Denth bath agonies its own. Life hath sorrows greater; Miseries which sin alone Is the chief creator.

We can bear them if we will; Faith will kindly belp us still; But the pains we cannot cure Love will help us to endure. Human hearts go down the way, Pausing but to borrow

Wisdom from their grief to-day, Comfort for their sorrow. Disappointment, trouble, care Faith has kindly helped them bear, But the griefs they could not cure, Love hath helped them to endure.

Be for worthines our prayer Of such sweet assurance; God be praised for faith to bear, Praised for love's endurance. God forbid that doubt of heart Ever should bid faith depart; Thus the ills which have no cure Love will help us to endure.
