"LIES! BIG LIES!"—Not so fast, my friend; for if you would see the strong, healthy, blooming men, women and children that have been raised from beds of sickness, suffering and almost death, by the use of Hop Bitters, you would say, "Truth, glorious truth." See "Proverbs," in another column.

Every attention has been paid to the comfort of visitors at the approaching Agricultural Fair at Cumberland. In addition to the grand amphitheatre that has recently been built, a Ladies' Retiring Room has been erected that is *perfectly private*. This has been a great need at all our public places.

Mr. C. B. Moore, New Lexington's enterprising merchant, has just returned from the eastern cities where he purchased a large and well selected stock of goods, which he is offering to his customers at very low prices. SOMERSET, PA., September 20, 1878.

D. WEYAND'S ESTATE.—J. P. Hay moyer, Administrator, having received an order of court for the sale of the real estate of D. Weyand, deceased, will sell the same at private sale upon the following terms: One fifth of the purchase money at confirmation of sale, balance in five equal annual payments with interest. The property will be sold low, and those desiring to purchase should call soon.

Our streets were crowded with country people on Saturday.

Variegated leaves and corn gathering parties are now in order.

Republican services will be held in the Good Templars' Hall, Friday evening, October 11 at 7 o'clock.

Our pedestrians are some little excited over the Ohio and Indiana elections which take place to-day. (Tuesday.)

The crowded state of our advertising columns is good evidence that the times are gradually getting better.

The Philadelphia *Times* says Colonel Yocum will be re-elected 3 miles from the Somerset, Bedford and Fulton district, and in that it is right, "just once."

Quite a number of Republican meetings were held throughout the county during the past week. All were well attended, and a great deal of interest in the campaign was manifested.

Owing to a number of new advertisements being received, and the amount of space occupied by the premium list, we are unable to publish a number of communications and other local matter on hand.

Notwithstanding the fact that there are five large cheese factories in active operation within a circuit of nine miles of town, great quantities of butter are being shipped daily by the Baltimore & Ohio Express Company from this place.

The Dayton *Daily Journal* of the 5th inst. announces the death of Mr. Frederick Gebhart, a former resident of Somerset county. Mr. Gebhart was in his 80th year, having been born May 7, 1798. He went from this county to Dayton, Ohio, in 1808, where he remained the balance of his life.

The Somerset township School Board met at the Glade House, Saturday, and employed some twenty teachers for the coming winter term. There were over two applicants to each school, and great was the joy and bitter the disappointment experienced by the successful and unsuccessful candidates.

The funeral of Mrs. Mary Rush, wife of John Rush, took place at the Jersey church, on Saturday, September 29. The funeral sermon was preached by Rev. Long.

Mrs. Rush died very suddenly, on last Thursday evening, of inflammatory rheumatism. She leaves a large circle of relatives and friends, who will feel her loss very much. The deceased was a daughter of Judge Hanna, and was in her 55th year.

At a meeting of the Somerset School Board, Monday morning, the following corps of teachers were employed to instruct the youth of the borough during the coming winter:

Union School—Mrs. Connelly, room No. 1; Miss Chlora Schrock, room No. 2; Miss Myra Schell, room No. 3; Miss Belle Lint, room No. 4.

Academy—Miss Ella Kimmel, room No. 1; Miss Sydney Pendelwaite, room No. 2; Prof. R. R. Sanner, Principal and Superintendent of all schools.

The Johnstown *Tribune*, commenting on the Rhoads Bowman letter published in the issue of the 4th inst., in which the writers complain that Mr. Coffroth has been treated with "injustice," says: "The other persons we refer to have been deprived, for a season, of the company of their fellow creatures, while Mr. Coffroth is permitted not only to mingle in society but is even honored above his fellows with a nomination for Congress. This is injustice." If he had justice where would he be to-day? A man who sells cabletships can ask his conscience for the answer to this question." Perhaps the *Democrat* will mail this as *another* lie on his uncle.

ANOTHER.—The following card from Mr. George W. Phillipps will explain itself. It would not be a difficult matter to make up a committee if a man were compelled to serve against his will. Our National Greenback friends seem to have been unfortunate in a number of their selections:

EDITOR HERALD.—Please announce to the readers of the HERALD that I will not serve as a committee-man at this place for the National Greenback party, as my name has also been announced unauthorized. Yours respectfully,

GEO. W. PHILLIPPS.

NEW CENTREVILLE, PA., Oct. 7, 1878.

DR. VAN DYKE'S SULPHUR SOAP.—Dr Van Dyke, whose life long specialty, and world wide reputation for curing skin diseases, has endeavored for years to combine an external treatment. He has accomplished this desirable result in the preparation of his compound "Sulphur Soap," the merits of which are spoken of by thousands; it is highly recommended to all our readers. Price 25 cents by mail, 35 cents a box; 3 cakes 60 cents, by mail, 75 cents. Office 50 N. 5th street. Wholesale Depot, 409 N. 5th street, Philadelphia, Pa. Sold by all Druggists.

THE GREAT SHOW.—Rev. Henry Ward Beecher will positively deliver the address at the Western Maryland Agricultural and Mechanical Fair, at Cumberland, the latter part of this month. President Hayes and a portion of his Cabinet will certainly be there. Governors of many of the States have been invited. The Berlington, West Virginia, cavalry will be present. The most distinguished stock-raisers in the country will be in attendance. The finest exhibition of blooded stock will be given. The grand Tournament for $20 $10 prizes will be held. The Band contest for $50 will be there. The firemen's contest for $20 will be there. Trials of speed will be given there each day, and thousands of people will attend the Great Show.

Dr. W. F. Fundenberg, of Cumberland, Md., who has been with us for the past six months, leaves to-day for another field of labor. The Doctor goes to Meyersdale from here, but can always be seen at his office at the "Glade House" from Saturday evening till Monday morning, or will be seen by a card in another column. When the Doctor first came to Somerset it was his intention to remain but a short while, but he has been kept so busy here that he was obliged to recall other engagements, and instead of being here only one month, as he intended, he has been here six. During his stay here the Doctor has made many friends by his gentlemanly bearing and professional urbanity. He makes diseases of the eye, ear, nose and throat a specialty, and in the treatment of all cases submitted to him he has been entirely successful.

SUDDEN DEATH.—We are sorry indeed to announce the death of our former citizen, Mr. Jacob Bobbits, whose death, as announced by a telegraphic dispatch, took place in Baltimore, on Tuesday the 10th inst., at 10 A. M. Mr. Bobbits was well and favorably known throughout this town and county. Only a few years ago he was a resident of our town, and was foreman of the "First National Tannery." Upon leaving this place he removed to Nebraska, where he has been living for several years. Last spring he came to our town on a visit, where he stayed for a month or so, but complained a great deal while here of suffering from an affection of the bladder, which, we understand, was the cause of his death, an operation having been performed on him while in Baltimore. Mr. Bobbits, we suppose, was about 58 years of age. The bereaved family have the sympathy of this entire community.—*Bedford Gazette.*

List of Premiums Awarded by the Somerset County Agricultural Society.

To the Members of the Agricultural Society of Somerset County:

The officers, in submitting the names to whom the various awards have been made by the various judges of the different departments of exhibits, would say, that, while some of the departments were not as full as they should have been, yet, what articles were on exhibition were good. The work departments were all that could be expected; most every stall was occupied, and we can say, without contradiction, that the cattle, sheep and hogs would compare favorably with any found in the State. The sheep exhibited by Messrs. Peter Dudley and Wm. S. Morgan could not be excelled. Also the short-horned cattle exhibited by Mr. W. H. Gardner, and the Allerneys exhibited by Messrs. James Parson and Peter Hefley are equal to the best found any where.

The display of manufactured wares was not as large as previous years, but this is mainly due to the bad weather experienced during the two former exhibitions. Great credit is due Mrs. Curtis Kooser, J. M. Hoffman, Wm. B. Coffroth, W. B. Pierce, John Dillon, J. B. Harzell, C. P. Walter, J. P. Runyon, Noah Casebeer, George Snyder, J. H. Kantner, W. S. Morgan, and Chambers & Co., for the interest they manifested in the success of the fair, and for the beautiful and interesting display of their various manufactured articles had on exhibition.

The ladies' and children's departments were elegant and could not be improved upon; the latter being one of the most interesting departments of the fair; and it all would have taken as much interest as our young friends, all departments would have been full. The articles displayed by them were beautiful, useful, and ornamental.

Taking every thing into consideration, the fair was an entire success; everybody seemed to be perfectly satisfied, and went home pleased with the exhibition. We have tried hard, and left nothing undone that would add to the success of the fair, giving both our time and labor for the benefit of the Society. We would say to the farmers and mechanics of our county, take new hope; it will not rain every time; even if we had a small shower this year. Another year let all turn out, and bring some specimen of his labor or product of his soil to the fair. While the premiums awarded you, or offered by the Society, will not or do not justify you financially, yet it does you good to come and enjoy a few days holiday, and meet your friends and exchange views in regard to the raising of stock and crops, and also keeping up the Society, an enterprise worthy of any farmer's aid and interest. We would say that the receipts will enable the Society to pay off the premiums awarded in full, and part on the debt.

The fine display of rubber goods on exhibition by the Candee Rubber Co., placed on exhibition by George Snyder, were among the interesting things of the fair. The goods were handsome and durable, and were admired by all. The various styles and beautiful finish on them brought forth commendatory comments. The Candee Rubber Company, of Connecticut, is the largest manufactory of the kind in the country, and their goods are in demand in all parts of the globe.

The fine specimen of cheese and butter placed on exhibit a by J. N. Spurr, Superintendent of the factories of the county, were admired by all, and added great ly to the interest of the fair. Mr. Spurr is a live man, and Messrs. Sage & Co. can congratulate themselves in securing his services. The butter is of a fine quality, sweet, and of a rich and beautiful color, and the demand for it in the eastern market, we are informed, is greater than they can fill.

All those who witnessed the Tournament were pleased with the fine horsemanship displayed by the six knights. Mr. John Shafer was the successful knight, and carried off the prize, which was a handsome bridle.

The foot races, apple-picking, etc., created the usual interest, and the fun was enjoyed by all.

The officers take this opportunity to return their thanks to Gov. John F. Hartranft and Hon. A. M. Kidpatrick, for their aid to our fair, and their able and interesting addresses.

To Captain Lloyd Johnson and the Connellsville Grays, the officers and men of Company G, and the Tenth Regiment Band, for the fine and beautiful parades, and the fine and exquisite music furnished during the fair.

To Hon. Wm. H. Koontz in entertaining the Governor, and for the great interest manifested in the Society.

To E. K. Hyndman, Superintendent of the B. & O. Railroad, for the cheap excursion rates offered the people in attending the fair, and the fine style in which he transported his Excellency Gov. Hartranft and suite over the road. Also the officers of the S. & M. P. Railroad for the reduced rates on the road;

To the superintendents and judges, who so kindly consented to act and make the awards in the various departments. We find the books in every instance well kept, and the awards made without fear or favor to any.

We herewith submit a list of those persons who were awarded premiums, and the name of the article on which it was awarded. The premiums will be ready for distribution immediately, and we hope all will be satisfied, as we are quite anxious all should be, and a general good feeling exist among all, and be read with a hearty good will to make the next exhibition one of the best in western Pennsylvania.

VAL. HAY, President,
NOAH SCOTT, Vice President,
H. F. SCHELL, Treasurer,
W. M. SCHROCK, Secretary,
L. C. COLBORN, Cor. Secretary,

EXTRA LIABILITY TO MALARIAL INFECTION.—Persons whose blood is thin, digestion weak, and liver sluggish, are extra liable to the attacks of malarial disease. The most trifling exposure may, under such conditions, infect a system which, if healty, would resist the miasmatic taint. The only way to secure immunity from malaria in localities where it is prevalent, is to tone and regulate the system by improving weakened digestion, enriching the blood, and giving a wholesome impetus to hilary secretion. These results are accomplished by nothing so effectively as Hostetter's Stomach Bitters, which long experience has proved to be the most reliable safeguard against fever and ague and kindred disorders, as well as the best remedy for them. The Bitters are, moreover, an excellent invigorant of the organs of urination, and an active depurent, eliminating from the blood those acrid impurities which originate rheumatic ailments.

AN ASTONISHING FACT.—A large proportion of the American people are to day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent.

NO FAILURE KNOWN.—There is no case on record where Dr. Morris' Syrup of Tar, Wild Cherry and Horehound has failed to give satisfaction. On the other hand, wherever it has been used by our people, in severe colds, coughs, asthma, bronchitis, croup, whooping cough, and consumption, they are enthusiastic in its praise. Containing no opium or other dangerous drug, it does not constipate, and is safe to administer in all conditions of health. This is an important announcement, and the suffering are advised to heed it.

Trial size 25 cents. Large sizes 50 cts. and One Dollar.

A very few doses will relieve, and a little perseverance will cure.

For sale by G. W. Benford, Somerset, and Mountain & Co., Confluence.

Also Agents for Prof. Parker's Pleasant Worm Syrup, which is perfectly safe. Extremely palatable. No physic required. Costs 25 cents. Try it.

HONEY.—Why it is the purest sweet in the world. It is, and has been, used in the healing art, to the satisfaction of thousands. Who can say ought of white, beautiful honey, gathered from the countless thousands of the spring flowers that adorn our fields and gardens. HOREHOUND! What mother lives that is not acquainted with its virtues in banishing Coughs and Colds from the family; why it is so well known that every candy shop would lose its custom unless horehound candy occupied a place, and the most prominent place in every show-case. TAR looks black, and ladies raise their skirts for fear of getting their clothes soiled; yet it is the vegetable production of the beautiful pine tree that grown in our southern forests; and by the aid of chemistry it is found to contain medicinal qualities universally admitted by physicians of the highest standing. Its preserving qualities are well understood by every ship owner; and when contagion, disease and death infect their vessels they fumigate the polluted ship from stem to stern with tar, thus removing the demon of disease and death, leaving the health and life of every passenger on board. HONEY, HOREHOUND AND TAR, combined together, aided by science and the highest chemical skill, form a remedy admitted by the most experienced physicians as the best, most certain and harmless preparation ever made for the *radical and speedy cure* of Coughs, Colds, Horseness, Influenza, and all Bronchial affections leading to Consumption, from which thousands are suffering. This valuable remedy is known as
