

Was Gasman elected?

How do you like it, Republicans?

A MAJORITY OF 1475 WHITTLED DOWN TO 320, by treachery.

"REFORM within the party" means the election of a Democrat, does it?

The lion and the lamb shall lie down together, but the Wolfe and the Baer did.

It was an edifying sight to see office-holders, grown fat on Republican bread and butter, voting for Baer.

The joy of the non-partisan Democrats over Baer's success is unbounded. They are all against partisan judges, you know.

Don't you forget it, that there is a Republican majority in the county, against the combined forces of the Democrats and the kickers.

HALL and Koontz ought to put in the piece of insanity. By all odds it is the most fashionable plan now.

It would have warmed the cockles of every honest Republican's heart, to have witnessed the enthusiasm of the kickers in this town, over Baer's election.

OFFICIAL RETURNS have been received from every county in the State, and elect Baer, (Rep.) for State Treasurer, by a plurality over Noble (Dem.), of 7,002.

We really must have a recount of the vote in this borough. There are so many fellows swearing they voted for Cessa, that the officers must have made a miscout.

It took five roosters and its entire stock of advertising cuts, to proclaim the joy of the Bedford Gazette, over the grand Democratic victory secured by the election of Baer.

Who will now deny the generosity of Somerset Republicans. They have bestowed the best office in their gift upon a man who never once voted for Republican, and who never will.

WOLFE's vote in the State will be about 49,000. It is estimated that more than one fourth of this number came from the Democratic ranks, he himself admitting that about one fifth of it did.

WORKING against a candidate and then voting for him, with the hope of covering up tracks, is a dirty species of treachery, but it was practiced by professing Republicans at the late election.

Some time anterior to the election, Judge Hall prophesied on our streets that Mr. Baer would have at least five hundred majority in each of the counties of Bedford and Somerset.

A prophet of Baer!

The official vote for President Judge in this district is as follows:

Table with 2 columns: Name and Votes. Lists names like Adams, Baer, Noble, etc. with corresponding vote counts.

WOLFE's vote in this county is just 103 votes. These are the chronic bolters and kickers who for the past few years under the name of Green-backs, Reformers and Labor Reformers, have been trying to reform the Republican party by dividing it.

The Democrats of Wisconsin hoped to profit by a Prohibition side show, and steal the chestnuts from the fire this year. The Prohibitionists came near doing the cat's paw job very neatly, and for twenty-four hours the Democrats were confident that they had got a lease of the office for one term at least. But their cup of happiness was dashed to the ground just as they had it level with their lips, ready to drain it to the dregs. Wisconsin is still true to the Republican faith.

The Republicans elect their State ticket in New York—except Husted for Treasurer—by majorities ranging from 10,000 to 12,000. Decent Republicans of every shade of opinion cut Husted. We lose one member of Congress in the city—Mr. Astor—through the treachery of the "Half-breds." The Democrats have a small majority in the Legislature, procured in the same way. As, however, we have the Governor, and a United States Senator is not to be elected before 1884, this is utterly without political significance.

The Republicans of Pennsylvania again come out of a struggle with the Democracy, and with treachery and falsehood in their own ranks, with banners flying and lines unbroken. To fight an open foe, with traitors in your own camp attempting to destroy it, is dangerous work, but this we have just done and gained a notable victory. The attempt to "reform" the Republican army by putting Democrats in command has ended in the signal overthrow of the conspirators. Baer has been elected, and Noble has been beaten. The Republican party is its own "Boss," and will continue to control the destiny of the Keystone State. We congratulate our friends that in Pennsylvania common sense rules supreme.

THE ELECTION.

The result of the election in Pennsylvania is very close, Baer being elected State Treasurer by a plurality of 5,000. Wolfe's vote in the State will be near 50,000. The Democrats gain two President Judges, Baer in the Somerset and Bedford district, and Barnett in the Perry and Juniata district.—Johnstown Democrat.

We are sorry to learn that Hon. John Cessa was not elected Judge. He was defeated by only 13 votes, and those it is alleged are fraudulent. Unjustifiable Republican deflection defeated Mr. Cessa.—Cumberland News.

The defeat of Hon. John Cessa for Judge of the Somerset and Bedford Judicial district is greatly to be regretted by all friends of fair dealing. He deserved better treatment at the hands of Republicans, for he has done as much for the Republican party as any man in the State, and never faltered in his allegiance because his favorite was not nominated and his personal enemy was on the ticket. Beside, he is one of the best lawyers in the country, a presiding officer with few equals, and a pleasant, genial gentleman.—Johnstown Tribune.

All attempts to draw from President Arthur an expression of opinion touching the reported "scene" between him and Attorney General MacVeagh, as chronicled in a Washington paper, have been signal failures. The President, 61, and claims the election of State officers by majorities ranging from 2,000 on Parcell to over 20,000 on Maxwell for State Treasurer.

The Tribune estimates Carr's majority at 8,700. The Senate, it thinks, will stand 172 Democrats to 13 Republicans, and the Assembly 62 Democrats to 62 Republicans.

The Sun says: Neither party has elected its entire State ticket. So far as incomplete returns show, Carr, the Republican candidate for Secretary of State, runs ahead of his ticket in nearly every county, and is probably elected by about 1,400 majority over Purcell, Maxwell, Democrat, for Treasurer, defeated Husted Republicans, by an estimated majority of 10,000 to 15,000. The figures are insufficient on the rest of the State ticket to indicate the result. Each party claims the election of its ticket by 2,000. The official tally will be necessary to determine the result. The majority will probably be only a few hundred either way. The Democrats have carried the Legislature by 8 or 10 on joint ballot. The Senate will stand 17 Democrats to 15 Republicans. The Assembly will probably be composed of 68 Democrats and 60 Republicans. One or two doubtful districts have not been heard from, but they will not wipe out the majority even if conceded to the Republicans.

Brook's vote the Republicans elected the Mayor, Sheriff, Supervisor at Large, no Senator, no Assemblymen, ten Supervisors out of thirteen and five Aldermen.

Albert Daggett, Chairman of the Executive Committee of the Republican State Committee said to-day that the Republican ticket will probably be elected by a majority of 5,000. He said the Assembly would be Republican by about 68 to 60, while the Democrats would gain the Senate by one vote.

NEW ORLEANS, Nov. 7.—Tie-games from nineteen counties in the Mississippi show the Democrats carried them all except Madison county, where the fusion gains were about 400. Every indication points to the success of the Democratic State ticket by 15,000 to 20,000 majority.

NABEVE, Nov. 9.—It is estimated that King, Funnist, for Governor, carries the county by 680 majority. The regular Democratic compromise county ticket is elected by a small majority. Only about half the vote was polled. The boxes will not be opened until to-morrow.

Specials received by the Herald and Commercial indicate that the State has gone Democratic by 20,000 or 30,000 majority. Nothing has been received from counties north of the Mississippi river.

WISCONSIN. MILWAUKEE, Nov. 9.—One hundred and ninety-one towns and cities, including Milwaukee, and embracing two fifths of the State the interior Republican precincts to hear from, give a net Democratic gain of 8,298. The Republican vote on the basis of the last gubernatorial election from Wisconsin is 27,500. The Democratic State Central Committee claim a good show to carry the State and claim the State Treasurer. The Republican State Central Committee are positive of the election of the entire State ticket by 2,000 to 3,000. Private advices from prominent Republicans in the interior seem to assure the success of the Republican ticket. Returns come in slowly. The entire vote is not over 60 per cent. of the usual vote, and the flooded condition of a large portion of the central and northern part of the State is assigned as a reason. The Prohibitionists have drawn at least twelve or fifteen thousand from the Republican vote.

About one half the State heard from gives a net Democratic gain of about 8,500. The Republican majority to overcome on the basis of figures made on 28,000, so that the Democratic rate of gain would have to be more than double on the balance of the State to defeat the Republican ticket. To-night, the Republicans are very confident, and Secretary Payne of the Republican State Central committee, claims the election of Falk, for Treasurer.

Further returns insure the election of the Republican State ticket and the plurality is estimated at not less than 8,000.

General Arthur, like General Garfield began his career as a teacher in a public school.

THE ELECTIONS LAST WEEK.

The Result in the Several States.

GLORY ENOUGH.

Here We Are Again.

Nine States out of Twelve Carried by the Republicans.

Old Virginia Freed from Bourbon Rule.

NEW YORK.

NEW YORK, Nov. 9.—Secretary Vrooman, of the Republican State Central Committee, says: From the best estimate we can make the Republicans carried the State by at least 5,000. The Legislature will be very close. We estimate the Senate will be a tie, 16 Republicans and 16 Democrats, and assembly 68 Republicans and 60 Democrats.

The World's legislature table makes the State Senate—Democrats, 17; Republicans, 15; Assembly Democrats, 73; Republicans, 61.

The Tribune estimates Carr's majority at 8,700. The Senate, it thinks, will stand 172 Democrats to 13 Republicans, and the Assembly 62 Democrats to 62 Republicans.

NATIONAL THANKSGIVING.

WASHINGTON, Nov. 7.—The following proclamation was issued from the Department of State to-day:

It has been the pious custom of the year to look back upon the blessings brought to them in the changing course of the seasons, and to turn soliciting thanks to the All-giving Source from whom they flow. And although at this time, when the falling leaf admonishes us that the time of our sacred duty is at hand, our nation still lies in the shadow of a bereavement and our hearts still find in sorrowful expression toward the God before whom we lately bowed in grief and supplication, yet the countless benefits which have been showered down upon us during the past twelve months call for our fervent gratitude and prompt offering of thanks to the Lord in His infinite mercy who has so signally favored our country and our people. Peace without and prosperity within have been vouchsafed to us. No pestilence has visited our shores. The abundant harvests of food and clothing which have been left us in their wisdom are still our increasing heritage, and in parts of our vast domain some affliction has visited our brethren in their forest homes, yet even this calamity has been tempered and in a manner sanctified by the generous compassion for the afflicted which has been called forth throughout our land. For all these things it is meet that the voice of the nation should go up to God in devout homage.

Therefore, I, Chester A. Arthur, President of the United States, do hereby proclaim that all the people observe Thursday, the 24th day of November instant, as a day of national thanksgiving and prayer by ceasing, so far as may, from their secular labors and meeting in their several places of worship, there to join in praising God, and to give thanks to Him for His goodness which has been so manifest in our history and in our lives, and offering earnest prayers that His bounties may continue to us and to our children.

In witness whereof I have thereto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this 14th day of November, in the year of our Lord, 1881, and of the independence of the United States the 106th.

By the president: CHESTER A. ARTHUR.

Secretary of State. JAMES G. BLAINE.

HONORING THE AMERICAN FLAG.

LONDON, November 9.—The New Local Mayor to-day went in solemn procession to Guild Hall with the usual ancient display, which drew immense crowds of spectators, and marked a modern innovation on the programme of honoring the American people which was received with great enthusiasm. The Stars and stripes were carried in the procession, preceded by the drum and life band of the Fourth battalion of the city of London militia playing "The Star-Spangled Banner." A short interval came the band from the training—War Spirit, playing "Yankee Doodle." The American flag, as it came into view, was received with a general clapping of hands and cheers by the spectators. A great demonstration was made in the American Exchange, on the Strand, where 300 ladies, waved the American colors from the balconies. Among the decorations throughout the city the American flag was conspicuous.

Picked up Dead.

POTTSVILLE, November 10.—A terrible and fatal accident occurred at Eagle Hill shaft, Schuylkill county, yesterday morning, as the men were going to work. Seven miners were descending the shaft in the cage, when Thomas Cochlin, one of the number, suddenly wavered and fell. His body was thrown headlong from the cage into the west side of the shaft. In its fall it struck against one of the second-rung of the cage. The unfortunate man was then hurled to the other side of the shaft, down which he fell until he struck the bottom. He was picked up dead. It is supposed that he was suddenly seized with faintness, and becoming too weak to retain his position, he fell from the cage. It is also supposed that he had been suddenly rendered any of his companions to render assistance. The deceased was a married man, and lived at Five Points, thither his mangled remains were carried yesterday.

Too Much Sentence.

CHICAGO, November 10.—Philip E. Sullivan, alias Delaney, one of the youthful train robbers recently sentenced to seventy years imprisonment in the penitentiary for robbing a train on the Iron Mountain railroad, Arkansas, died Tuesday morning of nostalgia, or home-sickness. He was twenty-three years of age, and had served only a few days in prison. He appeared to be heart-broken, and all efforts to relieve him failed. He was a young man of engaging manners and appearance, and of more than ordinary intelligence. The realization of his crime and the hopelessness of any commutation of his long and dreary sentence crushed his spirit.

Terrific Explosion.

ACONA, Ind., Nov. 11.—A terrific explosion, which shook to the foundation of the town, occurred a little before midnight. It was caused by a still in Gall's distillery exploding. The building then took fire and about one hundred feet of the east end of the building was destroyed. One man, Billy Forer, of Vevay, Ind., sleeping in the building, is known to have been killed. Loss about \$40,000; fully insured.

Indicted for Murder.

DANVILLE, Ky., November 7.—Indictments for murder have been found against Wm. Tate, engineer, and I. T. McNana, conductor, for the killing of five men at McKinney, Ky., recklessly causing a collision. The men have skipped out and have not been heard of since the day of the killing. A reward will be offered by Governor Rankin, which may bring them to time.

New York Hero.

NEW YORK, Nov. 10.—At 2 o'clock to-day the workmen at the Grand Central station found the body of Mrs. Hill's baby, Arthur Chester Hill. It was crushed to death. This is the ninth and supposed to be the last body in the ruins. The search is confined, however.

THANKSGIVING DAY.

A PROCLAMATION BY THE GOVERNOR.

He is Spent Thursday, November 24th, as a Day for Restoring Gratitude for the Blessings of Peace and Plenty.

HARRISBURG, November 16.—The Governor issued the following to-day:

During a season of death and partial failure of the harvests, which in a less bountiful land would have brought famine and distress, and in a time of public trial and tribulations, which, under less happy institutions, might have led to dissension and strife, the people of the United States, and particularly of Pennsylvania, have been preserved in health and estate and peace. Now therefore I, Henry M. Hoyt, Governor of the Commonwealth of Pennsylvania, do ordain and set apart Thursday Nov. 24th, A. D. 1881, being the same day appointed by the President of the United States for observance of the religious services recognizing the beneficence and care of the Father of us all, and those household customs strengthening the bonds of families and common brotherhood in which the time-honored traditions of the Commonwealth have embodied the thanksgiving and prayers of a grateful people.

Given under my hand and the great seal of the State at Harrisburg, this tenth day of November, in the year of our Lord one thousand eight hundred and eighty one, and of the Commonwealth the one hundred and sixth.

HENRY M. HOYT, Governor.

By the Governor. M. S. QUAY, Secretary of the Commonwealth.

Washed Away by Flood.

ST. LOUIS, November 8.—A Quincy (Ill.) special says the waters are receding very slowly. All the open country lying between the north and west levees and south of Quincy is to be leveled as soon as work can be commenced, and the damaged levees are to be repaired. The following are believed to be accurate estimates of the damage done by the flood:

Entire losses in the Warsaw Drainage district, \$600,000; in the Indian Grove district, \$750,000; in the Sny Island district, \$1,000,000; on Quincy Bay and in the city, \$300,000; in and about Alexander, Mo., \$250,000; to the Keokuk and St. Louis Railroad, \$100,000; to all other railroads, \$100,000; on open lands north of Sny Levee and immediately south of this city, \$150,000, making a total of \$2,940,000. The full extent of the loss can only be gauged when the river has retired to bank.

Lynchers Routed.

CINCINNATI, Nov. 7.—A special dispatch to the Times and Star from Tiffin, Ohio, says: "At 1:30 this morning a mob of about 100 men, headed by a young man named Gibson, who killed Nat Gibson, a constable. Seven shots were fired by the two men, Gibson receiving two balls, one in the breast and one above the mouth. He died almost immediately. The difficulty originated in the execution of an attachment on the Gibson estate for the property of a brother-in-law of Sutton. Sutton escaped, and it is not known whether he is wounded or not, although the shooting took place in the Post Office in the presence of several witnesses."

A Train Falls Through a Bridge.

INDIANAPOLIS, Nov. 9.—A train on the Bedford, Springfield, Owensburg and Bloomfield Railroad fell through a bridge over the Wills River yesterday near Bloomfield. John Gardner, a brakeman, was fatally injured. There were few passengers on the train, but nearly all were slightly injured, none of them seriously.

LOUISVILLE, Ky., November 10.—A special despatch from Owensville, Mo., to the Courier-Journal says: "William R. Royce, who had been intimate with a young woman named Jennie Burdette, in Fleming county, for over two years, was overpowered by her, and found a young man named Jacob Rogers visiting her. At Rogers' suggestion, they walked out in friendly talk, and on their return, when about a hundred yards from the house, Rogers drew a pistol and fired three shots, the first took effect. Royce died last night."

300 Killed by a King.

LONDON, November 10.—Advices from Cape Coast Castle, dated October 16, state that information has been received there that the King of Ashantee has killed two hundred young girls for the purpose of using their blood for mixing mortar for the repair of the State buildings. The report of the massacre was received from a refugee who was to have been one of the victims. It receives some confirmation also in the fact that such wholesale massacres are known to be a custom with the King.

Fea! Ravages of a Typhoon.

PABO, Nov. 9.—The Foreign Missionary Seminary, has a telegram from Hong Kong, dated Tuesday, stating that a terrible typhoon had ravaged Western Tongkin. Two hundred churches, 24 parsonages and colleges, and 2000 houses were destroyed. Six thousand Christians are ruined and without resources. The losses are immense, and the distress terrible. The telegram begs for prompt help.

Threatened Famines on the Island of Antioch.

OTTAWA, Ont., Nov. 9.—Advices from the Island of Antioch all tend to confirm the rumored famine predicted not long since. The high winds and the absence of rain and hail destroyed the falling season, and now a great majority of the inhabitants have nothing but a few potatoes to subsist upon. Starvation now stares in the face those who remain.

Alleged Adulterations of Beer.

WASHINGTON, Nov. 9.—Attention having been called to the alleged adulterations of beer in the State of New York, Commissioner Hannan said to-day that he intends to cause a general examination to be made of the materials used in the manufacture of beer all over the country.
