A corps of engineers, in the employ of the Goulds syndicate, located at Rockwood, are surveying a route along the bank of the Cascadine river. It looks like a game of "bluff."

The feelings of a candidate who knows in advance that he cannot win must be extremely interesting company to himself while traversing the country trying to make votes. It is a sad sight to see such a man throwing stones into the fire.

A grand Democratic vote will give us a grand victory in this county. Judge Dickerson is the only Democrat in the county who works... What do our Somerset county Republicans say to this? Are they going to vote for Mr. Bary because he is a Somerset county man, when his party organs are already proclaiming that his election will be a "grand Democratic victory"?

We are requested to say that the ornamental trees for and about the cemetery, have been delivered on the grounds and are being planted. A NARROW ESCAPE.—On Monday last while Mr. James B. Saylor was hauling logs at Seibert's saw mill, near Berlin, he came near losing his life. He was engaged in raising a crossbeam of a beam saw when it struck him on the head knocking him down. The tree remained on his head till the hands from the mill came running to his rescue and relieved him from his dangerous position. Mr. S. received some severe bruises but is not seriously injured.

It is stated that President Arthur has insisted that the whole of the salary for the first year of Garfield's term shall be paid in full to Mrs. Garfield, there being a clear \$50,000 in addition to the sum raised by private subscriptions. Instead of doing this publicly with an ostentation of good feeling, the President has signified his wish quietly to Mrs. Garfield's most intimate friends and advisers, and nothing more will be said about the matter from the President's side at least.

The Iron Age, of St. Louis, Mo., says: "The Vulcan Steel Works are being run to their utmost capacity manufacturing steel for many years in the best condition. These works are doing a better business than ever before, and since the alterations and additions in the converting department, their output of ingots has been increased about 50 per cent. These works are now managed by John Fry, late Superintendent of the Cambria Iron Co's mill, and by whose superior wisdom as an iron man the 'Vulcan Steel Mill' at St. Louis, was altered to bring about the above result."

DESERVED PROMOTION.—Shake. It is with pleasure that we learn of the deserved promotion of our old friend, Dr. J. P. Penrod, to the position of Chief Engineer of the U. S. Signal Service. General Hazen, our "new probabilities," when promoted Chief Signal Officer, in place of General Fry, deceased, immediately recognized the distinguished services of our Somerset County boy and placed him in charge of the Metropolitan Division of his office. In a few months he filled his trust with such marked ability and satisfaction that now on establishing a new division in the office he has been made "Marine Agent" of the Washington and Annapolis, Md., and Washington, D. C., and in nature, will require him to visit all the principal resorts in the United States. He starts for Baltimore, Philadelphia, New York and Boston in a few days.

Mrs. Casper Leoshel, and her daughter, Mrs. Lloyd Byler, of Salisbury, last week visited friends and relatives in Baltimore, besides witnessing the grand "Oriole" pageant of which so much has been written. They were delighted at the sights, and were especially interested in the "Oriole" pageant of which so much has been written.

The S. and C. R. Co. are fast getting matters in their shape about their depot, at this place. The offices and waiting rooms are now finished and are comfortable, convenient and substantial. It is a fact that has been long in front of the depot lot on Park street.

A HUMBER LOVE.—It is easy enough to win a husband. Most any attractive little dumpling with a bright eye and cooing voice can gather in a noble husband, but it is pretty difficult to retain him. Noble husbands are thicker than hair on a dog, but the grand difficulty is to draw out their true loyalty and secure it at home.

If the wife only understands her business, she can introduce the soothing racket in her new home, and make it a paradise. The whole business. Most men like to be loved and soothed. There is something in the man's great, grand, rough, earnest nature that can be won quicker and easier with gentleness and a little coaxing. Noble husbands are thicker than hair on a dog, but the grand difficulty is to draw out their true loyalty and secure it at home.

We have seen a girl who understood her business to take a reformer road agent by the nose, so to speak, and lead him through life in such a way that he wouldn't know but he was the boss of the man. So perfect was the decision that when she asked him to bring in a quart of coal, or get up in his night shirt and kill a burglar that he knew was nothing but a bottled cow four blocks away, he always went, and he felt as though he were doing a noble deed. Noble husbands are thicker than hair on a dog, but the grand difficulty is to draw out their true loyalty and secure it at home.

A man need not think that because he gets up and looks for burglars in the night, and is otherwise obedient, that it is because he has no backbone.

It is simply because he is the husband of a woman whom he ought to be proud.

SOMERSET CONFERENCE.—The Somerset Lutheran Conference has again met at Rockwood. This time the theme of the conference was "The Church and the World." The conference was held at Rockwood, Pa., on the 11th and 12th inst.

On the first evening were greeted and entertained by Rev. John Tomlinson, for many years minister of this conference. His theme was, "I believed and therefore have I spoken; I was greatly afflicted."

A new feature introduced into our conference is the discussion of the "Angels Conference" article by article. This time Rev. H. B. Shoup read the article, after which the brethren dwelt entirely upon the features of Providence contained therein. This in connection with the subject that followed, "Prayer and Its Answers," became exceedingly interesting and edifying, because our conference, as a body, has been especially praying for and profiting by the late President.

Brother Poffinger's paper on the "Basis of Church Membership and How Forfeited," and Brother Snyder's on "The Relative Duties of Pastor and People," were exceedingly practical and interesting, and we were all benefited, because they went to the root of the matter and showed us the proper way to get ready to talk to us. Other subjects claimed our attention and were earnestly and heartily discussed.

Our church has had a very favorable report on the part of the public works department at the new town of Marketport, which is accepted and we will likely organize build there in the near future. Conference advised the Centerville charge to divide, and if this is effected, the new church will become a part of one of the charges of the conference.

We met, we discussed, we went home cheered and strengthened. We hope Lavantville was profited as much. The presence and assistance of Rev. Dr. Ziegler and Rev. Tomlinson added not a little to the pleasure of the occasion. We all returned home with our hearts full of thanks to the people for their hospitality.

We expect to meet in Meyersdale in May next. Our officers are Rev. R. Smith, President; Rev. J. W. Poffinger, Treasurer; and Rev. A. K. Felix, Secretary.
