Oysters are in market.

The costs in the Coffroth-Burket "rape" case are $1,083.39, and taxpayers don't you forget it.

The agricultural almanacs predict that we will have the first snow on the 29th of November.

The public schools commenced their winter term with quite a large attendance, Monday morning.

District Attorney Scott returned from Celina, Ohio, Saturday, where he had been on a visit to his brother.

Shooting deer is legal now. You will have to wait until the 15th to hunt the rabbit and wild turkey.

Wood peckers and blue jays are plenty. According to old prognostication, this predicts a long and severe winter.

Three monster Early Rose potatoes were left in our sanctum for exhibition, by Mason John Hoffman, one day last week.

Every time the "320" idiot stoops over to chalk the figures on the pavement, he has to tuck back his ears to keep from tramping on them.

We are indebted to our clever farmer friend Mr. Samuel Trent, for a bushel of most delicious eating apples left at our sanctum door last week.

A Republican meeting was held at Hillegass, Saturday afternoon. The speeches were made by Jno. L. Pugh, Esq., of Somerset, and Prof. N. B. Critchfield, of Berlin.

Don't allow the Democrats to gull you into giving them a "complementary" vote, on account of their braggadocia. For "thing" is their manner of carrying on this campaign.

The Republican meeting and pole raising at Jenner X Roads Saturday, promises to be one of the largest affairs of the kind ever held in the county. Every Republican who can should be present.

A Republican meeting was held at Jennerville, Friday afternoon and one at Sipesville, Friday evening; they were both quite largely attended and were addressed by H. S. Lindsley and L. C. Colborn, Esqrs.

The brilliancy of Jupiter, now seen in the east in the evening, will be greater this month than it has been for many years past. The large red spot on his disk which made its appearance in 1878, and which is a puzzle to astronomers, is still visible, and is an object of general observation.

The Republicans of Roxbury and vicinity had a red hot time Saturday night. They had an enthusiastic meeting, a torchlight procession and an Illumination. The meeting was addressed by Prof. N. B. Critchfield of Berlin and A. J. Colborn, Jas. L. Pugh and Ed. B. Scull, of Somerset.

The Republican meetings held throughout the county during the past week were all very largely attended, especially the ones held at Berlintown and Stoystown. The Jennerstown Brass Band was present at both of those meetings and enlivened the occasion by playing popular airs in their usual fine style.

The B. & O. R. R. Co. yesterday took some fifteen of its hands from this place to Baltimore, to participate in its big loosto today. The B. & O. Co. furnish them with free transportation and boarding, and allow their wages to run on during their absence. Most of the boys from this place are loners, hard-working fellows who rarely get away from home and they will enjoy the trip hugely.

Sunday and Monday, to use the slang language of the young men about town, were "the last days of the season." The atmosphere was balmy and pleasant, and although the sun shone brightly, his rays were tempered in a kindly way. This is certainly the most lovely and enjoyable season of the year, and we hope that duplicates of Sunday and Monday may be furnished for every day during the present month.

The Republican meeting held at Berlintown, Monday night, of last week, was an old time meeting. The Jennerstown band and about three hundred other persons were present. The meeting was a very enthusiastic one and was addressed by F. J. Koontz, Esq., of Somerset, and B. A. Fichtner, of Confluence. The stalwarts of old Shade don't only have good meetings but they do good voting, as will be shown on the 2nd of next month.

The *Democrat's* assertion that "the HERALD also bears testimony that General Coffroth did support the amendment"—meaning the amendment to give soldiers in the field the right of vote—is simply childish. Since our last issue we have seen Mr. Solomon Lenhart and he says, with Mr Noah Roberts, that he does not know that General Coffroth voted for the amendment. Now two of the *Democrat's* witnesses have testified against it, perhaps, if we would interview the made he would the same.

We take the following complimentary notice of our young and esteemed friend, S. T. Trent, from the Laporte, Ind., *Herald-Chronicle*, of the 7th inst.

Mr. S. T. Trent, of Somerset, Penn., delivered an eloquent address at the Opera house Monday night. Mr. Trent is a speaker of unusual ability for one so young as he. He is superior as an elocutionist, and possesses a marvelously fine voice."

Mr. Trent, who has been speaking once and twice every day for the past two weeks in the State of Indiana, will return home to day or to-morrow.

We have proved to the satisfaction of the readers of the HERALD, and to a good many of those who cling to the *Democrat*, that the following facts are true:

1. That the prosecution against the circus men was originated by General Coffroth.

2. That he was advised by able lawyers in Westmoreland county that the drag-net proceedings against the circus men were farcial and would only end in costs to his native county.

3. That the trial did terminate farcically and resulted in costs to Somerset county of "considerably over one thousand dollars."

In last weeks issue of the Somerset *Democrat* appears an article signed by Wm. and Michael Biganne, and purporting to have been written by one or both of them. It will be remembered that Michael Biganne was the man shot in the drunken riot that occured here some time ago. Now is it not a little strange that this letter should bear date of "Somerset, September 20th, 1880," when the register of the Glade House will show that the Bigannes left Somerset, bag and baggage, on the 27th day of September, two days before the letter purports to have been written. Among other things, they say: "We deny that we, or the other white man that was with us, yelled for Jeff Davis and Lee, but we are credibly informed that two as good men as Somerset has will make an affidavit, any day if called on, that a life long and leading Republican, did yell for Jeff Davis and Lee that evening. This statement will not tally with the facts. Mr. James McCabe, contractor, when giving his testimony before the Magistrate, while the case against the colored man now in jail was being heard, said in reply to a question: "I did hear one man in the party (meaning the Biganne party) cheer for General Lee and I think for General Jackson." Mr. McCabe is as staunch a Democrat as the county holds, and his sworn statement will most assuredly outweigh the mere allegations of a dozen men, who are interested. Furthermore, we are told that Mr. McCabe, who was on the street at the time and who did everything in his power to quiet the disturbance has repeatedly said: "It was a drunken row and not chargeable to politics at all." Now let us have the affidavit of the "two as good men as Somerset has" and give us a little light as to how the letters got dated two days late.

The Garfield and Arthur Club of Friedens' propose to have a big time on the evening of Saturday, 23rd. A torch light procession will be one of the features of the occasion. The Somerset Silver Cornet Band, and the Garfield and Arthur Club will participate. The public generally are cordially invited to be present. Able speakers will be present and address the meeting. The Republicans of this town should go out in force and assist the brethren of old "Cheatland" in their demonstration.

The State Supreme Court, sitting in Pittsburgh last Monday, rendered a decision in the Lancaster contempt case in favor of Messrs. Steinman and Hensel, who were disbarred by the Court of Quarter Sessions of Lancaster county, because, as editors, they undertook to criticise the conduct of the presiding judge in a case in which they were engaged as counsel. The Court holds that the courts have the right to strike from the roll of attorneys any person guilty of official misconduct, either in or out of court; but in the case of crime, such as libel, the courts cannot strike from the roll except upon trial and conviction, or a plea of guilty.

The Somerset *Democrat* of last week says: "Already a number of prominent Republicans have not only endorsed Mr. Barkett's action in words, but have subscribed money that his expenses to and from Greensburg might not be more burdensome than he could bear. Among the persons subscribing money in Somerset, were Elias Cunningham, Esq., Ed. B. Scull, George R. Scull, Wm. B. Fresse, H. F. Schell, John R. Scott and others."

The *Democrat* neglected, however, to state that some of the gentlemen were induced to subscribe their money by the misrepresentations of Gen. A. H. Coffroth.

ADVERTISED LETTERS.—In the post-office at Somerset, Pa. If not called for on or before Oct. 18th, will be sent to the Dead Letter office.

A. C. DAVIS, P. M.

Contractor Spiller has finished the grading of Pleasant street, and has a large force of hands at work breaking ballast along the entire length of the street. He will finish the grading on his entire contract during the present week.

The Mc'ahe Bros., have already finished theirs.

Track has been laid up to the mouth of Pleasant street, and track-laying will now be pushed along as rapidly as possible.

The foundation for the new depot is being laid. W. W. Davis has the contract for the building, which is to be of brick. He will place a large force of masons on it, and will finish it in the shortest possible time.

Now that school has commenced Postmaster Davis has been forced to put up the following notice:

"No mail delivered at this office to scholars on their way to and from school."

This is right, and should meet with the approval of all good citizens. The school children have been in the habit of congregating in and about the post-office to such mail issues in, always noisy, and always wanting to be in the front to get the mail, there often being two and three from one family to get the mail. This has been a great source of annoyance, not only to the postmaster, but to a majority of our citizens, and we are glad to see that Mr. Davis has put his foot down on it.

The gushing young man who so vigorously wields the scissors and paste brush in the sanctum of the *Democrat*, has set himself up as the champion of "injured innocence" and right royally does he defend his virgin protege, Miss Salome Barker. He lays his own character for truth and veracity as well as that of his paper in the scales and insists that it be weighed against that of the court, the jury and a number of sworn witnesses. Notwithstanding the fact that Dr. Brubaker swore that there was not the least sign that the girl had been badly treated or that any violence had been done her; that she was unable to identify a single one of the men who were charged with the alleged crime; that the Judge took the case from the jury, instructing them to return a verdict of "not guilty," without leaving the box, he virtuously insists that she was "most cruelly outraged," that these circumwere a lot of "lecherous, thieving rascals," and that if justice had been meted out to them they "would now be receiving their just deserts in the Western Penitentiary." If the editor of the *Democrat* could have been witnesses, Judge and jury, we suppose they would. In referring to an article in the HERALD of the week previous he says "His foolish efforts to make it appear that we attempted to prove the Sheriff of the county a rascal, is unworthy of our notice, &c." We will only quote his own words and then let it to any fair minded man to judge whether this attempt was made or not: "The Sheriff's bill, which this writer is so free to charge the county, is as follows: Boarding the prisoners, $214.10; arrest and traveling expenses, $108.75; clothing prisoners, $21.25; scrubbing, etc., $3.00; beds, etc., $9.25; watchman in jail, $58.75; total $395.10.

Who ever heard of the like? The traveling expenses from Greensburg to Somerset, for a party of fourteen to nineteen amounting to $108.75? The bill may be all right, we don't know, but we think the sum sufficiently large to furnish a palace car for the prisoners to ride in and keep them jolly drunk on champaign for a week. The items of scrubbing, beds, etc., watchman in jail, for which the county is charged $54.00, is simply ridiculous. The very idea is absurd, that because these men were under the charge of the Sheriff, charged with one of the most heinous crimes known to civilized society, that they should be treated as royal princes." Now, when you know that "Sheriff Kyle's character as a gentleman, a citizen and public officer was unassailable," why did you attempt to destroy it by publishing the above. It would have taken you but a moment to have calculated the costs, and you could have readily determined whether or not the sum charged was too high, or to use your own language, whether it was "sufficiently large to furnish a palace car for the prisoners to ride in and keep them jolly drunk on champaign wine for a week." Of course, if you were gauging their noddles by your own, the champaign item would have been very light.

Now, we do not propose to further discuss this question. We reiterate our statement of several weeks ago: Any citizen of the county, Republican or Democrat, can easily find out for himself by calling at the Prothonotary's, Sheriff's and Commissioner's offices, that our statement of the amount of costs is true and correct in every particular. The amount is $1,085.50.

That General Coffroth was mainly instrumental in causing this extraordinary expenditure we firmly believe, and think the people will hold him accountable therefor.

That District Attorney Scott and Sheriff Kyle did nothing more or less than their duty in this matter everybody knows, nor has the HERALD ever by word or thought intimated otherwise, and it is only in keeping with the character of the editor of the *Democrat* to insinuate the contrary as he did last week. The one excuse that we can offer for him is that he is young, very young, and that his uncle is a candidate for Congress.

REOPENING AND DEDICATION.—The Evangelical Church of Salisbury, Somerset County, Penna., will be reopened and dedicated on Sunday, October 24th, 1880. Let Israel gather at the sanctuary.

R. P. VANMETER.

If a bold, willful, malicious perversion of the truth will elect its uncle to Congress the *Democrat* is going to do its share toward accomplishing that not very desirable result. In its last week's issue it devotes almost a column in another laboned effort to make political capital out of the riot that occurred in our town some weeks since—as the HERALD a few days after the affair took place, gave a true account of the fracas, it is scarcely necessary to point out the "mistakes" the Democrat has made. Its mean and cowardly attempt to fasten the responsibility of the row upon white Republicans of this borough is silly as it is contemptible, and we are glad to see that it is so considered by all good citizens, regardless of party.

"While the meeting was going on the fighting began. Several Garfield colored men attacked a Hancock colored man, and were going to make him "shut up," or yell for Garfield. In defence of this colored Democrat a white man named Dickson interfered, and drew the wrath of the colored Republicans upon himself. The white man was arrested and lodged in jail, while the colored men were permitted to go free. This is a fact, notwithstanding the HERALD'S assertion to the contrary. We believe had the Berlin authorities arrested the colored men, too, that the bloody termination of the evening's fight would not have resulted. The colored men, maddened by whiskey, were urged on by some white Republicans, to "clean out every man that yelled for Hancock," and right willingly did they try to do it. They had the assurance of these same Republicans that they would stand by them, and see them through, which assertion can be verified by some of our best citizens."

The above, from the *Democrat* of last week, to put it mildly, is full of mistakes. There was but one man arrested and taken to the lockup that night, and that was the white man Dickson alluded to above—who by the way is a Republican—we are led to infer from the foregoing that he was arrested while the meeting was going on, but he was not arrested at that time. After the meeting was over, he went down into the bar-room of the Glade house and according to the statement of one of the barkeepers at that house he came in and without any provocation being received by him, kicked one of the colored men, and afterwards received a blow in the face himself. He made his exit at a back door and got into the kitchen of the Glade house frightening the woman in charge out of the kitchen, by his behavior. He then seized a smoothing iron off the stove and made his way back to the barroom and opening the door partly threw the iron among the crowd, for all of which the barkeeper called policeman Gilbert to arrest him. He further says that the colored men had done nothing, at the time for which they should have been arrested; if they had he would have demanded their arrest the same as he did of the other party. He considered them as being without any blame for the trouble made by Dickson. He says also that, when Dickson got into his difficulty there was no burnishing for either of the Presidential candidates on the part of the colored men whom he assailed. The facts given above are substantially the same as they were given at the hearing of Dickson's case before the Burgess.

"If this disturbance was not a result of political excitement, why did a prominent white Republican of the Borough interfere, and take a party, who was attempting to arrest a disturbing white Republican, that if he took that man to jail he would have to arrest the whole Garfield and Arthur Club? Don't that look as though politics had a great deal to do with it?"

That this is untrue we known of our own knowledge, we denounce it as a pure fabrication on the part of the editor *Democrat* and challenge him to the proof.

"That Michael Biganne was shot by a colored man the evidence of three witnesses prove."

This is also untrue as is shown by the notes taken by Squire Ogle, at the hearing before him, which the editor of the *Democrat* could have seen at any time.

He's very young and his uncle is a candidate for Congress.

There was a large and enthusiastic meeting of the sturdy Republican yeomanry of Conemaugh Township at Davidsville last Saturday, and the commodious hall connected with Koehler's Hotel was thronged to its full capacity with leading citizens of the district, while many were unable to gain admittance. An organization was effected by the selection of the following officers: President, Isaac Kaufman; Vice Presidents, Joseph Hoffman, H. C. Miltenberger, Levi Yoder; Secretaries, Elwood Swank, S. Kauffman.

Immediately after the list of officers was announced the President introduced John G. Ogle, Esq., of Somerset, who sang a stirring and patriotic campaign song, in the chorus of which his audience heartily joined. Prof. Norman Critchfield, of Berlin, was then invited to address the assemblage, and for over an hour he held the attention of all present by a masterly and scholarly speech, principally of a historical character, as relating to the political parties which have been prominent in the country from the earliest days of the Republic down to the present time. His remarks were listened to with the closest attention. John G. Ogle, Esq., of Somerset, next spoke, and discussed at considerable length the issues of the present campaign. This gentleman is a very effective talker, and was frequently interrupted by applause.

A. J. Colborn, Esq., also of Somerset, and one of the Republican candidates for Assembly in Somerset county, was next introduced, and delivered one of his characteristic speeches. As a political stump-orator this gentleman has few superiors, and the sincere, earnest manner in which he gave reasons for the faith which is in him made a deep impression on the minds of all present. Although his remarks were not concluded for nearly an hour, the audience would have been glad to have him continue for a much longer period.

Mr. Charles Elrich, of Shade Township, at present teaching school in East Conemaugh, followed with an address in German, which was well received, and just before the meeting was finally adjourned a vocal band of colored laborers from the line of the S. & C. Railroad, distant two miles from Davidsville, made their appearance in the hall and rendered in fine style several selections of plantation music. Everything passed off in a most harmonious manner, and the gentlemen who were instrumental in arranging for the gathering can congratulate themselves upon its success.—*Johnstown Tribune.*

HOW TO MAKE GOOD CIDER.—A correspondent says: I have kept cider for two years, so that when drawn at that time it was bright, sparkling, sweet and delicious. The process is very simple. All the early fruit should be made into vinegar. When the weather is sufficiently cool, say by the first or middle of October, make the cider of sound but mellow apples; put the cider in sweet liquor barrels, with a three-quarter inch tap hole in the head of the barrel, about an inch an a half from the chime, and in straight line from the bunghole. Then place the cider in a cool, dry cellar. After it is worked sufficiently, which will probably be in a week or less, draw it off carefully, so as not to disturb the sediment at the bottom, in perfectly clean barrels and place upon the skids as before. If the temperature of the cellar is sufficiently cool, it may not require drawing again in a month, or longer. Then repeat the process, and after a few days bung up the barrels. Then about the latter part of March draw again, when if properly managed before, there will be very little sediment. Fill the barrels full, bung up tight, and cider can be kept sweet and good for two years if thus treated. This I know to be the case, for I have kept it in that condition for that length of time. As fast as one barrel is drawn throw away the sediment, rinse the barrel till thoroughly clean, place upon the skids, fill, and so keep on.

They said: "She never told her love, but let concealment like a worm in the bud feed on her damask cheek;" but when they found it was not love, but the remains of a cold that was surely and sadly leading to consumption, they procured for her a bottle of Sines' Syrup of Tar, Wild Cherry and Horehound. It is needless to remark that she recovered. Sold by all druggists. 25 Cents per Bottle.

BRAVO CONFLUENCE.—EDITOR HERALD: Saturday last was a day long to be remembered in our quiet little mountain village. As previously announced by posters there was to be a grand Republican mass meeting and pole raising at 1 o'clock, p. m., long before that hour, however, the hardy yeomen from the surrounding country accompanied by their wives, uncles, aunts and cousins could be seen pouring in from all directions, some in wagons, others on horses and others on foot, so that at the appointed hour there was no less than 1,000 persons in town.

The pole raising was rather a tardy operation owing to the weight and length, it being 102 feet long and 22 inches in diameter at the base; but owing to the indomitable perseverence and strong arms of Republicans all obstacles were overcome and by 5 p. m. it was firmly planted in position. It carries a streamer 40 feet long with the inscription Garfield and Arthur in red and and blue letters, while immediately underneath floats the stars and stripes, 20 by 25 feet. I think we can boast of having the longest pole and the largest flag in Somerset County.

The meeting was called to order by Dr. B. A. Fichtner, who after a few appropriate remarks introduced Gen. Jacob M. Campbell, our candidate for Congress. Gen. Campbell delivered a masterly discourse and was listened to attentively by everyone present. Mr. Anderson, of Ohio, was next introduced and laid bare the issues of the day in a most eloquent manner. Owing to the late hour, darkness now setting in, we were deprived of having the speech of General W. H. Koontz, but we hope to have the General visit us again before the campaign closes.

About seven o'clock the Garfield and Arthur clubs of Somerset, Ursina and Confluence, fell into line and had a grand walk around, parading through all the principal streets. The several clubs presented a very fine appearance, but the Somerset club was the observed of all observers, their martial bearing, regularity in line, correct position of bodies, as well as the utmost silence which prevades their ranks, clearly showed that they had been subjected to the most rigid discipline. They marched like veterans. The Ursina club done remarkably well for the short time they have been organized, only having received their uniforms the day previous. Under their gentlemanly and efficient commander Major Bishop, they will no doubt, become second to none in the county.

During the torchlight parade the homes of most of our leading Republicans were beautifully illuminated; the most conspicuous being those of M. A. Ross, Leslie Brown, Drs. Tannahill, Pechtner, J. C. McNitt and others.

Altogether it was a gala day for Confluence and if every city, town and borough in our land will give the same majority for Garfield that we will, why Hancock will be buried so deep that there will be no earthly hope for his resurrection.

The Silver Cornet Band from Meyersdale added greatly to the days proceedings, favoring us with delightful music. We hope their visits will not be like the angels, few and far between. Before closing we would return thanks to the committee of ladies who so kindly assisted in providing flowers, evergreens &c., to decorate the speakers stand. The only pity is they are not voters. Would they not whoop it up for Garfield?

Oct. 4th, 1880. CITIZEN.

BERLIN, Oct. 8th, 1880.

EDITOR HERALD: It is well known that this is a Democratic town, but our Democracy has lately been assuming the wood type. On last Saturday night the Hancock club of this place met. On Sunday morning every Republican property in the town was placarded with Democratic inscriptions, in some instances to the injury of the properties. The building occupied by Mr. E. D. Cook had been freshly painted, and will require another coat of paint to cover up the disfiguring marks of the Democratic chivalry.

On Monday morning a notice was found posted on the same property, making threats of violence if the previous insults were not meekly born. The following is a copy of it:

"You Republicans Who Bond of
what you will Do with the men
Who Did the writing on Saturday
Night
Better GO Slow
OR you might WEEP tu Some
Night With more Light than you
would Like to See."

Then follow hieroglyphics which appear to be intended to mean "Torch."

We regret to report such conduct from our town, but they are "facts, and facts are stubborn things."

HOWE.

GRAND REPUBLICAN RALLY AND POLE RAISING.—The Republicans of Turkeyfoot township, called a meeting at Drakestown, October 9th, for the purpose of raising a pole and discussing the issues of the present campaign. A pole 117 feet high was raised immediately after dinner and by 2 o'c. all was in readiness for speech making. The meeting was organized by electing the usual officers after which Dr. Mountain, of Confluence, made a brief speech, when P. W. Beesecker, of Jenner, was called for, who then took the stand and made an able and eloquent speech. He discussed the issues in a masterly manner for a man of his age. Dr. B. A. Fichner, of Confluence, then took the stand and made some remarks in his usual terse manner. The Garfield and Arthur club, of Confluence, attended this meeting, and you may depend upon it that the Republicans in the south of the County are fully awake to the importance of the coming election.

CONFLUENCE, October 9, 1880.

A DASTARDLY OUTRAGE.—On Saturday evening, the 2nd, inst., while the Garfield and Arthur club of this place were having a torchlight procession, Mr. L. A. Morrison, who was carrying a transparency with the portrait of Gen. Garfield and appropriate mottoes thereon, went into the store of Mr. Leslie Brown for the purpose of relighting the same, when hurrying after the club to regain his place in the ranks, some cowardly scoundrel, hid in a dark alley, hurled a stone at him, striking the transparency and destroying it, but fortunately without any injury to the gentleman carrying it. The would be assassin was seen to jump over a fence and make his escape in the darkness. The Republicans, as well as the respectable portion of the Democrats are highly incensed over the affair and if this fiend in human form can be detected, Hancock will receive one vote less in November, except it be deposited through the bars of our county prison.

AN ASTONISHING FACT.—A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent.

"Quoth the Raven, never more!" But he had no reference to Sines' Syrup of Tar, Wild Cherry and Horehound, for it only needs one trial for people evermore to use it in cases of Coughs and Colds and all affections of the Bronchial Tubes. Sold by all reliable druggists at 25 and 50 Cents per Bottle.

We have kept the HERALD back until an early hour this (Wednesday) morning, in order to give its readers the latest election news from Ohio and Indiana.

Huntingdon county boasts as a young lady who has a luxurious growth of hair one half of which is jet black and the other half white as snow.

Sines' Syrup of Tar, Wild Cherry and Horehound stands at the head of all preparations of Tar Horehound, and it need only one trial to satisfy the most incredulous that it will do all that is claimed of it. Sold for Coughs and Colds at 25 and 50 Cents per Bottle.

We have a speedy and positive Cure for Catarrh, Diphtheria, Canker Mouth, and Roughness in SHILOH'S CATARRH REMEDY. A few doses relieve. Price 50 cents. For sale by Cook & Berkey. Agents.

For sale by Harnes W. Bottorf, Somerset, Pa.

It is not generally known that should young man's parents not happen to die on the day after the election he is liable to age on the day of the election and qualify to vote. This is one of the well grounded principal of common law that a man is twenty-one years of age at the beginning of the day preceding the twenty-first anniversary of his birth, and the courts of Pennsylvania (whose decisions are binding on us) have affirmed it in more than one instance.

A SURPRISE PARTY.—Do you know that there are diseases people in our community, we say strange people because they seem to prefer to suffer and pass their days miserably, unable to be Dyspeptic, and Liver Complaint, Indigestion, Constipation, and general debility, when SHILOH'S VITALIZER is guaranteed to cure them.

For sale by Geo. W. Bottorf, Somerset, Pa.

Bridge Notice.—Sealed proposals will be received at the Commissioners office until Tuesday, November 2, 1880, for the erection of two bridge abutments at Fairhope, also plans and specifications for a bridge across Coal's Creek, on the road leading from Somerset to Jennerville. Plans and specifications can be seen at the Commissioners office, Somerset, Pa.

Clerk.

FIVE HUNDRED CHRISTIAN PERSONS.—I take pleasure in stating that over five hundred persons have been cured of Rheumatism by Shiloh's Vitalizer. Out of the vast number of people who have used it in my practice, I do not remember of a case of Rheumatism that it failed to cure. Those who suffer from this terrible disease should not delay in getting Shiloh's Vitalizer. Sold by all druggists at 25 and 50 Cents per Bottle.
