NIGHT.

Night came down over all the earth.

And took the tired day, And clasped her lightly in her arms, And her hair was like a golden crown, And her eyes were like the stars of heaven.

ANASTASIA'S GHOST.

How well I remember that dismal November night.

Some vague recollection of the night, when I sat alone in the twilight, And yet there was nothing abnormal, to make me gloomy. On the contrary, I ought to have been more than usually cheerful; had I not received a delicious promise from Kate Nelson that very afternoon?

MR. HAYES' DUTY TO THE REPUBLICAN PARTY.

The President claims the right to absolute independence of choice and action.

Practically, in the administration of the affairs of a great country, neither the House of Representatives nor the Senate can ever exercise it. The law of necessity, most inexorable of all laws, controls him as it controlled them. No man ever did or ever can carry on the administration. No man can shoulder the broad responsibilities of such a position, unless he has the support of the people.
