EIGHTH ANNUAL EXHIBITION

—OF THE—

SOMERSET COUNTY

AGRICULTURAL SOCIETY,

—TO BE HELD—

OCTOBER 5TH, 6TH AND 7TH, 1881.

OFFICERS:

GEO. W. PILE, President; WM. S. MORGAN, Vice President; J. H. FRITZ, Secretary; J. H. UHL, Corresponding Secretary; WM. B. FREASE, Treasurer; C. C. MUSSELMAN, General Superintendent; OLIVER KNEPPER, Assistant Gen'l Superintendent.

RULES AND REGULATIONS.

The Fair Grounds will be open for reception of stock and all articles on Wednesday, the 5th day of October.

All articles and animals for exhibition must be entered on the first day of the Fair; and all articles entered for competition *must* be on the ground by 9 o'clock of the morning of the second day.

All exhibitors must become members of the Society; fee $2.00

Every rule laid down in the Premium List will be strictly adhered to, and no exception whatever made.

Competition is invited from all parts of the State, and in Agricultural Implements from all States.

A premium may be awarded to a meritorious article though not enumerated.

Premiums not called for within sixty days will be forfeited.

The party entering thorough-bred stock will be required to furnish the Committee with authentic pedigrees of the same.

The age of a horse will be computed from the first day of January of the year in which he was foaled.

All questions respecting the trial of speed will be governed by the rules of the National Trotting Association.

The gates will be opened at 8 o'clock a. m., of each day, and at that time each officer and employe is required to be at his post.

No disorderly conduct of any kind will be permitted; and any person found on the ground in a state of intoxication or acting in a disorderly manner, or using profane language will be immediately ejected from the grounds. A police force will be on the grounds sufficient to preserve order and see that all rules are observed and property cared for.

Hacks conveying passengers to the fair grounds will not be permitted to drive into the grounds with a load of passengers or to load passengers, the propriety of this rule will suggest itself to all hack drivers without any explanation on the part of the officers.

All horses entered for competition will be shown in the space inclosed by the track; and no person but the awarding committee on duty and the officers of the society will be allowed inside the arena whilst the examination is going on.

The judges on Animals will have to regard the symmetry, early maturity, size and general qualities characteristic of the breeds which they judge. They may make due allowance for age, feeding, and other circumstances, and the character and condition of the animals. They will not award premiums for bulls, cows, or heifers which shall appear to have been fattened for the butcher, except on sweep-stake; the object being to have superior animals for breeding.

No animal will be allowed to run at large upon the grounds. Every article or animal upon the grounds shall, during the Fair, be under the control of the society; while every possible precaution will be taken for the safe keeping of the same, the society will in no case be responsible for any loss or damage that may occur.

Judges will not award any animal or article a premium unless in their opinion it is "decidedly meritorious."

The animal or article receiving a majority of the votes shall be entitled to the premium.

Unsound animals shall not be awarded a premium.

If it be ascertained that any exhibitor has made, or caused to be made, any false statement in regard to any animal or article exhibited, or if any exhibitor shall attempt to interfere with the judges in the performance of their duties, by letter or otherwise, he shall be excluded from competition. Circulars will be considered interference.

Visitors are strictly prohibited from handling, injuring, removing or destroying articles on exhibition on the grounds.

Exhibitors of animals are required to place the numbers as registered in the registry book, and the name of the particular breed to which each animal belongs in a conspicuous place on their respective stalls. Blank cards will be furnished for the above purposes by the superintendents of the respective departments.

All exhibitors are required to make a list of articles, whether one or more, and number of department they belong to, before leaving home, sign their names at the bottom, and hand said lists to the clerks. Entries can be made at the Secretaries' office on Saturdays, Mondays and Tuesdays prior to the Fair. This will enable the clerk to get their names correctly on the books and prevent delay. Visitors are strictly prohibited from handling articles on exhibition. No person will be permitted to take articles away after they have been entered until after 4 o'clock p. m. of the third day, unless the weather proves to be bad and the exhibit is in danger of being spoiled or damaged, permission first being obtained from the Superintendent.

All persons entitled to a premium of fifty cents can have the "Farm Journal" for one year in lieu of the fifty cents if they desire it.

Hay and straw for stock will be furnished free of cost. Water on the ground for all purposes.

ADMISSION.

Tickets for membership will be furnished by the Treasurer, Wm. B. Frease, at his office in Somerset, Pa., and at the ticket office on the grounds. All persons desiring to become members should buy their tickets before the Fair commences.

No money will be received at the gates for any admission whatever.

No persons in carriage or on horse back will be permitted to enter the ground without showing their tickets.

ENTRIES.

Every animal must be entered for competition in the name of the owner or agent.

On the entry of each animal or articles, a card will be furnished the exhibitor, specifying the class, the number of the lot, and the number of the entry, which card must remain attached to such articles or animal during the exhibition.

No animal or article will be assigned a place on the grounds until the entry shall have been made as above.

Such statements and copies of pedigrees as are required to be examined by the Awarding Committees, must be in possession of the grooms when the animals are on exhibition.

No article or animal can be entered for more than one premium, except on sweep-stakes.

All persons desiring can attach their names to all articles or animals they have on exhibition.

Exhibitors will at all times give the necessary personal attention to whatever they may have on exhibition, and at the close of the Fair take charge of the same.

In no case will any entry be made by the secretary or clerks unless a ticket of membership accompanies the entry, properly indorsed by the treasurer.

No entry for the same article or animal will be in more than one department.

Exhibitors are particularly requested to see that their entry cards are right, and should be attached in a conspicuous place on the article or animal exhibited.

Parties will please be particular to have stock and articles entered in compliance with the offered premium list, as awards will be in accordance.

AWARDING COMMITTEES.

Members of awarding committee will report themselves to the superintendents, at their respective departments, at 9 o'clock, a. m., of the day fixed for awarding premiums on the classes on which they respectively judge. Where a vacancy occurs, the superintendent will fill it by appointment.

No person can act as judge in any class in which he may be an exhibitor or the agent of an exhibitor, or in any way interested in the result of the award.

Should any doubt arise as to the regularity of entry, or any other importantant matter which the committee feel incompetent to decide, they may at once report the same to the superintendent of the proper department for decision.

Each award must be written in a plain careful manner on the blank page opposite the entry.

The books must be returned by the superintendent of each department to the secretary, as soon as the awards in each are completed.

Great care must be exercised to preserve the awarding committees' books and the awards must be entered as above, in a plain legible manner, in the proper place, as the premiums will be paid on the authority of these entries only.

Awarding committees will be particular to observe the following rules: Blue Ribbons are designed for the first premiums; Red Ribbons for the second premiums.

The members of the various committees and superintendents of Departments are requested to meet at the Secretary's office on the grounds at 9 o'clock, a. m., on Thursday, October 6th, when the books of entries will be furnished to committees. All awards must be returned the third day by 3 p. m.

DESIGNATION OF OFFICERS.

The officers and superintendents of departments will be designated by ribbons as follows:

President and Vice President, white; secretary and corresponding secretary, blue; treasurer, yellow; superintendents of departments, green; superintendent of grounds, marshal and police, red ribbon.

The marshall will receive the stock on its entrance to its entrance to the ring, provide for the exhibition, have it properly placed for exhibition; see that all directions and wishes of the awarding committees during the examinations are complied with, and enforce all rules appertaining to the show of stock.

SUPERINTENDENTS OF DEPARTMENTS.

Each superintendent of a department will have the arrangement and and supervision of all articles or animals on exhibition in his department, and be responsible to the society for his management of the same.

He will afford the awarding committees every facility for examination, will affix the prices under direction of the committees, and when the awrrding committees are not on duty, will take charge of the books, and when awards are finished returns the books to the secretary.

Superintendents of stock departments must notify the exhibitors of stock, to be shown in the ring, in regard to the time of calling classes and lots.

The general superintendent will have charge of the grounds and see that the Fair Ground is in proper condition. He will see that the proper supplies of hay and straw for stock, and water for all purposes are on the grounds and convenient access. See that department superintendents, and all employees are at their post, and are attending to their duties properly.

And for all other articles of merit which have not been provided for in any of the other classes, the judges, with the consent of the board, will make honorable mention of the same.

CLASS B.

There is nothing more interesting to the present generation, than the dress our parents used to wear and the articles they used. It reminds us of "ye olden times," and brings up many tender memories of "Lang Syne." No department of our Fair will excite more interest than this one. The display should be large and varied. Realizing that the articles in this class are cherished memories, they will be in charge of trusty custodians, night and day, for their safety. As far as possible, give a short and plain written history of the article, written on card board, and attached to the article by a piece of ribbon.

Ayer's
Hair Vigor,
FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.
It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.
The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.
As a Dressing for Ladies' Hair The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
