RECOVERED.—The Everett boys who had been held in the Everett place, to one Charles Deargarner, a basket maker and at times a cigar maker, was recovered by the owner a few miles from Jenner, N. The owner was disappointed to see the balance, it is not likely he will call for the horse. He was disappointed to see Mr. Deargarner promising to take the bill on his smoking, as he represented himself as a lawyer. He has moved the children that needed horse badly. DESTRUCTIVE FIRE.—On Tuesday morning about 5 o'clock the burning mill of the Nyeum Brothers—formerly called Mill in the western part of town was destroyed by fire. The flames burst out from the second story, and as the structure was of wood the whole building was speedily enveloped. The fire did not spread, but it could have prevented the destruction which speedily followed. The "engine" was on the ground, but it was not used, as the mill was so full of lumber, that it was not possible to prevent the mill engine from being a total loss. No fire had been made about the mill for three weeks, and no work had been done there for more than a week. It is believed that the fire was caused by design or accident. The loss to the Nyeum is estimated at twelve to fifteen thousand dollars. Mr. Hiram, who formerly owned the mill, lost about one hundred dollars in lumber. The engine is estimated to be worth about five hundred dollars. There was no insurance.—*Jefferson Gazette.*
