The danger from infection in the in tang- DUBLIC SALE. es of houses in which diphther a and other OF VALUABLE REAL ESTATE. infections diseases have appened dearnot be too thoroughly guarded again #. A registent of Common Please of Somerset county, Paland to me directed, I will expose to sale by public outery, at Siperville, or denty lost several children by diphtheria soon after moving into a house he had purchased, notwithstanding that it had been thoroughly overhanked by a plumber of santitary repute. It turned out upon inquiry, however, that several persons had died of diphtheria in the house several years previously. This explained the recent deaths on the theory that the latent germs of the disease still remained on the premises. This shows that persons who change their residence cannot be too careful respecting the dence cannot be too careful respecting the past history of any tenement they propose to occupy. A house should not only be thoroughly cleansed, but furnigated before occupancy.

Ten per cent, of hand money to be paid down: one-third on delivery of deed; one-third in six months and one-third in a year with interest. Purchase money to be secured by judgment.

SOLOMON J. BAKER, Assignce of George Fritz.

Investigation has resulted in the information that a number of the poor houses of New York are filled with able-bodied tramps. This is no new thing. The majority of the poor houses and jails of Pennsylvania are inhabited by the same class of vagabonds, who have made it a system to find shelter in such institutions. The condition is one which grows out of this grows out of the grows in the grows interested on the grows interested on the grows out of this grows out of the grows out of this grows out of the grows in the grows interested and grows out of the grows out of the grows in the grows interest of George Fritz.

A UDITOR'S NOTICE.

Having been appointed the full grows administration of the grows administration of the grows and grows and grows of the grows and grows of the g grows out of this system of keeping paupers and criminals in idleness. There is a false notion that working criminals in a county jall is an insult, and an injury to the honest labor, encroaching on it in competition. This is a mistake, in that no labor which is made self-supporting is an injury to any industry. The error in the translations of the county is an injury to any industry. The recipient who, while undergoing punishment is a county in this State to take orders for Nursery Stock. Steady and desired Employment at GOOD in this State to take orders for Nursery Stock. Steady and desired Employment at GOOD is a mistake, in that no labor which is made self-supporting is an injury to any industry. Established 1820. (Also Stock at Wholesale, Feb. 23, 131 ishment, is not productive, and is a consumer at the expense of the community, is an injury to every class of labor, a burden which ought not to be imposed on any people. The condition in the New York jails is a suggestion well worthy of scrious consideration everywhere—Harrishurg Telestons the understanded offers his Valuable Farm Shade Twp., Somerset country, two miles ea Hooversynthe, and fourteen miles from Johnst formerly owned by Charles Rodgers. It countries the condition of the cond
