTURES.
When a farmer has a large pasture of land that may be easily plowed and cultivated, but which produces but little grain, and that of poor quality—a field that requires a great deal of manure to grow anything but a few stalks of corn, and has been so for many years, we must admit that something is wrong in the management of the owner.

THE BLACKFEET INDIANS.

THE BLACKFEET INDIANS.
The Blackfeet, taken as a body, are still the most numerous and powerful of the nations that live wholly or partly in North America.

A Thoughtful Husband.

A Thoughtful Husband.
If he had confined himself to his legitimate duties, there would have been no occasion for him to have been strutting around with his left hand in a sling, a patch on his nose and an absurd old gun shoe on one foot.
