Low prices are induced but to try some of the many mixture or syrups, made of cheap and ineffective ingredients, now offered, which, as they conents, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to disappoint the patient. Discusses of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these discusses may, while so trifled with, become deeply scated or incurable.
