

Republican National Ticket

FOR PRESIDENT: ULYSSES S. GRANT, (Subject to the approval of the Republican National Convention.)

REPUBLICAN STATE TICKET

FOR SUPREME JUDGE: HENRY GREEN, Northampton County.

FOR AUDITOR GENERAL: JOHN A. LEMON, Blair County.

It is evident that Mr. Koonz assumes that by frequent iteration he can persuade the general public that he can prove a negative, and accordingly he puts in a weekly appearance with a cheerful proposition to make the effort.

The Republican Electoral Committee of the Second District of North Carolina, met at Goldsboro on the 25th inst., and selected two Sherman delegates to the Chicago Convention.

The St. Louis Times tells its party that the nomination of Tilden will make doubtful States of New York, South Carolina, Louisiana, and Virginia.

The Hancock boom seems to have struck Somerset County, if we are to be allowed to judge from the conversation of some of our Democratic neighbors.

A TILDEN boom has been started in this end of Pennsylvania; Allegheny, and Westmoreland counties have both instructed for "Uncle Sammy," and we suppose Somerset may be counted in when the proper time arrives.

A WASHINGTON correspondent of the New York Tribune concedes that public sentiment has somewhat changed at Washington in reference to the third term, and states that the oldest and most experienced politicians connected with the Republican party are in favor of it.

The old story that, positive information has been received that General Grant will withdraw as a candidate, has again been set afloat from Washington.

The Republicans have held Conventions in fifty-five counties in Kentucky, of which thirty have instructed for Grant, three for Sherman, and one for Blaine.

The Democratic papers have not been sparing of their comments on General Grant's tour through the States, designating it as an election-generating trip.

The Democrats have become so accustomed to cry fraud! whenever they are defeated by the Republicans, that to the great amusement of the public, the beaten crowd in Pittsburg, when beaten by the Randall-Tilden faction in the struggle for delegates to the State Convention last week, actually set up the howl of fraud, fraud!!

The Republican State Convention, on Thursday last, elected delegates to the Chicago Convention, and adopted a resolution recognizing General Grant as the choice of the Republicans of Texas, and instructing the delegates to "cast its vote as a unit for President."

STATE SUPERINTENDENT WICKESMAN has issued a call for a convention of Superintendents of Public Schools throughout the State, to be held in the Capitol Building, at Harrisburg, commencing at 2 o'clock P. M. on Tuesday, April 27th, and continuing during Wednesday and Thursday.

It isn't often that we have occasion to commend the votes and actions of our present member of Congress. But in standing by the tariff question, and in declining to be bullied by the Kentucky bully, Blackburn, he is entitled to commendation from all his constituents.

The entrance of the "Salvation Army" into Philadelphia attracted an immense crowd, and would have ended in a riot had it not been for the police arrangements. The Mayor prohibited any singing in the streets, but the sight of one hundred and fifty men and women quietly uniformed created great excitement, and there was a perfect jam around the hall where the "grad church" was to take place.

DEARLY LIVED, VERMONT, March 24.—A heavy snow storm set in last evening. Fifteen inches of snow have already fallen, and it is still snowing. A very strong wind is blowing.

OUR WASHINGTON LETTER

(From our Regular Correspondent.)

WASHINGTON, March 25, 1880.

The Democratic majority in the House of Representatives is just now presenting a very singular spectacle. It has been for two days filibustering to prevent progress with the public business. The majority of no other Congress since the establishment of this Government has ever been known to resort to such desperate tricks and performances as characterize the present Congress.

Democrats down here generally damn Grant's luck for not getting shipwrecked and drowned on the Gulf of Mexico during the late storm. His name makes the cold chills run down their backs, but Grant's "luck" brought him and his ship all safe to the gale. This is the same "luck" that called General Grant from his triumphs in the West and placed him in command of the Army of the Potomac after it had been eliminated of its strength and almost ruined through the incompetency of McClellan.

The thing is only important as showing to what desperate straits the Democrats, especially the free trade wing of the party are driven, to accomplish their ends.

Kellogg's Enemies

(From our Regular Correspondent.)

WASHINGTON, March 23.—There was quite a scene in the Senate today. Soon after 11 o'clock the Georgia majority of the committee of Privileges and Elections, recommending that Mr. Kellogg be deprived of his seat. Mr. Hoar rose to present the report of the minority and asked that it be read. Mr. Hill objected, whereupon Mr. Conkling suggested that Mr. Hoar read it himself as part of his remarks, which he did.

It is a very brief but scathing document, and Senator Hoar read it with great emphasis. When he had finished, Mr. Hill rose to read the majority report, in order that it might go to the country with the views of the minority. He took his place in front of the Clerk's desk, and read the bill for half an hour. He had finished his made some explanatory statements, and then Kellogg took the floor and made an impassioned speech of an hour's length describing the methods by which the party are very much disgraced.

Democrats down here generally damn Grant's luck for not getting shipwrecked and drowned on the Gulf of Mexico during the late storm. His name makes the cold chills run down their backs, but Grant's "luck" brought him and his ship all safe to the gale.

Hot Blood in the House

Notice

(From our Regular Correspondent.)

WASHINGTON, March 23.—Affidavits were filed yesterday with the United States District Attorney for this District, by Senator Hill and Samuel W. Scales, of Georgia, in regard to certain charges and threats made against the former by Jesse Raymond. The affidavits were referred to by the District Attorney to the Police Court for such action as it may deem necessary. Senator Hill's affidavit sets forth the annoyance to which he has been subjected by the visits of Jesse Raymond to his house in his absence; denies the truth of the charges that he is the father of her child; denies having given her any money or allowing her to see her except once in Atlanta in the presence of witnesses; and asserts that she is an abandoned woman and a bad mother who threatens to have "money or her life." He files this affidavit in order that the conservators of the peace may take such action as they think their official duty requires.
