Since the death of "Old Probabilities," General Myer, Superintendent of the Weather Bureau at Washington, the elements have seemed to be without a master. We have had all kinds of weather—sunshine and shower, rain and fog, and mist, and drizzle —"everything by turns, and nothing long."

To be? or not to be? That is the question Whether 'tis nobler in the mind to suffer The aches and pains that human flesh is heir to, when overtaken by a severe cough or cold, or to purchase a bottle of Sines' Syrup of Tar, Wild Cherry and Horehound, and by thus opposing, end them. Sold by all Druggists. 25 and 50 Cents per Bottle.

They said: "She never told her love, but let concealment like a worm in the bud feed on her damask cheek;" but when they found it was not love, but the remains of a cold that was surely and sadly leading to consumption, they procured for her a bottle of Sines' Syrup of Tar, Wild Cherry and Horehound. It is needless to remark that she recovered. Sold by all druggists. 25 Cents per Bottle.

AN UNFORTUNATE MAN.—Philip H. Walker, of Somerset township, while blasting limestone, on last Friday was injured in the face by a premature explosion of powder, and it is feared the sight of his remaining eye has been destroyed. During the summer he was blinded in one eye while working with brush on his farm. A few years since his barn and considerable stock, hay and grain was burned by the incendiary William H. Miller. We sincerely sympathize with Mr. Walker in his grievous misfortunes.

Samuel Hilty, the Westmoreland county man who was charged with stealing over a hundred head of sheep from the farmers of Bell and Washington townships, has been found guilty on seven counts. He had boldly taken the animals, driven them to the East Liberty stock yard, and sold them.

"Quoth the Raven, never more!" But he had no reference to Sines' Syrup of Tar, Wild Cherry and Hoarhound, for it only needs one trial for people evermore to use it in cases of Coughs and Colds and all affections of the Bronchial Tubes. Sold by all reliable druggists at 25 and 50 Cents per Bottle.

By the law, hunters are prohibited from killing night hawks, whippoorwills, sparrows, thrushes, robins, meadow larks, barn swallows, woodpeckers, cedar birds, orioles, cat birds, blue birds, or any kind of insectivorous birds, under a penalty of $5 for each bird so killed. Now that the reed bird season is at hand it behooves gunners to be careful.

The Concert given in the Court House, Saturday night, by Mrs. Davis's singing school was a success in every way and the large and intelligent audience were highly gratified. Mrs. Davis gave the evidence of her great talent as a teacher of music, the large class under her direction having made marked progress during the two weeks session of the school. She was kindly assisted Saturday night, by Miss Witt, Miss Sarah Schell, Mrs. Norman Herr and Messrs. Harbaugh and Benkhart.

Mr. Levi Bashaer, one of Jefferson township's worthy farmers, called on the day of last week and related to us the following remarkable circumstance: Last year he cleared off about ¾ of an acre in an old field, plowed it and sowed 1 bushel of buckwheat. In the fall he gathered 22 bushels of grain from it. This spring he plowed it again, but did not sow any fresh seed and this fall he harvested over 25 bushels of buckwheat from it. He says he expects to get 30 bushels from the same piece next year.

The registration is now closed and the tax duplicates are in the hands of the collectors. Every voter should see to it for himself that his tax is duly paid. October 20 is the last date to attend to this in time to qualify for the coming Presidential election, but there should be no needless delay. The earlier it is attended to the better. Naturalization also can be effected up to October 24, to enable the naturalized alien to vote for President; and those who are entitled to it, or who know and are interested in others entitled to citizenship, should give their attention to this important matter.

A large and enthusiastic Republican meeting was held in the school house at Pine Hill, Friday night, under the auspices of the Garfield and Arthur club of Berlin and the points close to that place. Hon. A. J. Colborn and S. U. Trent, Esq., made the speeches of the evening, both of which were able, forcible and argumentative. The Republicans of that section are thoroughly awake to the importance of the present campaign and are working earnestly for the success of the whole ticket. Several buckets of choice fresh cider were passed around between speeches and at the close of the meeting.

At a late hour last Wednesday night, Boyd's Drug Store, Cook & Beerits' Grocery, Dillon's Boot & Shoe store, and the Sheriff's office were burglariously entered and articles of value taken from each. This is the fourth time Boyd's Drug store has been burglarized within the past three months. From the bungling manner in which the entrances were made it is very evident that the jobs were not done by skilled workmen. The guilty parties are strongly suspected of being "native and to the manor born" and it is to be hoped that they will be brought to justice.

The Democrats had a mass meeting at Confluence on last Saturday afternoon. The Hancock Veteran Association of Somerset furnished eight men-o-s to swell the crowd. We saw a squad of these "vets" on its way to the depot. Our humorous friend, Abraham Faith, was in the lead and in command, we suppose. A badge resplendent in gold color and blue adorned his manly breast, which heaved patriotically as a member of the opposition asked the cause of such lavish embellishment. The remainder of the squad consisted of Charles H. Fisher, Chairman of the Democratic County Committee. Eight men from Salisbury and Meyersdale were also in attendance.

A REMARKABLE RESULT.—It makes no difference how many physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 bottles were sold last year without one complaint. Consumptives, try just one bottle. Regular size 75 cents. Sold by all druggists in America.

At the Pittsburgh Exposition one of the handsomest displays to be seen will be found near the entrance to Floral Hall, in the magnificent Plate Glass Case of Messrs. Hugus & Hacke. Their exhibit will be changed weekly, and during the Exposition our lady readers visiting there will have a splendid opportunity of examining the very latest novelties in elegant Dry Goods of every description, together with the very last of Fashion's decrees as to shade, shape and style in the Suits, Cloaks, and Wraps to be worn this fall and winter. At their salesrooms, corner Fifth Avenue and Market street, Pittsburgh, you will always meet with polite attention and find the most complete stock of Dry Goods, Suits, Wraps, &c., to be found in Western Pennsylvania.

ANOTHER GOOD CLUB.—The Republicans of Shanksville and vicinity met in the school-house at Shanksville, Monday night, and organized a Garfield and Arthur Club, by the selection of the following named officers:

President, C. L. Baltzer; Vice Presidents, Joseph Stull, Jeff K. Will, William J. Glessner, William Weigle and John M. Yoder; Recording Secretary, Prof. J. C. Speicher; Corresponding Secretary, B. F. Miller; Executive Committee, J. A. Stutzman, D. Weigle, Jacob Ross; Finance Committee, A. A. Stutzman, Dr. G. B. Masters, Martin Shank; Constitutional Committee, M. J. Snyder, S. G. Baltzer, Amos Shank and Ed. M. Lambert.

The club starts out under very favorable auspices, having over seventy-five names on the roll and will have at least two hundred by the next meeting, which is to take place next Monday evening.

Sines' Syrup of Tar, Wild Cherry and Hoarhound stands at the head of all preparations of Tar Hoarhound, and it need only one trial to satisfy the most incredulous that it will do all that is claimed of it; *that for Coughs and Colds it has no Equal.* Sold by all druggists at 25 and 50 Cents per Bottle.

Handsome Neckties and Scarfs, Shirts and Underwear, for Men and Boys, at
Mrs. A. E. Uhl's.

The following was handed in by one of our Republican friends with the request that we would publish it.

Nursery Rhymes.

FOR YOUNG REPUBLICANS.

I.

Sing a song of shot-guns,
Pocket full of knives,
Four and twenty black men
Running for their lives;
When the polls are open,
Shut the nigger's mouths!
Isn't that a bully way
To make a solid South?
Northern sympathizers
Making speeches chaffy!
Major-General Hancock
Eating rebel taffy;
English in a quandary
How to save his dollars;
Along comes a solid South
And fits them all with collars.

II.

Heigh, diddle, diddle,
The South plays the fiddle!
To dance every Democrat who;
They leap to the moon,
When they hear the old tune,
And the rebels run off with the prize.

The *Democrat* of last week styles our charge that General Coffroth voted against granting the right of suffrage to the volunteer soldiers in the field "A Mean Fling," and avers that General Coffroth voted an open ticket in favor of the measure in the presence of Noah Roberts and Solomon Lenhart. He did no such a thing, and well the *Democrat* knows it. The two gentlemen named will not testify to such a fact, if they have respect for truth. General Coffroth disfranchised against the soldiers amendment to the Constitution, and was only influenced by a committee of the soldier's friends, upon which Messrs. Roberts and Lenhart were prominent, he may have told these two that he would vote as they desired, but as is his wont, deceived them when the time for action arrived.

The senior editor of the HERALD voted for the soldiers' amendment; the Local was not a voter at the time. Ask us another hard question.

At the time of the special election in 1865 and for a long time afterward, no one (in either party) contended that any Democrat in Somerset borough (excepting the late James Benford, sr.,) voted in favor of the Constitutional amendment. Col. Isaac Lugus spoke in favor of the measure, but, we believe, was absent at the time of the election.

A CAPITAL THING.—The B. & G. Rail Book, just from the press of Knight & Leonard, of this city, is a very timely little work—indeed it is the handiest political text-book issued this campaign. It is small, compact, and readily carried in the hip-pocket, the statistics of each State being given in a nutshell as it were. The vote of each party for President in 1872 is noted, followed by majority and electoral vote. Then come the same figures as to the latest election in the state for state officers, next the legislature, and if a U. S. Senator is to be elected this winter such fact is duly indicated. The result in each congressional district is set forth, and in fact nothing a digest of districts is given, which is of no little interest. Finally the population of the state in 1870 is shown, with the total vote for President in 1872, and the ratio of this vote to the population two years before. This is made the basis of an estimate of the total vote of each state this year, the figures given of the population of 1880 being from the latest information derived from the Census Bureau. The figures throughout were compiled, and the results reached, by an old and well-known journalist, and are unquestionably correct. The little work is absolutely without partisan bias, and aside from its value as a reference book, it is an exceedingly elegant and artistic thing, reflecting no little credit upon the thoroughness in detail and care taste of its progenitors. It is not on sale, but all who desire a copy may secure it by dropping a postal to C. K. Lord, Baltimore, Md. it is simply worth this little trouble, and those prone to a liking for political statistics, as well as those finding such handy little works valuable for reference, will undoubtedly not regret the asking for the B. & G. Red Book.—*Chicago Inter-Ocean.*

ED. HERALD, SIR:—A few facts and figures showing the difference between twenty years of Republican and Democratic rule may not be out of place at this time.

In 1860, after twenty years of Democratic rule, six per cent. government bonds sold for 89 cents on the dollar. In 1880, after 20 years of Republican rule, four per cent. government bonds sold for 31 08 on the dollar. In 1860, twenty-five millions of a loan was required to pay the current expenses of the government.

In 1880, eighty-five millions of the National debt was paid, making a difference of one hundred and ten millions, exclusive of interest.

In 1870, a loan of eighteen millions was sold the market for six months.

In 1880, fifteen millions was taken in a single day.

In 1860, the balance of trade was about twenty millions against us.

In 1880, the balance of trade was over one hundred and sixty-seven millions in our favor.

Since 1876, Europe has paid us over nine hundred millions, as a balance in trade to pay American laborers.

In 1860, the cost of collecting the revenue was 6 1-5 per cent.

In 1880, the cost of collecting the revenue was only 3 1-10 per cent.

The last year the Republican party had control of both houses of Congress they appropriated $147,711,949 to carry on the government.

For the year 1879, the Democratic party appropriated $102,464,647, and for the year 1881, the appropriations are $154,118,202, an annual increase of over $15,000,000 during the past three years.

This is what comes of Democratic economy.

In 1860, the loss to the government, from defaulting officers, was $3 81 on the $1,000.

In 1880, the loss to the government from the same causes is 4 of a cent on the $1,000.

The Republican party has reduced the annual interest on the National debt from $150,977,697, to $79,631,981, a saving of $71,345,716 a year.

The Democratic party precipitated the war against the Union.

The Republican party conquered the rebellion and saved the Union.

The Democratic party said the "black man has no rights the white man was bound to respect."

The Republican party said "the last man that should be respected."

The Democratic party enslaved 4,000,000 of human beings.

The Republican party emancipated 4,000,000 of human beings.

The Democratic party said the decision on the 1st day of January, 1879, was impossible.

The Republican party made it a success.

The Democratic party gave the country the "wild-cat" currency of the State banks.

The Republican party has given the country a currency as good as gold.

In 1860, the Democratic party received a change by the force of arms, and in 1880 he asks for a change.

When a change was necessary to save the Union, the Democracy opposed it.

When a change would put disinfectants into full control of all the departments of the government, the Democracy dominate it.

Who wants a change? The hungry Democracy. Who don't want a change? The business men of the country.

Who fought against Hancock? The solid South. Who is for him? The solid South.

Hancock? The solid South.

CONFLUENCE, Sept. 8, 1880.

Ayer's Agues Cure is an infallible cure for Fever and Ague and all Malarious Poisons. The proprietors warrant it, and their word is as good as a U. S. bond. Try it.

THE SALOON FORCE CASE.—The *Democrat* of last week makes an attempt to screen Gen. Coffroth from the responsibility of bringing the ten citizens from Ligonier, upon the streets of Somerset county, and thus saddling the taxpayers with costs amounting to more than a thousand dollars. The attempt is a lame one, as will be demonstrated.

Our neighbor says the costs in the case will not amount to five hundred dollars. To disprove this, we append the following statement, made up from official sources:

Record costs, - - -	$ 422 90
Sheriff, boarding the prisoners, arrests and travelling expenses, - -	214 10
clothing for prisoners,	168 75
scrubbing, etc., - -	21 25
beds, etc. - - - -	3 00
Watchman in jail, - - -	9 25
Proportion of expenses of grand jury, - - - - -	38 75
Proportion of expenses of traverse jury, - - - -	30 00
Tipstaves, one day, - - -	139 60
Commissioners, one day, -	8 50
President Judge, two associates,	9 00
	90 00
	$1,085 50

The *Democrat* says "the eleven showmen committed the outrage." In this it differs from the opinion of the court and the verdict of the jury. People generally agree with jury verdicts in plain cases.

Like the Texas judge our neighbor condemns on their looks, the poor devils who were so shockingly outraged by "Uncle Abe's." "An attorney who defended some of the more respectable of the number informs us that they looked like cut-throats and thieves, and as though they would commit any crime in the calendar." If this attorney was V. Hay, Esq., we have nothing further to say on the point. He is a judge of "looks."

Instead of being earnestly solicited to accompany the "outraged" girl and her father to Greensburg to assist in the prosecution, General Coffroth gained great credit abroad by gratuitously volunteering to defend "injured innocence." The Democratic papers sounded his praise, but at home the sensation made at the announcement that he was on the showmens' trail was not profound. Here we all know the springs which move the General to action. The truth about the matter is this: General Coffroth did not succeed in his endeavor to blackmail the circus proprietors ($500 was the sum demanded), and failing in this, for revenge, he managed to effect their financial ruin and the imprisonment of nearly all their employees. In doing this man act (at the expense of his fellow-citizens) he has but added another to a list of performances that would have "doomed" any other man "to forever consignment among the defeated and distracted cohorts."

After the examination at Greensburg, when he discovered that the Barker girl was unchaste and untruthful; when he must have known that her father, the prosecutor, was a man of bad character; when he was told by ex-Senator Cowan and other good lawyers that the proceedings against the showmen were farcical and would only end in costs; instead of assisting to quash the case, with bull-dog tenacity and careless of consequences, he declared that he would "send the last man of them to the penitentiary," and actually forced the absurd trial upon the people of Somerset county. Why should he not be held to accountability for his unwarranted course?

In reply to the statement that General Coffroth will pay any citizen who feels himself aggrieved his share of the taxation caused by the feeling of the "rape" case, we would suggest as a proper mode of making things right that the honorable gentleman pay over into the county treasury the sum of $1,085.50, of which it has been deprived by his partiality and recklessness. If this is done, the case will be closed.

FROM LIGONIER, PA.—ENTHUSIASTIC REPUBLICAN MEETING.—On Saturday, September 4th, a large and enthusiastic meeting of Republican citizens of Ligonier township and borough, was held in the town hall at Ligonier, for the purpose of organizing a Garfield and Arthur club, and hearing Gen. Koontz discuss the issues of the day.

The meeting was called to order by H. Jones, Esq., when, on motion, W. H. Cassady was called to the chair, Wm. Lowe was elected Vice President, and Prof. C. C. Brant, Secretary.

There were no less than 75 names of good men entered on the roll, who pledge their word of honor as men and citizens, to give their earnest support to James A. Garfield and Chester A. Arthur.

Then on the 9th inst., the Republicans met again in Ligonier. Mr. Kooser, of Somerset, was the first speaker He delivered a sensible and telling speech, in which he descanted forcibly, but in no harsh terms, on some of the leading topics of the hour. He set forth vividly before the audience the duties devolving upon every true American citizen in the coming crisis.

Hon. W. H. Koontz, of Somerset, was next introduced to the meeting amid tremendous applause, and in an earnest and forcible speech of some length. His speech was the most able and eloquent that was ever known to be made in Ligonier. He also made a speech in the evening which was equally as good. As the readers of your paper know what is in store during the campaign, it would be worthless for me to comment upon it.

Quite a host of former Democrats came over and testified that they would no longer support the Democratic party.

We will state before closing that General Koontz will long be remembered for his two powerful speeches made at Ligonier.

Garfield, will be the White House go, on the 4th of March next.

YOUNG AMERICAN.

THE REPUBLICAN CONGRESSIONAL CONFERENCE.—The Republican Congressional Conferees of the XVIIth District, composed of the counties of Bedford, Blair, Cambria and Somerset, met at the Logan House, Altoona, at 3 o'clock on Wednesday afternoon. There were present from Bedford, Messrs. J. B. Williams, of Everett; Wm. Lauder, of Bloomfield; and Dr. J. W. Madara, of Baker's Summit. From Blair, Capt. John M. Clark, of Altoona; Dr. George W. Smith, of Hollidaysburg; and Mr. Jacob S. Nicodemus, of Martinsburg. From Cambria, Messrs. Joseph Van Ormer, of Reade Township; George T. Swank, of Johnstown; and Lieut. B. F. Anderson, of Allegheny Township. From Somerset, Col. John R. Edie, of Somerset; Col. E. D. Yutzy, of Frsina; and I. N. Potter, Esq., of Meyersdale.

The Conference organized about 3 o'clock in the afternoon, by the selection of Col. Edie as Chairman and Mr. Swank as Secretary.

Mr. Smith, of Blair county, presented the name of Mr. A. S. Morrow, to the Conference for nomination for Congress.

Mr. Williams, of Bedford, nominated Hon. D. J. Morrell.

Mr. Anderson nominated Gen. J. M. Campbell.

An informal ballot was then taken, which resulted in Mr. Morrell receiving three votes from Bedford, Mr. Morrow three from Blair, and Mr. Campbell three from Cambria and three from Somerset.

The Conference then took a recess until 5½ o'clock.

Upon reassembling a further recess was taken until 7½ p. m., at which time the conference reassembled, when Mr. Williams read dispatches from Mr. Morrell, stating that it was impossible for him to accept the nomination if tendered him. [It is but justice to Mr. Morrell to say that the dispatches were sent before the knew of a ballot being taken.] Mr. Lauder then withdrew his name. A second and third ballot were now taken, when the votes of Bedford and Blair were cast for Mr. Morrow, and Cambria and Somerset for Mr. Campbell. On the fourth ballot Blair voted for Mr. Morrow, Bedford for Col. John R. Edie, of Somerset, and Cambria and Somerset for Mr. Campbell. A fifth and sixth ballot were taken as follows: Bedford and Blair for Morrow, and Cambria and Somerset for Campbell.

The Conference then adjourned until 8 o'clock Thursday morning.

On reassembling the seventh ballot was taken with the same result as the last preceding.

The Conference again took a recess until 10 o'clock.

At the time appointed the Conferees were all in attendance. After being called to order by the Chairman, on motion of Dr. Madara, the names of the delegates were called, and the gentlemen voted as follows: Bedford—Mr. Williams voted for Campbell; Mr. Madara for Morrow; Mr. Lauder for Campbell. Blair—Mr. Clark voted for Campbell; Mr. Smith for Morrow, and Mr. Nicodemus for Morrow. Cambria—Messrs. Anderson, Van Ormer, and Swank for Campbell. Somerset—Messrs. Edie, Yutzy, and Potter for Campbell—9 for Campbell and 3 for Morrow.

Dr. Madara, of Bedford, moved that the nomination be made unanimous, which was done with enthusiasm.

On motion a committee of three was appointed to wait upon Messrs. Campbell and Morrow, and invite them to the room. They returned in a short time with the gentlemen named, accompanied by many others, and the former, in a short speech, accepted the nomination, after which Mr. Morrow, in an earnest manner, accepted the results of the Conference and assured those present that the nominee should have his active support.

The Conference throughout was conducted with the best of feeling, and not an unkind expression was made use of during the proceedings.

For the kind treatment of the citizens of Altoona with whom the Conferees came in contact, as well as the fairness with which the proceedings were given to the public by the three live dailies of the blooming city, all who were connected with the Conference return their thanks.

EPHRATA HERALD: The Democracy of this place and vicinity had an old-fashioned hickory pole raising, a drink, and a general big time, on last Saturday.

An unusual effort was made to make this one of the biggest times ever witnessed by the party in this end of the county. Posters in large numbers were sent into the country —even in the States of Maryland and West Virginia—announcing a grand mass meeting by the Democracy of Somerset and Fayette counties, promising speakers of high distinction from abroad to be present to talk Democracy to the people. A gentleman who circulates freely among the people, remarked, a few days prior to the meeting: "If the Democrats will not be as numerous on Saturday as the 17 year locusts were in the spring it won't be for want of an effort." But, alas!

"The best laid schemes of mice and men
"Oft have gang aglee."

So it was with the Democracy. Less than 150 came to cheer the hearts of those who profess to lead the forlorn hope of a sinking cause. It was a failure in every sense of the word. T. B. Schnaderly, of Uniontown, opened the exercises by a speech, in which he said, in substance, that the Democratic party had put down the rebellion; gave the country a protective tariff and brought about specie resumption. He announced himself as in favor of a protective tariff and claimed that the Republican party opposed it.

A life long Democrat remarked to your correspondent that he (Schnaderly) should be drummed out of camp, to the rogue's march. W. H. Rappel, of Somerset, and Pease, of Salisbury, followed, each delivering a brief address. The former, who has many redeeming qualities, had but little to say, and the other, no doubt, did the best he could; but we forbear comment. A few flights between Democrats ended the exercises.
