ner, Rufus Hay, John Ravenscraft, jected to.] Hammer shown. This to proceed further,

Mr. 5 o'll opened the case on be-Exeminated by Gen. Koontz.)—I live the left side; in inflicting that blow whether death could have rest as Somerset; are a practicing physical three pages would produce a from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support the left side; in inflicting that blow from strangulation; we support that the left side; in the left a Somerset; and a practicing physical through the integrament and at once that death resulted fro cian; have been for twenty-nine the butt end made the fractures; adjuries on the head; everything the butt end made no measurement of the diented that these blows had been the buttern to the diented that these blows had member it very distinctly; there was a little more much on it at that times about six fuches from the close; then we wise the said was three? He said the very distinctly; there was a little more much on it at that times about six fuches from the close; then we wise them we was three; that how we was there; that how of the date or time; when we covered with dirt. I had conversely that bove covered with dirt. I had conversely the was stitling in the coller; but he said and or on the floor; show wise the coller; but he day with the defendant, a was factured; her face was very look and the week it was three with the defendant, a was factured; her face was very look and the week it was three week life on the coller; but he day with the defendant, a was factured; her face was very look and the week life of Shanks ville; the two stones found in the coller; but he day with the defendant, a was factured; her face was very look and the week it was three were alking in the containty of the said very lading and the very look and the was three was there; that how of the date or time; when the blood was found in the converse was there; then the said was three was three; that how of the date or time; when the blood on it.

Rosa Hoffman in the converse was there; then the bode on it.

Rosa Hoffman, affirmed.—I am the week life of Shanks ville; the two stones found in the cellur; had been the defendant, a was factured; her face was very look and the week it was three were was there; that how of the date or time; when the blood on it.

Rosa Hoffman, affirmed.—I am the week lefter the weak left on the three was three; that how of the date or time; when the blood on it.

Rosa Hoffman, affirmed.—I am the week left on the day with the defendant, a was factured; her face was very look and the week; I don't enter the very look and the weak life.

Rosa Hoffman in the converted with the look man, I was three? Ho said "the weak life." Rosa was three? "Ho said "the very look on the line was three? "Ho said "the three?" was three; that the ing we done; they deferred the ex-amination to hie day following, and out her down; she was lying on her ck in the cellar; we found three ees, anybody would be. wounds on her head, one on the back part, and one on either side, in the Bact.

Cross-examined by Mr. Wm. J. inred, but there were no fracta the back of the head; either

> bruise, probably the size of a hea's went to defendant's house; I had no wounds, wounds were probably the size of a find any weapon that could have mere of them. diverdellar; either one of the wounds been used, and this hammer was would have been sufficient to have found in the wood-house, a few rods caused death; I am not prepared to from the house; I can't tell who the top of the stones, right at the cellar; when i got there he was at say that either one actually did; brought it in; we examined the corners; it was clotted blood. I believe one would have been hammer carefully to ascertain sufficient, because triffing blows ok, whether a blow inflicted by it would he head sometimes, without any explain the appearance of the injuacture, pasture instantaneous ries, and were at once struck with er.

Twentyfirst Year Communicions

Laser, Esque.

Case was reached about 2 o'clock.

The prisoner was brought from juil.

In physiological plain very nicely the appearance the injury; the cut was oblique the prisoner was brought from juil. in Roke, John Mowry. Edward instrument will beautifully explain Re-direct examination every feature of the wounds; there was a cut through the integument another portion of the cellar on the right side, if I remember other surgeons saw them ; we did Dr. Henry Brubsker, affirmed. - rightly, and there were two cuts on examine the body so as to ascur-

descendent; did not know his wife; wounds; I stated yesterday that the given before death; even if they was called upon in connection with fracture was about the size of a silver inflicted while she was living. fiveen nine and ten o'clock in the it; I recognize the hammer; I could Hoffman, on June 27th, has torning; we had concluded the swear to that hammer, I think; I re- went to the cellar and found be

egion of the temple; the one on I presume it was in the foremoon believe the woman was murch the back was a large contasion-a between 9 and 10 o'clock that I first the person who inflicted

on the back of the head, with two but that would be unerring; I have when I came home the maid was he did't say anything; he said he I am not married. having enough and him having his wife, the next two were Samuel depressed fractures on the temples, the skill and had the means at the there and one of the children and my thought she might do her own Philip Hoffman, affirmed. I am enough of her own Philip Hoffman, affirmed. I am enough of her own Philip Hoffman, affirmed.

hydrocyanic acid is instantaneous often quarreled but I don't know several days. Tursday, August 24, 1880.

V. Hay, Esors, and John R. Scott. force so great that the functions of the brain would be suspended in but I say that hammer did the work, used it when be wanted to pound things but he didn't exactly say not there long; he asked me about mentioned to meanything about her but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabeth but I say that hammer would fix in the heifer I had bought from Elizabet
