A fashionable seaside hotel advertises that it will entertain "adults only" this season.

"Well I should twitter," is the latest slang phrase. It is supposed to express gratification.

Spring fever, one of the most contagious diseases, has already made its appearance. Remedy, go to work.

Mr. Jacob Schell is having the foundation laid for a new dwelling house on the corner of South and East streets.

If Hon. W. J. Baer really desires a *non partisan* nomination he should apply to the Greenbackers, as they are just about dead enough to be *non partisan*.

Mr. Frank Granger has men at work digging a cellar and foundation for a new residence, which he intends to erect at once on his lot on Turkeyfoot street.

There is no mistake about it this time. The peach crop is doomed to be a failure, which, being the case, we will have to get along this summer without this lucious fruit.

A nomination on a *non partisan* basis is what Hon. W. J. Baer wants, and yet, strange as it may appear, he is asking for it at the hands of the regular Democratic convention.

The President Judgeship question is agitating the minds of many of our citizens, but just who the Republican candidates for the nomination will be is not yet definitely known.

Mrs. H. S. Ogle and Mr. James B. Gaither drove up from Johnstown Friday afternoon and returned Saturday morning. Mrs. Ogle was called here by the death of her sister, Mrs. Giddings.

How beautiful it is to see a blushing maiden of 35 skip across the floor before a room full of people, and ask mamma if she may walk with Mr. Freshman in the garden just a little while.

What kind of a *non partisan* Judicial nomination do W. J. Baer's friends ask for him on the ground that he "can poll more votes for that office than any other Democrat in the district?"

The boxes from the trees in front of the Court House and "Printing House Row" have all been removed and the trees neatly trimmed, all of which adds very greatly to the appearance thereof.

It is said that diphtheria never makes its appearance in the household where coffee is roasted. Acrimonious aroma produced by the roasting of coffee destroys the germs of this much dreaded disease.

Trout fishing is all the rage just now. We know two young men who were out two days and caught two fish, but they were beauties; one measured fourteen and the other twelve and three-quarter inches.

Mr. Albert Recke, formerly of Johnstown has taken possession of the Naugle House, property and on the 19th, will open out a first-class bakery, restaurant, &c., &c. See advertisement in an other column.

The first thunder storm of the season burst over this place at about seven o'clock Saturday evening, and far more than an hour the rain fell in torrents. For the initial storm it was quite a severe one.

Next Monday morning the summer schedule will go into effect on B. & O. R. R. It is positively asserted that passenger trains will on that day be placed on the S. & C. R. R., between Somerset and Johnstown.

Judging from present indications we are soon to be visited by Vennor's predicted snow storm. Sunday night there was a decided change in the atmosphere and to-day overcoats are worn with a considerable degree of comfort.

Chas. C. Fife, a commercial traveller, or "drummer," was arrested and fined $25 and costs, the whole amounting to $26.90, by Burgess Rutledge, of Johnstown, the other day for kissing Miss Jessie Orser, a young lady of that city.

A farmer in Kossouth county, Iowa, has a sheep with two mouths, the second one being under the right ear, and it opens and shuts with the other. What a valuable member of the Legislature this sheep would make if it could only talk.—*Ex.*

Prof. Jacob J. Miller, who has been teaching school in Johnstown for the past nine months is at present at home on a visit to his parents and friends. He will return to Johnstown next week for the purpose of opening a normal school in that city.

The *Scottdale Tribune* says: "Mr. Albert Sanner, editor of the *Keystone Courier*, will sever his connection with that paper next week, and will be employed on the reportorial staff of the Pittsburgh *Times*. The *Courier* looses and the *Times* gains by the change.

The streets and alleys of this borough are being cleaned and repaired, and it is hoped that the commendable work will be extended in all directions, as it not only enhances the general appearance of the town, but is also attended with good effect in many other ways.

We this week have the pleasure of laying before our readers the first official act of Mr. Auditor Snyder, in the shape of a carefully prepared statement of the financial affairs of the borough. The Auditor, we are pleased to say, has so far carried out the pledges made in his inaugural address to the letter. Our citizens may well feel proud of having so able and efficient an officer.

Farmers and Stockmen Interested.—Read advertisement in this issue of Wm. Steel's great sale of short horn cattle. There will be offered at this sale some of the largest and most valuable lots of cattle ever put up at public sale in Western Pennsylvania. Send for circular.

When a young girl has encouraged a young man to hang 'round her for two years, stuffing her with ice cream and caramels, and then turns around and tells him that she can never be more to him than a dear sister, he can for the first time see the freckles on her nose.

We wish our correspondents to mail their communications so they will reach us not later than Saturday evening. When they reach us on Monday we are put to considerable inconvenience to find room for them and frequently are compelled to hold them over. We hope our friends will bear this in mind.

The young man who hammers his thumb-nail this spring while putting down carpets, or who is violently caught under the chin by a clothes-line when he goes out in the yard after dusk, should remember that in the revised edition of the New Testament the words have been changed to "hades" and "condemnation."

The Pennsylvania Legislature has kindly remembered the school teacher of the Commonwealth by passing a bill making it obligatory upon school directors to allow the teachers their time while attending the annual county institute, and $2.50 a day for expenses. This will gladden the heart of many a teacher, and especially the dilitory classes.—*Ex.*

Bedford cigar makers are on a strike because their employers put a couple of girls to work in their factory. The strikers demanded an increase of wages or the removal of the girls, and their employers properly declined to comply to either of their requests. The time has gone by when employes can demand employers to run their business to suit their notions.

Mr. C. C. Orton, Somerset's popular tobacconist, has had a sort of elevated railroad built between his smoking room, wood-shed, coal-house, &c. The incline is not very great but when under a full head of steam his carriage will shoot from one building to the other with considerable velocity. The unique arrangment was designed by Mr. Orton and constructed by Mr. Josiah Saylor.

All Superintendents of Lutheran Sabbath Schools, in Somerset county, will please forward immediately to the address of the undersigned, the names of all the delegates who expect to be in attendance at the Convention to be held at Friedens, commencing on the evening of the 31st of May. By so doing you will greatly oblige,

J. J. WELCH,
Friedens, May 14, 1881. Pastor.

F. C. Sampsell, District Deputy Grand Master and representative of Somerset Lodge, No. 458, I. O. O. F., left on Saturday to attend the annual session of the Grand Lodge of Pennsylvania, which meets at Harrisburg, May 17th. He was accompanied by Past Grand, B. F. Snyder, representative of Ursina Lodge, No. 806. Mr. Sampsell will also visit Philadelphia for medical treatment before he returns.

Hon. W. J. Baer, who expects to get a *non partisan* nomination from the straight-out Democratic convention, which will meet here on the 24th, says in his letter of acceptance: "I will risk the matter of Republican votes and accept." The Republicans will have a word or two to say in this matter, and Mr. Baer will discover that it is all 'risk,'" for the sign is up. "No Democrat Need Apply."

Mrs. E. W. Giddings after a lingering illness, died at the residence of her brother-in law, Mr. Edmund Kiernan, at half-past eight o'clock Friday morning, and was buried in the cemetery at Jenner X Roads, Sunday morning. Mrs. Giddings was a most estimable lady and was greatly admired and beloved for her many excellent qualities and christian virtues. Her death is sincerely mourned by many sorrowing friends.

W. H. Koontz and J. G. Ogle, Esq's., are again in Washington, in hot pursuit of Collector Scull's scalp. We have not been informed as to whether the "General" took his "gun" with him or not, but as we have not heard it "crack" since his departure we conclude he did and are momentarily expecting to see the "machine come down" many "pegs." Just why F. J. Kooser, Esq., was left behind this time we are unable to say.

Commander Henry Picking, U. S. N., arrived in Somerset Saturday evening, where he will remain for a week or ten days. Mr. Picking is the eldest son of the late Wm. H. Picking. He left Somerset when quite a lad, having received an appointment to the Naval Academy, at Annapolis, from Hon. J. R. Edie, who at that time represented this district in Congress. He graduated from this institution shortly before the breaking out of the rebellion, and has gradually risen to the very honorable position which he now occupies.

An exchange publishes this common-sense paragraph: "Persons who regard other peoples rights as worthy of respect will not allow their fowls to run at large during the garden season. It is too much for human nature to bear when a thrifty gardener finds his carefully prepared beds of seeds scattered to the winds by the fowls of some careless and self-interested neighbor. We notice that the sort of people who let their chickens annoy others will not take a hint or even a broad request when ever so mildly given by the injured person. Nothing short of a dead fowl or two will convince them that the gardener really means business."

A telegram was received in Somerset Monday morning from Meyersdale, conveying the sad intelligence that Dr. Will Buechley, son of Jas. U. M. Buechley, had died Sunday night from a violent attack of diphtheria, contracted while attending a patient afflicted with this dread disease. Will was a genial, wholesouled fellow, and was deservedly popular wherever he was known. He had recently graduated at the University of Pennsylvania and gave promise of being a successful practitioner and an ornament to his chosen profession. His untimely demise is universally regretted by his many warm friends, among whom we are proud to be numbered.

As it has become customary in every city and town in every State in the Union to observe the 30th of May as Decoration Day in memory of the fallen heroes of the late civil war, it behooves the citizens of this town and vicinity to fall into line and make the necessary arrangements in order that the day may be properly observed here as well as elsewhere. Let our people make a move so that the necessary arrangements can be made in time. Let all unite in honoring the memory of the fallen heroes—

"Cover them over with beautiful flowers,
Deck them with garlands, those brothers of ours,
Lying so silent by night and by day,
Sleeping the years of their manhood away.
Years they had marked for the joys of the brave,
Years they must waste in the mouldering grave.
All the bright laurels they waited to bloom,
Fell from their hopes when they fell to the tomb.
Give them the meed they have won in the fight,
Give them the honors their future forecast;
Give them the chaplets they won in the strife,
Give them the laurels they lost with their life.
Cover them over—yes, cover them over—
Parent, husband, brother and lover!
Crown in your hearts those dead heroes of ours,
And cover them over with beautiful flowers."

What is wrong with the committee appointed to build a new fence around the cemetery on the hill? Last fall they went to work in a very earnest manner and placed a handsome iron fence around about two-thirds of the grounds, when, for some unknown reason, they stopped short and thus the matter has rested ever since. The great improvement that has already been made and the good and substantial manner in which the work has been done has been spoken of in the highest terms by everyone. Now that spring is fairly upon us the committee should go to work at once and complete as soon as possible their well begun task in order that the grounds may with safety be fitted up in a proper manner.

We desire to call the attention of the Borough authorities to the dangerous condition in which all the railroad crossing within the borough limits are in, especially the one at the east end of Main street. They have been extremely generous to the railroad company in granting them the right of way &c., and they should have no hesitancy in compelling them at once to repair all crossings in such a manner that they can be traveled over with comfort and safety. They should also see that their recently adopted ordinances in regard to the rate of speed at which trains are to be allowed to run within the borough limits and engines to be stopped on or near crossings should be rigidly enforced. One day of last week a gentleman from Meyersdale on leaving town was unable to cross the road on Main street, on account of an engine standing so near the crossing that he could not get his horse to go over and was compelled to turn and go over a mile out of his way before he could cross the road.

Mr. Samuel Kantner has handed us a very aged document, which may prove interesting to some of our readers, gathered from his grandfather's old papers. We copy it about as it appears on the faded surface of the original:

GERMAN BAPTISTS MEETING AT ASHLAND, OHIO.—First class excursion tickets will be issued to all persons desiring to attend the annual meeting of the German Baptist Church, at Ashland, Ohio, which convenes on Tuesday, June 7, 1881. Fare for the round tip from Somerset and Berlin $12, Meyersdale $11.50. All baggage will be checked through to Ashland, by J. H. Fritz, Passenger and Ticket agent of the Baltimore & Ohio Railroad, he has the tickets for sale and will give all necessary information, and will meet parties at the following places on the days named, each week until June 8th: Berlin, Tuesday evening and Wednesday morning at N. B. Critchfield's; Salisbury, Wednesday afternoon, from 2 to 4 at the Wagner House; Confluence, Wednesday evening from 7 to 10 at Ross' store; Rockwood, Thursday morning from 8 to 12 at the depot; Meyersdale, on Thursday afternoon from 1 to 5 at the Jones House; Somerset, on Saturdays and Mondays and on Tuesdays till noon, at his office in Cook & Becrits' block. Passengers leaving Somerset and Meyersdale at noon, on No. 1, will make direct connection at Cumberland on and after May 22d, and arrive at Ashland the next day. No change of depot by this route. The B. & O., will run a special car from Somerset and Meyersdale for a party of thirty. This is decidedly the best route to take by all those who intend going to the annual gathering of the German Baptist church. The scenery through West Virginia is grand, some portions of it is equal to that of the Rocky mountains.

YOUNG PROBABILITIES.—Mr. George H. Penrod, son of N. B. Penrod, of Stoystown, entered the Weather Bureau last week at Washington. His examination before entry was pronounced first-class by the officers who examined him. Mr. Penrod will undergo a six months course of instruction at Fort Myer, Virginia, in meteorology, telegraphy and military signaling, before entry upon the regular station duty required of the Signal Corps men.

For the information of those young men who may desire to enter the corps, it might be stated that the examination before enlitment is rigid, and directed to accurate spelling legible handwriting, proficiency in English Grammar, Arithmetic, History and Geography, especially of the United States, besides a physical examination by an army surgeon. After the course of study at Fort Myer is completed the men are set on station duty, where their work pertains to the observation record and the proper publication and report of the state of the weather for the benefit of commerce and agriculture and at all stations, whether on Pike's Peak, Mt. Washington, or in Alaska, the Polar regions, Philadelphia, New York, or in old Stoystown; the highest ideal of military character is at all times required, and opportunities for advancement, depending mainly on the good conduct and capacity of each individual are provided, while every facility for study and improvement is given consistent with the good of the service. The Government "teat" bleeds freely to this class of Government employees, but varies according to the length of service of each individual.

P. S. Should there be any defeated candidates in Somerset county contemplating suicide, I have no doubt General Hazen would provide for them in the Polar Colony soon to be located near Lady Franklin Bay, and mark them with red paint "To be called for." PICKET.

SPRINGTIME.

BY HARRY N. LANE.

'Tis springtime now; the voice of song
Is heard from mountain and glen;
And a thousand gems of beauty throng
The paths where her feet have been.

The sheen of her royal robe is set
With many a blossom bright;
Yet her glittering breast is often wet
With tear drops of the night.

The genial glow of the azure sky
Is sometimes clouded o'er;
But when the wrathful storm goes by
It shineth as before.

And brighter, perchance, the sunset hour,
Flooding the hill with gold;
And the fruitage of the vine-wreath'd bow'r,
Increased by a hundred fold.

'Tis springtime now with thee, my friend,
The morning is bright and fair;
And I know the path thou hast chosen
Is hallow'd by many a prayer.

You glance down the far-off way—
'Tis broidered with fragrant flowers,
And strains of music rich and gay
Float from enchanted bowers.

You journey on; but amid the flowers
The Lders too have grown:
And heard with the silvery gush of song
Is a wailing undertone.

O! life's cup hath dregs that are bitter,
Which sometimes thy lips must press;
And thy burdened soul will cry for rest
Amid its deep distress.

But do not think 'tis by the fire
The gold is freed from dross;
Jesus himself will be thy strength—
Look thou unto His cross.

And may you gather many sheaves,
As trophies of His love,
That as stars shall be your fadeless crown,
In the beautiful home above.

The soldiers and citizens of Confluence, Ursina and surrounding country are respectfully requested to assemble at the Jersey Cemetery, on the morning of the 30th day of May, at 10 a. m., to decorate the graves of the dead Union soldiers at that and some other points. Those coming from Ursina, Harnedsville and vicinity are requested to come mounted, and all soldiers are expected to wear a white ribbon on the left lapel of their coat. The ladies are also respectfully invited to be present. All are expected to bring flowers, especially the ladies. Able speakers will be present to deliver addresses. After the ceremonies are concluded at the Jersey Cemetery, the procession will pass through Ursina and from thence to Confluence, by way of cross roads. Come soldiers and citizens and do honor to your comrades and heroes.

CONFLUENCE, May 14.

CONFLUENCE ITEMS:—

The very warm weather and refreshing rain has done away with the lateness of the season and has put vegetation a little in advance of the usual season.

The prospects for an abundant fruit crop, except peaches, are very promising so far.

The contract for the building of a new school house has been let to Edward Deal, Esq., of Greenville township. The old school house with two lots was sold to David Spence, of this place, for $370.

The defacing of silver coin by pasting over it tin foil, and when rejected by any one, offering to bet that it is genuine is being practiced by one who wishes to be called what he is not, an honest man. Your correspondent "X" will have to come down a peg or two for saying that there was a man in Confluence too honest to receive a pension. DICK.
