THE FAIRLAMB PATENT MILK CAN

For cream raising, and to insure in perfection of its advantage the Dairyman.

Construction.—The can is of the following dimensions and construction...

Air Tube in Centre.—For cooling the milk. The end of the tube is having a rubber band placed in the periphery...

A Glass Gauge.—Inserted in its side for measuring depth of cream and is so constructed as to preserve the milk...

Advantages.—Consists of the gathering of cream from the farmers, the advantage of which is great...

1st. The cost and economy in manufacturing the butter.

2nd. Having the skim milk sent for feeding.

3rd. It encourages the keeping of stock having better producing qualities...

4th. By this manner of setting milk we can guarantee more butter by one-half to one pound...

5th. That you can secure the price of first quality of butter at your door...

INSPECTION AND TEST.—Of these cans, as we desire to start notes for the gathering of cream...

HIGHEST MARKET PRICES.—See cases, also furnishing the farmer with the can free while so disposing of his cream...

SOMERSET, PENN'A.—where we will be pleased to have you call and we will give you full information concerning the same.

SOMERSET DAIRY COMPANY (Limited).

EXECUTOR'S NOTICE.—Estate of Daniel Zimmerman, late of Styowtown, Somerset Co., Pa., dec'd.

TREASURER'S SALE.—OF UNSEATED LANDS.—Agreeable to the provisions of an Act of Assembly...

ANNOUNCEMENTS.—We have been handed the following announcement by Joseph Keller, Esq., Chairman of the Republican County Committee...
